Book of Drawings issued separately

TENDERS ARE HEREBY INVITED FOR:**CONTRACT NO.: MIS 575 894:****Completion of Nyandeni Ward 28 Sanitation**

To ensure that your Tender is not exposed to invalidation, documents are to be completed in accordance with the conditions and Tender rules contained in the Tender documents. Supporting documents must be sealed and externally endorsed **CONTRACT NO.: MIS 575 894: COMPLETION OF NYANDENI WARD 28 SANITATION** and be submitted in the open tender box, Ground Floor, O. R. Tambo District Municipality, Nelson Mandela Drive, Myezo Park, Mthatha, Eastern Cape, not later than 12H00pm on the Friday 14 August 2026.

The lowest or any Bid will not necessarily be accepted, and the O. R. Tambo District Municipality reserves the right not to consider any tender not suitably endorsed or comprehensively completed as well as the right to accept a Tender in whole or part. Tenders will be adjudicated in accordance with the Supply Chain Management Policy of the O. R. Tambo District Municipality.

The following documents must be completed, signed (where applicable) and submitted as a complete set:

Document		Colour of pages
Number	Heading	
T1.1	Tender Notice and Invitation to Tender	White

T.1.1 TENDER NOTICE AND INVITATION TO TENDER

Tenders are hereby invited from suitably qualified and experienced contractors who are registered with CIDB for the Municipal Infrastructure Grant under the O. R. Tambo District Municipality.

Project Number	Name and Description	CIDB Grading	Briefing session
MIS 575 894	Completion of Nyandeni Ward 28 Sanitation	2CE/GB or Higher	Nyandeni Local Municipality – Ngqeleni Municipal Offices

A compulsory clarification meeting with representatives of the client will take place at **09H00** on 21 July 2026 at the Nyandeni Local Municipality – Ngqeleni, proceeding to site.

THE MUNICIPALITY WILL NOT REPEAT ANY MATTERS ALREADY COVERED IN THE COMPULSORY BRIEFING MEETING TO THE BIDDERS WHO ARRIVE

MORE THAN 10 MINUTES LATE TO THE MEETING, NOR WILL IT ALLOW SUCH BIDDERS TO COMPLETE THE ATTENDANCE REGISTER. ANY BID RECEIVED FROM A BIDDER WHO DID NOT ATTEND THE BRIEFING MEETING AND SIGN THE ATTENDANCE REGISTER WILL NOT BE CONSIDERED.

Bid documents should be downloaded on the e-Tender website (www.etenders.gov.za) alternatively on the O. R. Tambo website (www.ortambo.gov.za) at no cost.

Bids must be completed in black ink, enclosed in a sealed envelope and clearly marked with the “**Project number, project name and description**”, deposited in the Open Tender Box, Ground Floor, O. R. Tambo District Municipality Building, Nelson Mandela Drive, Myezo Park, Mthatha, Eastern Cape, not later than **12H00pm** on Friday 14 August 2026.

It must be expressly understood that the Municipality does not accept responsibility for ensuring that bid submissions sent by courier or post, or delivered in any other way, are deposited in the Tender Box. It is therefore preferable for the bidder to ensure that its bid submission is placed in the Tender Box by its own staff or representative(s).

Tender submissions will be opened in public at 12H00pm on Friday 14 August 2026. The Municipality reserves the right not to accept the lowest priced tender or any tender at all, or to accept the whole or part of any tender.

THE MUNICIPALITY WILL APPLY S91 OF THE SUPPLY CHAIN MANAGEMENT POLICY THAT RELATES TO THE OBJECTIVE CRITERIA ON THE EVALUATION AND AWARD OF THE BIDS.

RETURNABLE DOCUMENTS TO BE SUBMITTED WITH BID:

- Copy of business registration documents, as issued by CIPC.
- Certified copy of identity documents of directors/ shareholders/ partners / members, as the case may be.
- Original Valid Tax Clearance Certificate or a Confirmation of Tax Validity with the pin issued by SARS.

NB: CERTIFICATION OF DOCUMENTS MUST NOT BE MORE THAN SIX (6) MONTHS FROM DATE CERTIFIED BY COMMISSIONER OF OATHS.

THE BID WILL BE REJECTED IF THE BIDDER FAILS TO:

- Complete fully the bid document or to provide the information requested, or to sign the bid at the appropriate spaces provided or next to errors.
- Fill and properly sign the form of offer.
- Attach proof of registration with CSD.
- Proof of Registration with CIDB
- Attach audited annual financial statements of the bidding entity (for projects in excess of R10 million);
- Attach unaudited annual financial statements for close corporations and companies if the public interest score is

CONTRACT NO.: MIS 575 894

Completion of Nyandeni Ward 28 Sanitation

T1.1 Tender Notice and Invitation to Tender

below 350 in line with the companies act of 2008;

- Proof of latest municipal rates and taxes statement of the bidder indicating that rates and taxes are not in arrears for more than 3 months.
- Proof of latest municipal rates and taxes statement of each company director indicating that rates and taxes are not in arrears for more than 3 months.
- Proof of latest municipal water and sanitation charges statement of the bidder indicating that rates and taxes are not in arrears for more than 3 months for bidders who reside in the O. R. Tambo District Municipality area.
- Proof of latest municipal water and sanitation charges statement of each company director indicating that rates and taxes are not in arrears for more than 3 months for bidders who reside in the O. R. Tambo District Municipality area.
- Confirmation of address from a ward Councillor where the bidder and company directors operate and reside in a peri-urban area where no rates and taxes and service charges are not billed.
- A copy of a valid lease agreement where the bidder does not own the property they are operating from.
- Attach joint Venture Agreement or Consortium Agreement signed and initialled on each page (if applicable).
- **NOTE:** Joint Ventures and Consortiums will only be considered provided they submit consolidated company registration documents and **on award** will be required to submit a joint venture or consortium bank account and a joint venture or consortium SARS Tax PIN.

EVALUATION OF BIDS IN TERMS OF THE PREFERENTIAL PROCUREMENT POLICY FRAMEWORK REGULATIONS, 2022:

Bids will be evaluated in three stages, namely:

- Stage 1- Mandatory Requirements
- Stage 2: Minimum conditions of tender
- Stage 3- Price and Specific Goals

Item	Weight
Stage 2 of Evaluation-Functionality	100
• Company Experience with respect to similar projects	60
• Qualifications and Experience of key staff assigned to the contract	40
Stage 3 of Evaluation- Price & Preference	100
• Specific Goal Points	20
• Price	80

Tenders may only be submitted on tender documentation issued. No alterations may be made to the tender documentation. No late, faxed, e-mailed, telephonic or other electronically transmitted submissions will be accepted.

