SECTION 5: SPECIFICATIONS AND EVALUATION CRITERIA

SPECIFICATION

1. BACKGROUND

OR Tambo District Municipality invites suitably qualified and experienced service providers to submit quotations for the supply, installation, termination, labelling, testing, commissioning and handover of 78 structured network data points at its offices in Mthatha and its satellites offices.

The appointed service provider must provide all necessary materials, labour, tools, supervision, transport, installation accessories, testing equipment and documentation required to complete the project.

2. PROJECT PURPOSE AND OBJECTIVES

The purpose of the project is to provide 78 reliable, properly installed and tested wired network connections for authorised office equipment and users.
The objectives are to:

1. Install 78 Cat 6 structured-cabling data points at approved locations.
2. Connect each outlet to a designated telecommunications rack and patch-panel port.
3. Reuse suitable existing cable containment and install new containment where necessary.
4. Use existing network switches, subject to confirmation of available ports and capacity.
5. Test and label every installed link.
6. Deliver complete installation records and test reports.

The following OR Tambo District Municipality offices and satellite offices require the installation of a total of 78 network data points.

3. SCOPE OF WORK

The service provider shall undertake the following activities.

Site inspection and planning

- Conduct a site inspection before finalising the installation method and cable routes.
- Confirm the 78 outlet positions with the Municipality's ICT representative.
- Inspect existing trunking, conduits, cable trays, network cabinets, patch panels and switches.
- Verify cable distances, available rack space, patch-panel capacity and the number of usable switch ports.
- Identify any obstacles, access restrictions, penetrations or additional containment requirements.
- Submit a proposed outlet schedule, cable-route plan, work programme and bill-of-quantities confirmation for approval before installation.

Supply and installation of structured cabling

The service provider shall:

- Supply and install new Cat 6, 100-ohm, balanced twisted-pair copper cabling.
- Use solid-copper cable suitable for permanent building installation; copper-clad aluminium cable is prohibited.
- Install one dedicated home-run cable per data point between the outlet and the designated patch panel.
- Use existing cable containment where suitable and approved.
- Supply and install new trunking, conduit, supports, fittings and accessories where necessary.
- Protect cables against crushing, excessive bending, tension, moisture and other installation damage.
- Maintain appropriate separation from electrical services and comply with applicable installation standards.
- Ensure that no permanent link exceeds 90 metres and that the completed channel complies with the applicable structured-cabling limits.
- Make good any damage caused by the contractor during the installation.

All routes and outlet positions must be approved by the Municipality before installation.

Data outlets and terminations

Each of the 78 points must include:

- One Cat 6-compatible RJ45 outlet.
- One suitable faceplate and mounting arrangement.
- One dedicated cable run.
- Correct termination at the outlet and patch panel.
- A permanent identification label at both ends.
- Connection to the corresponding patch-panel port shown in the final outlet schedule.

REF: 9665 Request to appoint accredited service provider to commission, install, supply, test network & data cabling infrastructure for the municipality and satellite offices

The same T568A or T568B wiring scheme must be used consistently at both ends of each link.

Testing and commissioning
The contractor shall:

1. Test all 78 links for wire mapping, continuity, opens, shorts, crossed pairs and other relevant faults.
2. Certify each permanent link against applicable Cat 6 performance requirements using an appropriate calibrated cable certifier.
3. Provide a separate, identifiable test result for every data point.
4. Repair failed links and retest them without additional charge.
5. Confirm connectivity through the existing network switches where the Municipality provides the necessary access and available ports.
6. Submit a final schedule showing the outlet identifier, patch-panel identifier, test result and commissioning status for each link.

Handover documentation
The service provider shall provide:

- Final outlet and patch-panel schedules.
- Individual Cat 6 permanent-link test reports.
- As-built cable-route information, to the extent applicable.
- Product datasheets and manufacturer warranty information.
- Details of the installation workmanship warranty.
- A record of faults identified and rectified.
- A signed completion and commissioning report.
- Any outstanding items register, with agreed resolution dates.

Technical and Quality requirements

1. The installation shall comply with the applicable editions of the relevant ANSI/TIA-568 structured-cabling standards or equivalent ISO/IEC standards.
2. The contractor must use materials fit for purpose and compatible with the specified Cat 6 system. Materials must be new unless the Municipality has expressly approved reuse of a suitable existing component.
3. All workmanship must be neat, safe, accessible for maintenance and consistent with recognised structured-cabling practices.
4. The contractor must comply with applicable South African occupational health and safety requirements, municipal site rules, fire-stopping requirements and any applicable electrical-installation requirements.
5. Any required shutdown, ceiling access, drilling, penetration or work at height must be planned and approved in advance.

Acceptance and handover criteria

The project shall be considered complete only when:

- All 78 approved data outlets have been installed.
- All 78 cable runs are correctly terminated.
- All outlet and patch-panel labels match the final schedule.
- All 78 permanent links have passed the required Cat 6 certification tests.

REF: 9665 Request to appoint accredited service provider to commission, install, supply, test network & data cabling infrastructure for the municipality and satellite offices

- Failed links have been repaired and retested.
- Existing network connectivity has been checked where access and switch capacity permit.
- The final outlet schedule, test reports and handover documents have been submitted.
- Any outstanding defects have been resolved or formally recorded with an approved corrective action.
- The Municipality's authorised representative has signed the completion certificate.

PRICE	80
SPECIFIC GOALS	20
Total points for Price and SPECIFIC GOALS	**100**

1.5 Failure on the part of a tenderer to submit proof or documentation required in terms of this tender to claim points for specific goals with the tender, will be interpreted to mean that preference points for specific goals are not claimed.

1.6 The organ of state reserves the right to require of a tenderer, either before a tender is

adjudicated or at any time subsequently, to substantiate any claim in regard to preferences, in any manner required by the organ of state.

2. DEFINITIONS

(a) **"tender"** means a written offer in the form determined by an organ of state in response to an invitation to provide goods or services through price quotations, competitive tendering process or any other method envisaged in legislation;

(b) **"price"** means an amount of money tendered for goods or services, and includes all applicable taxes less all unconditional discounts;

(c) **"rand value"** means the total estimated value of a contract in Rand, calculated at the time of bid invitation, and includes all applicable taxes;

(d) **"tender for income-generating contracts"** means a written offer in the form determined by an organ of state in response to an invitation for the origination of income-generating contracts through any method envisaged in legislation that will result in a legal agreement between the organ of state and a third party that produces revenue for the organ of state, and includes, but is not limited to, leasing and disposal of assets and concession contracts, excluding direct sales and disposal of assets through public auctions; and

(e) **"the Act"** means the Preferential Procurement Policy Framework Act, 2000 (Act No. 5 of 2000).

3. FORMULAE FOR PROCUREMENT OF GOODS AND SERVICES

3.1. POINTS AWARDED FOR PRICE

3.1.1 THE 80/20 OR 90/10 PREFERENCE POINT SYSTEMS

A maximum of 80 or 90 points is allocated for price on the following basis:

80/20 **or** **90/10**

$$Ps = 80\left(1 - \frac{Pt - P\,min}{P\,min}\right) \text{ or } \quad Ps = 90\left(1 - \frac{Pt - P\,min}{P\,min}\right)$$

Where

Ps = Points scored for price of tender under consideration

Pt = Price of tender under consideration

Pmin = Price of lowest acceptable tender

3.2. FORMULAE FOR DISPOSAL OR LEASING OF STATE ASSETS AND INCOME GENERATING PROCUREMENT

3.2.1. POINTS AWARDED FOR PRICE

A maximum of 80 or 90 points is allocated for price on the following basis:

80/20 **or** **90/10**

$$Ps = 80\left(1 + \frac{Pt - P\,max}{P\,max}\right) \text{ or } \quad Ps = 90\left(1 + \frac{Pt - P\,max}{Pmax}\right)$$