CONDITIONS OF THE TENDER WITH REGARDS TO SUB-CONTRACTING

ITS IS THE CONDITION OF THIS TENDER THAT SUCCESSFUL TENDERER MUST SUBCONTRACT A MINIMUM OF 10% OF THE VALUE OF THE CONTRACT TO THE DESIGNATED GROUPS AS INDICATED IN THE TENDER DOCUMENT

Should a bidder commit any corrupt or fraudulent act during the bidding process, its tender shall be disqualified. The Municipality reserves the right to extend the tender advert period at its own discretion, by notice published in the Daily Dispatch Newspaper; the e-Tender Publication Portal, and by notice sent to all parties who attended the briefing session.

ENQUIRIES

Technical enquiries: Mr. N. Noto, telephone number 047 501 6425 or email: nkosiyabon@ortambodm.gov.za.

Supply Chain Management: Mr. S. Hopa, telephone number 047 501 6449 or email: sakhiwoh@ortambodm.org.za during office hours:

Enquiries can be made from Monday to Friday between 08H00-13H00 and 13H30-16H30 and such enquiries will not be entertained five days before the tender closes.

Tenders will be evaluated in terms of the Supply Chain Management policy of the O. R. Tambo District Municipality. The Municipality reserves the right to accept the whole or part of any tender or not to consider any tender not suitably endorsed. Joint Ventures and Consortia will only be considered provided they submit consolidated company registration documents, bank account, SARS Tax pin, CSD is prepared for every separate tender. An 80/20-point system shall apply where 80 points is allocated for price and 20 points allocated for specific goals as follows:

The specific goals allocated points in terms of this tender	Number of points Allocated on 80/20 system
51% Black-owned enterprises	05
100% Women-owned enterprises	05
100% Youth-owned enterprises	05
Where the enterprise head office or primary place of business is located within O.R. Tambo District.	05

Tenderers must submit copies of all supporting documents necessary to prove conformance with Specific Goal criteria listed above in order to be eligible for Specific Goal points.

Mr B. Mase
Municipal Manager

T1.2 TENDER DATA

The Standard Conditions of Tender are those contained in the Construction Industry Development Board (CIDB) *Standard for Uniformity in Engineering and Construction Works Contracts (August 2019)* as published in Board Notice 423 of 2019, in Government Gazette No. 42622, on 08 August 2019. (Refer to www.cidb.org.za and/or www.gpwonline.co.za).

The Standard Conditions of Tender Procurement make several references to the Tender Data for details that apply specifically to the Tender. The Tender Data shall have precedence in the interpretation of any ambiguity or inconsistency between it and the standard conditions of Tender. Each item of data given below is cross- referenced to the clause in the Standard Conditions of Tender to which it mainly applies.

Please note that the word “Client” is used in this document and referred to as “Employer” in the Standard Conditions of Tender document.

Clause Number	
F.1	General
F.1.1	The Client is: O. R. Tambo District Municipality Private Bag X6043 Mthatha, 5099
F.1.2	The Tender documents issued by the Client comprise: Tender T1.1 Tender Notice and invitation to tender T1.2 Tender Data T2.1 List of Returnable Documents T2.2 Returnable Documents for tender evaluation purposes T2.3 Returnable Documents to be incorporated into the contract
	Contract Part 1 : Agreements and Contract data C1.1 Forms of Offer and Acceptance C1.2 Contract Data C1.3 Occupational health and safety specification C1.4 O. R. Tambo District Municipality’s Health and Safety Specification Part 2 : Pricing Data C2.1 Pricing Instructions C2.2 Bill of Quantities Part 3 : Scope of Works C3.1 Description of the Works C3.2 Engineering C3.3 Procurement C3.4 Construction C3.5 Management C3.6 Annexures (Specification) Part 4: Site Information C4 Site information Part 5: Additional Relevant Documents Tender Drawings: Book of Drawing issued Separately

F1.3	Interpretation The tender data and additional requirements contained in the tender schedules that are included in the returnable documents are deemed to be part of these tender conditions.
F.1.4	Communication: Communication with all stakeholders shall be through the O. R. Tambo Municipality's Engineering Services Manager. Communications shall be in the English language. The Employer shall not take any responsibility for non-receipt of communications from or by a tenderer.
	The Employer is O. R. Tambo District Municipality Private Bag x6043 Mthatha, 5099 Tel: (047) 501 6425 Email: nkosiyabon@ortambodm.gov.za Contact person: Mr. N. Noto
F.1.5	The employer's right to accept or reject any tender offer
F.1.5.1	Reject or accept The employer may accept or reject any variation, deviation, tender offer, or alternative tender offer, and may cancel the tender process and reject all tender offers at any time before the formation of a contract. The employer shall not accept or incur any liability to a tenderer for such a cancellation and rejection but will give written reasons for such action upon written request to do so.
F.1.6	Procurement procedures
F.1.6.1	A contract will, subject to F.3.13, be concluded with the tenderer who in terms of F.3.11 is the highest ranked or the tenderer scoring the highest number of tender evaluation points, as relevant, based on the tender submissions that are received at the closing time for tenders.
F.2	Tenderer's obligations
F.2.1.1	Eligibility Only those tenders who are registered with CIDB and have in their employ management and supervisory staff satisfying the requirement of the scope of work for labour intensive competencies for supervisory and management staff are eligible to submit tenders.
F.2.1.2	CIDB Grading The required CIDB grading for this project is 2CE/GB or higher.
F.2.2	Cost of tendering Accept that the Employer will not compensate the tenderers for any costs incurred in the preparation and submission of a tender offer, including the costs of any testing necessary to demonstrate that aspects of the offer satisfy requirements.
F.2.3	Check documents Check the tender documents on receipt for completeness and notify the employer of any discrepancy or omission.
F.2.4	Confidentiality and copyright Treat as confidential all matters arising in connection with the tender. Use and copy the documents issued by the employer only for the purpose of preparing and submitting a tender offer in response to the invitation.
F.2.5	Reference documents Obtain, as necessary for submitting a tender offer, copies of the latest versions of standards, specifications, conditions of contract and other publications, which are not attached but which are incorporated into the tender documents by reference.

F2.6	Acknowledge Addenda Acknowledge receipt of addenda to the tender documents, which the employer may issue, and if necessary, apply for an extension of the closing time stated in the tender data, in order to take the addenda into account.	
F.2.7	The arrangements for a compulsory clarification meeting are:	
	Date: Monday 21 July 2026 Starting time: 09H00	Location: Nyandeni Local Municipality, Ngqeleni Municipal Offices, then proceed to site
F.2.8	Seek clarification Request clarification of the tender documents, if necessary, by notifying the employer at least five working days before the closing time stated in the tender data.	
F2.10	Pricing the tender	
F.2.10.1	Include in the rates, prices, and the tendered total of the prices (if any) all duties, taxes (except Value Added Tax (VAT), and other levies payable by the successful tenderer, such duties, taxes and levies being those applicable 14 days before the closing time stated in the tender data.	
F.2.10.2	Show VAT payable by the employer separately as an addition to the tendered total of the prices.	
F.2.10.3	Provide rates and prices that are fixed for the duration of the Contract, and not subject to adjustment except as provided for in the conditions of contract identified in the Contract data.	
F.2.10.4	State the rates and prices in South African Rand.	
F2.11	Alterations to documents Not make any alterations or additions to the tender documents, except to comply with instructions issued by the employer, or necessary to correct errors made by the tenderer. All signatories to the tender offer shall initial all such alterations. Erasures and the use of masking fluid are prohibited.	
F.2.12	Alternative tender offers <i>Delete the contents of Clause F.2.12 and replace with the following:</i> "No alternative offers will be accepted. This includes offering fixed rates in lieu of Contract Price Adjustment and/or changes to the 'as-scheduled' allowance for Contingencies and escalation."	
F.2.13.5	The Client's address for delivery of Tender offers and identification details to be shown on each Tender offer package are:	
	Location of Tender box: Tender Box, Ground Floor, O. R. Tambo District Municipality Building, Nelson Mandela Drive, Myezo Park, Mthatha, Eastern Cape.	
	Physical address: O. R. Tambo House, Nelson Mandela Drive, Mthatha	
F.2.14	Information and data to be completed in all respects Accept that tender offers, which do not provide all the data or information requested completely and, in the form, required, may be regarded by the employer as non-responsive.	
F.2.15	Closing time The closing times for submission of Tenders are 12H00pm Friday 14 August 2026.	
F.2.15	Telephonic, telegraphic, telex, facsimile or e-mailed Bid offers will not be accepted.	
F.2.16	Tender offer validity The Tender offer validity period is 90 Days as stated in the tender data.	
F.2.17	Clarification of tender offer after submission The tenderer shall provide clarification of a tender offer in response to a request to do so from the employer during the evaluation of tender offers. This may include providing a breakdown of rates or prices and correction of arithmetical errors by the adjustment of certain rates or item prices (or both). No change in the competitive position of tenderers or substance of the tender offer is sought, offered, or permitted.	

F.2.18	Provide other material The tenderer shall, when requested by the Employer to do so, Provide, on request by the employer, any other material that has a bearing on the tender offer, the tenderer's commercial position (including notarized joint venture agreements), preferencing arrangements, or samples of materials, considered necessary by the employer for the purpose of a full and fair risk assessment. Should the tenderer not provide the material, or a satisfactory reason as to why it cannot be provided, by the time for submission stated in the employer's request, the employer may regard the tender offer as non-responsive.
F2.20	Submit securities, bonds, policies Submit to the employer before formation of the contract, certificates of insurance required in terms of the conditions of contract identified in the contract data.
F.2.23	The tenderer is required to submit with his tender: (1) a valid Tax Verification Pin issued by the South African Revenue Services; and (2) Certified copy of the original of all the Companies / CC Registration documents. (3) Joint Venture Agreement where applicable in CIDB format (signed and initialed on each page). (4) Proof of registration with CIDB (5) Certified copies of the original green bar-coded ID copies of Members of the companies.
F.3	The employer's undertakings
F.3.1	Respond to requests from the tenderer
F.3.1.1	Respond to a request for clarification received up to five working days before the tender closing time stated in the Tender Data and notify all tenderers who drew procurement documents.
F.3.2	Issue Addenda If necessary, issue addenda that may amend or amplify the tender documents to each tenderer during the period from the date that tender documents are available until seven days before the tender closing time stated in the Tender Data. If, as a result a tenderer applies for an extension to the closing time stated in the Tender Data, the Employer may grant such extension and, shall then notify all tenderers who drew documents.
F.3.4	Opening of tender submissions
F.3.4.1	The employer shall open valid tender submissions in the presence of tenderers' agents who choose to attend at the time and place stated in the tender data. Tender submissions for which acceptable reasons for withdrawal have been submitted will not be opened.
F.3.4.2	Announce at the meeting held immediately after the opening of tender submissions, at a venue indicated in the tender data, the name of each tenderer whose tender offer is opened and, where applicable, the total of his prices, preferences claimed and time for completion for the main tender Offer only.
F.3.4.3	The Client shall not be obliged to make available the record outlined in F.3.4.2 to any tenderer who fail to attend the tender opening.
F.3.6	Non-disclosure The client shall not disclose to tenderers, or to any other person not officially concerned with such processes, information relating to the evaluation and comparison of tender offers, the final evaluation price and recommendations for the award of a contract, until after the award of the Contract to the successful tenderer.
F.3.7	Grounds for rejection and disqualification Determine whether there has been any effort by a tenderer to influence the processing of tender offers and instantly disqualify a tenderer (and his tender offer) if it is established that he engaged in corrupt or fraudulent practices.
F3.9	Arithmetical errors, omissions and discrepancies
F.3.9.1	Check responsive tenders for discrepancies between amounts in words and amounts in figures. Where there is a discrepancy between the amounts in figures and the amount in words, the amount in words shall govern.

F.3.9.2	Check the highest ranked tender or tenderer with the highest number of tender evaluation points after the evaluation of tender offers in accordance with F.3.11 for: a) the gross misplacement of the decimal point in any unit rate. b) omissions made in completing the pricing schedule or bills of quantities; or c) arithmetic errors in: i) line item totals resulting from the product of a unit rate and a quantity in bills of quantities or schedules of prices; or ii) The summation of the prices.
F.3.9.3	Notify the tenderer of all errors or omissions that are identified in the tender offer and invite the tenderer to either confirm the tender offer as tendered or accept the corrected total of prices.
F.3.9.4	Where the tenderer elects to confirm the tender offer as tendered, correct the errors as follows: a) If bills of quantities or pricing schedules apply and there is an error in the line item total resulting from the product of the unit rate and the quantity, the line item total shall govern and the rate shall be corrected. Where there is an obviously gross misplacement of the decimal point in the unit rate, the line item total as quoted shall govern, and the unit rate shall be corrected. b) Where there is an error in the total of the prices either as a result of other corrections, required by this checking process, or in the tenderer's addition of prices, the total of the prices shall govern, and the tenderer will be asked to revise selected item prices (and their rates if bills of quantities apply) to achieve the tendered total of the prices.
F.3.10	Clarification of a tender offer Obtain clarification from a tenderer on any matter that could give rise to ambiguity in a contract arising from the tender offer.
F3.11	Evaluation of tender offers <i>Replace the contents of the entire sub-clause with the following:</i> The procedure for evaluation of responsive tender offers will be Method 2 of table F.1 of SANS 294: 2004. Financial offer & Preferences. The bid will be awarded to the bidder who has scored the highest points for price and preferences combined BUT the prerequisite will be to obtain at least 70 points for quality (functionality), which will be explained in Stage 1 below. Nevertheless, O. R. Tambo District Municipality retains the right to accept any bid. B. First stage in evaluation: Compliance with Bid Rules and other Requirements The bids will be checked to ensure that they comply with the bid rules and all other requirements of the project document. In particular, the following documentation must be completed and/or included within the bid. • The form of Offer and Acceptance • Audited financial statements for any tender price over R10million • Certified company registration documents and ID of members • Form C: Compulsory Enterprise Questionnaire • Form D: Certificate of Authority for Signature • Form E: Amendments, Qualifications and Alternatives • Form H: Certificate of Good Standing • Form I: Relevant experience • Form J: Details of key staff and CVs • Form M: Preference Points Claim Form in Terms of the Preferential Procurement Regulations2017 Note: • All information supporting the above forms such as Curricula Vitae of staff who will work on the project and their functions, details of ownership, relevant experience etc. • Addenda issued during the bid period, if any. • The pricing schedule Failure to supply the required information will compromise the bid. Next Stage in Evaluation: Quality / Functionality; Price & Preference (Specific Goals). The next

state in the evaluation process will consist of two stages, as follows:		
STAGE 2: MINIMUM CONDITIONS OF TENDER / FUNCTIONALITY / QUALITY EVALUATION		
ITEM		WEIGHT
Functionality (see detailed criteria below)		100
• Experience with respect to similar projects		60
• Qualifications and Experience of key staff assigned to the contract		40
Only bidders who score 70 points or more on stage 2 will be evaluated further and therefore eligible for an award.		
The maximum score for functionality shall be 100 , distributed as follows:		
<i>Tender Minimum Conditions of Tender / functionality / quality claimed</i>		
	Minimum Conditions of Tender / Functionality	Maximum tender evaluation points provided
B1.1	Experience on similar projects: Copies of Certificate of Completion MUST be submitted with the bid. No points will be awarded where Certificates of Completion have not been submitted with the Bid. If the value of completed project is not reflected on the certificate, provide contractor's appointment or letter from the client with values.	60
	Tenderer has completed at least three (03) Water-borne sewer, Water and/or VIP Toilets contracts which totals the contracts to a value of at least of R 1,5 million in Total .	60
	Tenderer has completed at least two (02) Water-borne sewer, Water and/or VIP Toilets projects which totals the contracts to a value of at least of R 1,0 million in Total .	40
	Tenderer has completed at least one (01) Water-borne sewer, Water and/or VIP Toilets projects which totals the contracts to a value of at least of R 500 000 in Total .	20
	No previous water projects completed, or completed projects	0
B1.2	Experience of key personnel (NB no key personnel member may be assigned more than one duty on the Contract, i.e. different personnel must be assigned for each of the following key positions) Contracts Manager = National Diploma Civil Engineering or Equivalent, Site Agent = NQF Level 6 or Equivalent and Foreman = NQF Level 3 or Equivalent. Attach Curriculum Vitae and Qualifications.	40
	Favourable previous experience in the Built Environment with a minimum of 5 years; Contracts Manager = 12 points, 3-4 years = 10 points & 1-2 years = 8 points.	12
	Favourable previous experience in the Built Environment with a minimum of 5 years; Site Agent = 10 points, 3-4 years = 8 points & 1-2 years = 6 points.	10
	Favourable previous experience in the Built Environment with a minimum of 5 years; Foreman = 8 points, 3-4 years = 6 points & 1-2 years = 4 points.	8
	Favourable previous experience in the Occupational Health and Safety in the Built Environment with a minimum of 5 years; Health and Safety Officer = 10 points, 3-4 years = 7 points & 1-2 years = 4 points.	10
	Contractor failed to provide evidence of qualification and experience.	0
	TOTAL	

	STAGE 3: EVALUATION FOR PRICE AND PREFERENCE (80/20) The procedure for Stage 2 of evaluation of responsive tenders is Method 2 a) PRICE..... 80 b) SPECIFIC GOAL POINTS CONTRIBUTION 20 a) Points Awarded for Price (Ps) $Ps = 80 \left(1 - \frac{Pt - Pmin}{Pmin} \right)$ A total of 80 points will be awarded to the Tenderer with the lowest balanced price. The other tenders will be awarded points on the ratio to benchmark price as follows Where Ps = Points scored for price of bid under consideration Pt = Rand value of bid under consideration Pmin = Rand value of lowest acceptable bid b) Points awarded for Specific Goals Contribution In terms of Regulation 5 (2) and 6 (2) of the Preferential Procurement Regulations, preference points must be awarded to a bidder for attaining the Specific Goal Points contribution in accordance with the table below: <table border="1"> <thead> <tr> <th data-bbox="295 1247 1242 1409">The specific goals allocated points in terms of this tender</th><th data-bbox="1242 1247 1464 1409">Number of points Allocated on 80/20 system</th></tr> </thead> <tbody> <tr> <td data-bbox="295 1409 1242 1503">51% Black-owned enterprises</td><td data-bbox="1242 1409 1464 1503">05</td></tr> <tr> <td data-bbox="295 1503 1242 1556">100% Women-owned enterprises</td><td data-bbox="1242 1503 1464 1556">05</td></tr> <tr> <td data-bbox="295 1556 1242 1608">100% Youth-owned enterprises</td><td data-bbox="1242 1556 1464 1608">05</td></tr> <tr> <td data-bbox="295 1608 1242 1703">Where the enterprise head office or primary place of business is located within O.R. Tambo District.</td><td data-bbox="1242 1608 1464 1703">05</td></tr> </tbody> </table> Tenderers must submit copies of all supporting documents necessary to prove conformance with Specific Goal criteria listed above in order to be eligible for Specific Goal points. The total calculated points will be rounded to the second decimal place. Note that the objective Criteria as per the SCM Policy Paragraph 91 will be applied: 91. Objective criteria on the evaluation and award of bids 91.1 As a way of achieving fair distribution of municipal resources on capital infrastructure projects, a	The specific goals allocated points in terms of this tender	Number of points Allocated on 80/20 system	51% Black-owned enterprises	05	100% Women-owned enterprises	05	100% Youth-owned enterprises	05	Where the enterprise head office or primary place of business is located within O.R. Where the enterprise head office or primary place of business is located within O.R. Tambo District.	05										

	bidder will not be awarded the same commodity of work more than once within a period of six (6) months. 91.2 If the highest scoring bidder has been previously awarded for the same commodity tender within six (6) months, then the next highest scoring bidder will be considered for recommendation and award. 91.3 If the highest scoring bidder has been previously recommended for award in the same sitting for a tender of the same commodity, the next highest scoring bidder will be considered for recommendation and award. 91.4 Where the bid price offer is ten percent (10%) below the engineer's estimate, that bid will be rejected as it will pose a risk to the municipality of non-completion of the project to be implemented thus leading to underspending, severe impact on service delivery and delays in completion of projects within projected time period. 91.5 Further in line with CIDB practice note 5, paragraph 3.4 (3), the municipality will judge the reasonableness of financial offers and reject all tender offers with unrealistic financial offers. Having made the final selection: 1. An intention to Award will be issued and published on the O. R. Tambo District Municipality's website, which is www.ortambodm.gov.za. If no objection is received within fourteen days of the intention to award being issued, the successful Tenderer will be notified of O. R. Tambo District Municipality's acceptance of his/her bid.
--	--

F.3.13	Acceptance of tender offer
F3.13.1	Accept the tender offer, if in the opinion of the employer, it does not present any unacceptable commercial risk and only if the tenderer: a) is not under restrictions, or has principals who are under restrictions, preventing participating in the employer's procurement, b) can, as necessary and in relation to the proposed contract, demonstrate that he or she possesses the professional and technical qualifications, professional and technical competence, financial resources, equipment and other physical facilities, managerial capability, reliability, experience and reputation, expertise and the personnel, to perform the contract, c) has the legal capacity to enter into the contract, d) is not insolvent, in receivership, bankrupt or being wound up, has his affairs administered by a court or a judicial officer, has suspended his business activities, or is subject to legal proceedings in respect of any of the foregoing,
	e) complies with the legal requirements, if any, stated in the tender data, and f) is able, in the opinion of the employer, to perform the contract free of conflicts of interest.
F3.13.2	Notify the successful tenderer of the employer's acceptance of his tender offer by completing and returning one copy of the form of offer and acceptance before the expiry of the validity period stated in the tender data or agreed additional period. Providing the form of offer and acceptance does not contain any qualifying statements, it will constitute the formation of a contract between the employer and the successful tenderer as described in the form of offer and acceptance.
F.3.14	Notice to unsuccessful tenderers After the successful tenderer has acknowledged the employer's notice of acceptance, after written request, the employer will notify the tenderers that their tender offers have not been accepted on the O. R. Tambo District Municipality's website: www.ortambodm.gov.za, by listing the successful tender.
F.3.15	Prepare Contract documents If necessary, revise documents that shall form part of the Contract and that were issued by the employer as part of the tender documents to take account of: a) addenda issued during the tender period, b) inclusion of some of the returnable documents, c) other revisions agreed between the employer and the successful tenderer, and d) The schedule of deviations attached to the form of offer and acceptance, if any.
F.3.16	Issue final contract Prepare and issue the final draft of the contract to the successful tenderer for acceptance as soon as possible after the date of the employer's signing of the form of offer and acceptance (including the schedule of deviations, if any).

**PREFERENCE POINTS CLAIM FORM IN TERMS OF THE PREFERENTIAL PROCUREMENT
REGULATIONS 2022**

This preference form must form part of all tenders invited. It contains general information and serves as a claim form for preference points for specific goals.

NB: BEFORE COMPLETING THIS FORM, TENDERERS MUST STUDY THE GENERAL CONDITIONS, DEFINITIONS AND DIRECTIVES APPLICABLE IN RESPECT OF THE TENDER AND PREFERENTIAL PROCUREMENT REGULATIONS, 2022

1. GENERAL CONDITIONS

1.1 The following preference point systems are applicable to invitations to tender:

- the 80/20 system for requirements with a Rand value of up to R50 000 000 (all applicable taxes included); and
- the 90/10 system for requirements with a Rand value above R50 000 000 (all applicable taxes included).

1.2 To be completed by the organ of state

- a) The applicable preference point system for this tender is the 80/20 preference point system.
- b) The highest acceptable tender will be used to determine the accurate system once tenders are received.
- c) The maximum points for this tender are allocated as follows:

	POINTS
PRICE	80
SPECIFIC GOAL POINTS	20
Total Points for Price and Specific Goal Points	100

1.3 Failure on the part of a tenderer to submit proof or documentation required in terms of this tender to claim points for specific goals with the tender will be interpreted to mean that preference points for specific goals are not claimed.

1.4 The organ of state reserves the right to require of a tenderer, either before a tender is adjudicated or at any time subsequently, to substantiate any claim in regard to preferences, in any manner required by the organ of state

2. DEFINITIONS

- (a) **“tender”** means a written offer in the form determined by an organ of state in response to an invitation to provide goods or services through price quotations, competitive tendering process or any other method envisaged in legislation.
- (b) **“price”** means an amount of money tendered for goods or services and includes all applicable taxes less all unconditional discounts.
- (c) **“Rand value”** means the total estimated value of a contract in Rand, calculated at the time of bid invitation, and includes all applicable taxes.
- (d) **“The Act”** means the Preferential Procurement Policy Framework Act, 2000 (Act No. 5 of 2000).

3. FORMULAE FOR PROCUREMENT OF GOODS AND SERVICES

3.1. POINTS AWARDED FOR PRICE

3.1.1 THE 80/20 OR 90/10 PREFERENCE POINT SYSTEMS

A maximum of 80 points is allocated for price on the following basis:

$$P_s = 80 \left(1 - \frac{P_t - P_{min}}{P_{min}} \right)$$

Where

P_s = Points scored for price of tender under consideration

P_t = Price of tender under consideration

P_{min} = Price of lowest acceptable tender

4. POINTS AWARDED FOR SPECIFIC GOALS

- 4.1. In terms of Regulation 4(2); 5(2); 6(2) and 7(2) of the Preferential Procurement Regulations, preference points must be awarded for specific goals stated in the tender. For the purposes of this tender the tenderer will be allocated points based on the goals stated in table 1 below as may be supported by proof/ documentation stated in the conditions of this tender:

The specific goals allocated points in terms of this tender	Number of points Allocated on 80/20 system	Number of points claimed by Tenderer (To be completed by the Tenderer)
The promotion of enterprises located in a specific region (O. R. Tambo District): The Tenderer and Directors are based in the ORTDM region and pay their municipal rates and taxes	05	
Promotion of 51% Black-owned enterprises	05	
Promotion of 100% Women-owned enterprises	05	
Promotion of 100% Youth-owned enterprises	05	

The following documents shall be submitted to prove compliance with the above Specific Goals where claimed:

- Copy of business registration documents, as issued by CIPC.
- Certified copy of identity documents of directors/ shareholders/ partners / members, as the case may be.
- Original Valid Tax Clearance Certificate or a Confirmation of Tax Validity with the pin issued by SARS.
- Proof of latest municipal rates and taxes statement **of the bidder** indicating that rates and taxes are not in arrears for more than 3 months.
- Proof of latest municipal rates and taxes statement of each **company director** indicating that rates and taxes are not in arrears for more than 3 months.
- Proof of latest municipal water and sanitation charges statement **of the bidder** indicating that rates and taxes are not in arrears for more than 3 months for bidders who reside in the O. R. Tambo District Municipality area.

- Proof of latest municipal water and sanitation charges statement of each **company director** indicating that rates and taxes are not in arrears for more than 3 months for bidders who reside in the O. R. Tambo District Municipality area.
- Confirmation of address from a ward councillor where the bidder and company directors operate and reside in a peri-urban area where no rates and taxes and service charges are not billed.
- A copy of a valid lease agreement where the bidder does not own the property they are operating from

5. DECLARATION WITH REGARD TO COMPANY/FIRM

5.1. Name of company/firm.....

5.2. Company registration number:

5.3. TYPE OF COMPANY/ FIRM

- ☐ Partnership/Joint Venture / Consortium
- ☐ One-person business/sole propriety
- ☐ Close corporation
- ☐ Public Company
- ☐ Personal Liability Company
- ☐ (Pty) Limited
- ☐ Non-Profit Company
- ☐ State Owned Company

[TICK APPLICABLE BOX]

5.4. I, the undersigned, who is duly authorized to do so on behalf of the company/firm, certify that the points claimed, based on the specific goals as advised in the tender, qualifies the company/ firm for the preference(s) shown and I acknowledge that:

- i) The information furnished is true and correct;
- ii) The preference points claimed are in accordance with the General Conditions as indicated in paragraph 1 of this form;
- iii) In the event of a contract being awarded as a result of points claimed as shown in paragraphs 1.4 and 4.2, the contractor may be required to furnish documentary proof to the satisfaction of the organ of state that the claims are correct;
- iv) If the specific goals have been claimed or obtained on a fraudulent basis or any of the conditions of contract have not been fulfilled, the organ of state may, in addition to any other remedy it may have:
 - (a) disqualify the person from the tendering process;
 - (b) recover costs, losses or damages it has incurred or suffered as a result of that person's conduct;
 - (c) cancel the contract and claim any damages which it has suffered as a result of having to make less favourable arrangements due to such cancellation;
 - (d) recommend that the tenderer or contractor, its shareholders and directors, or only the shareholders and directors who acted on a fraudulent basis, be restricted from obtaining business from any organ of state for a period not exceeding 10 years, after the *audi alteram partem* (hear the other side) rule has been applied; and
 - (e) Forward the matter for criminal prosecution, if deemed necessary.

DECLARATION OF BIDDER'S PAST SUPPLY CHAIN MANAGEMENT PRACTICES

- 1 This Municipal Bidding Document must form part of all bids invited.
- 2 It serves as a declaration to be used by municipalities and municipal entities in ensuring that when goods and services are being procured, all reasonable steps are taken to combat the abuse of the supply chain management system.
- 3 The bid of any bidder may be rejected if that bidder, or any of its directors have:
 - a. abused the municipality's / municipal entity's supply chain management system or committed any improper conduct in relation to such system;
 - b. been convicted for fraud or corruption during the past five years;
 - c. willfully neglected, reneged on or failed to comply with any government, municipal or other public sector contract during the past five years; or
 - d. been listed in the Register for Tender Defaulters in terms of section 29 of the Prevention and Combating of Corrupt Activities Act (No 12 of 2004).
- 4 In order to give effect to the above, the following questionnaire must be completed and submitted with the bid.

Item	Question	Yes	No
4.1	Is the bidder or any of its directors listed on the National Treasury's Database of Restricted Suppliers as companies or persons prohibited from doing business with the public sector? (Companies or persons who are listed on this Database were informed in writing of this restriction by the Accounting Officer/Authority of the institution that imposed the restriction after the <i>audi alteram partem</i> rule was applied). The Database of Restricted Suppliers now resides on the National Treasury's website (www.treasury.gov.za) and can be accessed by clicking on its link at the bottom of the home page.	☒	☒
4.1.1	If so, furnish particulars:		
4.2	Is the bidder or any of its directors listed on the Register for Tender Defaulters in terms of section 29 of the Prevention and Combating of Corrupt Activities Act (No 12 of 2004)? The Register for Tender Defaulters can be accessed on the National Treasury's website (www.treasury.gov.za) by clicking on its link at the bottom of the home page.	☐	☐
4.2.1	If so, furnish particulars:		
4.3	Was the bidder or any of its directors convicted by a court of law (including a court of law outside the Republic of South Africa) for fraud or corruption during the past five years?	☐	☐
4.3.1	If so, furnish particulars:		
Item	Question	Yes	No
4.4	Does the bidder or any of its directors owe any municipal rates and taxes or municipal charges to the municipality / municipal entity, or to any other municipality / municipal entity, that is in arrears for more than three months?	☐	☐

4.4.1	If so, furnish particulars:		
4.5	Was any contract between the bidder and the municipality / municipal entity or any other organ of state terminated during the past five years on account of failure to perform on or comply with the contract?	Yes ☐	No ☐
4.7.1	If so, furnish particulars:

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Municipal Bidding Document (MBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *per se* prohibition meaning that it cannot be justified under any grounds.
- 3 Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. take all reasonable steps to prevent such abuse;
 - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
- 4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

I, the undersigned, in submitting the accompanying bid: **PROJECT NO.: MIS 575 894: COMPLETION OF NYANDENI WARD 28 SANITATION**

in response to the invitation for the bid made by: **O. R. TAMBO DISTRICT MUNICIPALITY**, do hereby make the following statements that I certify to be true and complete in every respect:

I certify, on behalf of: _____ that:

(Name of Bidder)

1. I have read and I understand the contents of this Certificate;
2. I understand that the accompanying bid will be disqualified if this Certificate is found not to be true and complete in every respect;
3. I am authorized by the bidder to sign this Certificate, and to submit the accompanying bid, on behalf of the bidder;
4. Each person whose signature appears on the accompanying bid has been authorized by the bidder to determine the terms of, and to sign, the bid, on behalf of the bidder;
5. For the purposes of this Certificate and the accompanying bid, I understand that the word "competitor" shall include any individual or organization, other than the bidder, whether or not affiliated with the bidder, who:
 - (a) has been requested to submit a bid in response to this bid invitation;
 - (b) could potentially submit a bid in response to this bid invitation, based on their qualifications, abilities or experience; and
 - (c) provides the same goods and services as the bidder and/or is in the same line of business as the bidder
6. The bidder has arrived at the accompanying bid independently from, and without consultation, communication, agreement or arrangement with any competitor. However, communication between partners in a joint venture or consortium³ will not be construed as collusive bidding.
7. In particular, without limiting the generality of paragraphs 6 above, there has been no consultation, communication, agreement or arrangement with any competitor regarding:
 - (a) prices;
 - (b) geographical area where product or service will be rendered (market allocation)
 - (c) methods, factors or formulas used to calculate prices;
 - (d) the intention or decision to submit or not to submit, a bid;
 - (e) the submission of a bid which does not meet the specifications and conditions of the bid;
 - or
 - (f) bidding with the intention not to win the bid.
8. In addition, there have been no consultations, communications, agreements or arrangements with any competitor regarding the quality, quantity, specifications and conditions or delivery particulars of the products or services to which this bid invitation relates.

9. The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.

³ **Joint venture or Consortium means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract.**

10. I am aware that, in addition and without prejudice to any other remedy provided to combat any restrictive practices related to bids and contracts, bids that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties in terms of section 59 of the Competition Act No 89 of 1998 and or may be reported to the National Prosecuting Authority (NPA) for criminal investigation and or may be restricted from conducting business with the public sector for a period not exceeding ten (10) years in terms of the Prevention and Combating of Corrupt Activities Act No 12 of 2004 or any other applicable legislation.

FORM 2.3.2 PROCUREMENT FORM

Acceptable Tenders will be evaluated using a system that awards points on the basis of Tender price and the meeting of specific goals.

DEFINITIONS

“Acceptable Tender” means any Tender which, in all respects, complies with the conditions of Tender and specifications as set out in the Tender document, including conditions as specified in the Preferential Procurement Policy Framework Act (Act 5 of 2000) and the Supply Chain Management of Council.

“Council” refers to the O. R. TAMBO DISTRICT Municipality.

“Equity ownership” refers to the percentage ownership and control exercised by individuals within an enterprise and they are involved in the day to day running of the Company.

“HDI equity ownership” refers to the percentage of an enterprise, which is owned by individuals, or in the case of a company, the percentage shares that are owned by individuals meeting the requirements of the definition of a HDI.

“Historically disadvantaged individuals (HDIs)” means all South African citizens –

- (i) Who had no franchise in national elections prior to the introduction of the 1983 and 1993 constitutions (Referred to as Previously Disadvantaged Individuals (PDIs) in this document)
- (ii) Women
- (iii) Disabled persons.

“SMME’s” (small, medium and micro enterprises) refers to separate and distinct business entities, including co-operative enterprises and NGOs, managed by one owner or more, as defined in the National Small Business (Act 102 of 1996). Refer to the attached addendum for a definition of SMME’s for different economic sectors.

Tenders are adjudicated in terms of ORTDM Procurement Policy, and the following framework is provided as a guideline in this regard.

1. Technical adjudication and General Criteria

- Tenders will be adjudicated in terms of inter alia:
- Compliance with Tender conditions
- Technical specifications

If the Tender does not comply with the Tender conditions, the Tender will be rejected. If technical specifications are not met, the Tender may also be rejected.

With regard to the above, certain actions or errors are unacceptable, and warrants **REJECTION OF THE TENDER**, for example:

- A Tax Verification Pin. (**Only valid tax verification pin** must be attached to the Tender document).
- Pages to be completed, removed from the Tender document, and have therefore not been submitted.
- Failure to complete the schedule of quantities as required
- Scratching out without initialing next to the amended rates or information.
- Writing over / painting out rates / the use of tippex or any erasable ink, e.g. Pencil.
- Failure to attend compulsory site inspections
- The Tender has not been properly signed by a party having the authority to do so, according to the **Form 2.2.2 – “Authority for Signatory”**
- No authority for signatory submitted.
- Form of Offer not completed.
- Particulars required in respect of the Tender have not been provided – non-compliance of Tender requirements and/or specifications.
- The Tenderer’s attempts to influence or has in fact influenced the evaluation and/or awarding of the contract.
- The Tender has been submitted after the relevant closing date and time
- Each page of the Contract portion of this Tender document (Part C1 – C4) must be initialed by the authorised person in order for the document to constitute a proper Contract between the Employer (ORTDM) and the undersigned.
- If any municipal rates and taxes or municipal service charges owed by that Tenderer or any of its directors to the municipality, or to any other municipality or municipal entity, are in arrears for more than three months.
- If any Tenderer who during the last five years has failed to perform satisfactorily on a previous contract with the municipality or any other organ of state after written notice was given to that Tenderer that performance was unsatisfactory.

2. Size of enterprise and current workload

Evaluation of the Tenderer's position in terms of:

- Previous and expected current annual turnover
- Current contractual obligations
- Capacity to execute the contract

3. Staffing profile

Evaluation of the Tenderer's position in terms of:

- Staff available for this contract being Tendered for
- Qualifications and experience of key staff to be utilised on this contract

4. Financial ability to execute the contract:

Evaluation of the Tenderer's financial ability to execute the contract. Emphasis will be placed on the following:

- Contact the Tender's bank manager to assess the Tenderer's financial ability to execute the contract and the Tenderer hereby grants his consent for this purpose.

5. Good standing with SA Revenue Services

- Determine whether an original tax pin an original valid tax clearance certificate has been submitted.
- The Tenderer must affix a Tax Verification Pin to page T2.2.9 of the Tender document.

6. Penalties

The O. R. Tambo District Municipality will if upon investigation it is found that a preference in terms of the Contract has been obtained on a fraudulent basis, or any specified goals are not attained in the performance of the contract, on discretion of the Municipal Manager, one or more of the following penalties will be imposed:

- Cancel the contract and recover all losses or damages incurred or sustained from the Tenderer.
- Impose a financial penalty of twice the theoretical financial preference associated with the claim, which was made in the Tender.
- Restrict the suppliers, its shareholders and directors on obtaining any business from the O. R. Tambo District Municipality for a period of 5 years.

DECLARATION

I/We the undersigned, who warrants that he/she is duly authorized to do so on behalf of the firm, certifies that the items mentioned in part of the foregoing procurement form and returnable documents qualifies/qualify for the preference(s) shown and acknowledge(s) that:

The information furnished is true and correct.

The contractor may be required to furnish documentary proof to the satisfaction of the O. R. Tambo District Municipality that the claims are correct.

If the claims are found to be inflated, the O. R. Tambo District Municipality may, in addition to any other remedy it may have, recover from the contractor all cost, losses or damages incurred or sustained by the O. R. Tambo District Municipality as a result of the award of the Contract and/or cancel the contract and claim any damages which the O. R. Tambo District Municipality may suffer by having to make less favourable arrangements after such cancellation.

FORM C1.1 FORM OF OFFER AND ACCEPTANCE

OFFER

The Employer, identified in the Acceptance signature block, has solicited offers to enter into a contract in respect of the following works: **PROJECT NO.: MIS 575 894: COMPLETION OF NYANDENI WARD 28 SANITATION**

The Tenderer, identified in the Offer signature block below, has examined the documents listed in the Tender Data and addenda thereto as listed in the Tender Schedules, and by submitting this Offer has accepted the Conditions of Tender.

By the representative of the Tenderer, deemed to be duly authorized, signing this part of this Form of Offer and Acceptance, the Tenderer offers to perform all of the obligations and liabilities of the Contractor under the Contract including compliance with all its terms and conditions according to their true intent and meaning for an amount to be determined in accordance with the Conditions of Contract identified in the Contract Data.

THE OFFERED TOTAL OF THE PRICES INCLUSIVE OF VALUE ADDED TAX IS

.....
.....

..... Rand (in words); R (in figures).

This Offer may be accepted by the Employer by signing the Acceptance part of this Form of Offer and Acceptance and returning one copy of this document to the Tenderer before the end of the period of validity stated in the Tender Data, whereupon the Tenderer becomes the party named as the Contractor in the Conditions of Contract identified in the Contract Data.

ACCEPTANCE

By signing this part of this Form of Offer and Acceptance, the Employer identified below accepts the Tenderer's Offer. In consideration thereof, the Employer shall pay the Contractor the amount due in accordance with the Conditions of Contract identified in the Contract Data. Acceptance of the Tenderer's Offer shall form an agreement between the Employer and the Tenderer upon the terms and conditions contained in this Agreement and in the Contract that is the subject of this Agreement.

The terms of the contract are contained in:

Part 1 Agreements and Contract Data (which includes this Agreement)

Part 2 Pricing Data

Part 3 Scope of Work

Part 4 Site information

Part 5 Additional Relevant Documentation

Part 6 Contract Drawings

and drawings and documents or parts thereof, which may be incorporated by reference into Parts 1 to 6 above.

Deviations from and amendments to the documents listed in the Tender Data, including the proposed key personnel and any addenda thereto listed in the Tender Schedules as well as any changes to the terms of the Offer agreed by the Tenderer and the Employer during this process of offer and acceptance, are contained in the Schedule of Deviations attached to and forming part of this Agreement. No amendments to or deviations from said documents are valid unless contained in this Schedule, which must be duly signed by the authorized representative(s) of both parties.

The Tenderer shall within two weeks after receiving a completed copy of this Agreement, including the Schedule of Deviations (if any), contact the Employer's agent (whose details are given in the Contract Data) to arrange the delivery of any bonds, guarantees, proof of insurance and any other documentation to be provided in terms of the Conditions of Contract identified in the Contract Data at or just after the date this Agreement comes into effect. Failure to fulfil any of these obligations in accordance with those terms shall constitute a repudiation of this Agreement.

Notwithstanding anything contained herein, this Agreement comes into effect on the date when the Tenderer receives one fully completed original copy of this document, including the Schedule of Deviations (if any). Unless the Tenderer (now Contractor) within five days of the date of such receipt notifies the Employer in writing of any reason why he cannot accept the contents of this Agreement, this Agreement shall constitute a binding contract between the parties.

SCHEDULE OF DEVIATIONS

Notes:

1. The extent of deviations from the tender documents issued by the Employer prior to the tender closing date is limited to those permitted in terms of the Conditions of Tender.
2. A Tenderer's covering letter shall not be included in the final contract document. Should any matter in such letter, which constitutes a deviation as aforesaid becomes the subject of agreements reached during the process of Offer and Acceptance; the outcome of such agreement shall be recorded here.
3. Any other matter arising from the process of offer and acceptance either as a confirmation, clarification or change to the tender documents and which it is agreed by the Parties becomes an obligation of the contract, shall also be recorded here.
4. Any change or addition to the tender documents arising from the above agreements and recorded here shall also be incorporated into the final draft of the Contract.

A Note.			
The Performance Guarantee shall be of an Insurance Company listed on the