Where

Ps = Points scored for price of tender under consideration

Pt = Price of tender under consideration

Pmax = Price of highest acceptable tender

4. POINTS AWARDED FOR SPECIFIC GOALS

4.1. In terms of Regulation 4(2); 5(2); 6(2) and 7(2) of the Preferential Procurement Regulations, preference points must be awarded for specific goals stated in the tender. For the purposes of this tender the tenderer will be allocated points based on the goals stated in table 1 below as may be supported by proof/ documentation stated in the conditions of this tender:

4.2. In cases where organs of state intend to use Regulation 3(2) of the Regulations, which states that, if it is unclear whether the 80/20 or 90/10 preference point system applies, an organ of state must, in the tender documents, stipulate in the case of—

(a) an invitation for tender for income-generating contracts, that either the 80/20 or 90/10 preference point system will apply and that the highest acceptable tender will be used to determine the applicable preference point system; or

(b) any other invitation for tender, that either the 80/20 or 90/10 preference point system will apply and that the lowest acceptable tender will be used to determine the applicable preference point system,

then the organ of state must indicate the points allocated for specific goals for both the 90/10 and 80/20 preference point system.

Table 1: Specific goals for the tender and points claimed are indicated per the table below.

(Note to organs of state: Where either the 90/10 or 80/20 preference point system is applicable, corresponding points must also be indicated as such.

***Note to tenderers: The tenderer must indicate how they claim points for each preference point system.*)**

CERTIFICATE OF INDEPENDENT BID DETERMINATION

1 This Municipal Bidding Document (MBD) must form part of all bids[1] invited.

2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).[2] Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.

3 Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:

a. take all reasonable steps to prevent such abuse;

b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and

c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.

4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.

5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

[1] Includes price quotations, advertised competitive bids, limited bids and proposals.

[2] Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

I, the undersigned, in submitting the accompanying bid:

_____

_____

(Quotation Number and Description)

in response to the invitation for bids made by:

O.R. Tambo District Municipality

do hereby make the following statements that I certify to be true and complete in every respect:

I certify, on behalf of:_____that:

(Name of Bidder)

1. I have read and I understand the contents of this Certificate;
2. I understand that the accompanying bid will be disqualified if this Certificate is found not to be true and complete in every respect;
3. I am authorized by the bidder to sign this Certificate, and to submit the accompanying bid, on behalf of the bidder;
4. Each person whose signature appears on the accompanying bid has been authorized by the bidder to determine the terms of, and to sign, the bid, on behalf of the bidder;
5. For the purposes of this Certificate and the accompanying bid, I understand that the word “competitor” shall include any individual or organization, other than the bidder, whether or not affiliated with the bidder, who:
   (a) has been requested to submit a bid in response to this bid invitation;
   (b) could potentially submit a bid in response to this invitation, based on their qualifications, abilities or experience; and
   (c) provides the same goods and services as the bidder and/or is in the same line of business as the bidder

6. The bidder has arrived at the accompanying bid independently from, and without consultation, communication, agreement or arrangement with any competitor. However, communication between partners in a joint venture or consortium[3] will not be construed as collusive bidding.

7. In particular, without limiting the generality of paragraphs 6 above, there has been no consultation, communication, agreement or arrangement with any competitor regarding:
   (a) prices;
   (b) geographical area where product or service will be rendered (market allocation)
   (c) methods, factors or formulas used to calculate prices;
   (d) the intention or decision to submit or not to submit, a bid;
   (e) the submission of a bid, which does not meet the specifications and conditions of this invitation; or
   (f) submitting a bid with the intention not to win the bid.

8. In addition, there have been no consultations, communications, agreements or arrangements with any competitor regarding the quality, quantity, specifications and conditions or delivery particulars of the products or services to which this bid invitation relates.

9. The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the bid.

[3] Joint venture or Consortium means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract.

10. I am aware that, in addition and without prejudice to any other remedy provided to combat any restrictive practices related to bids and contracts, bids that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties in terms of section 59 of the Competition Act No 89 of 1998 and or may be reported to the National Prosecuting Authority (NPA) for criminal investigation and or may be restricted from conducting business with the public sector for a period not exceeding ten (10) years in terms of the Prevention and Combating of Corrupt Activities Act No 12 of 2004 or any other applicable legislation.
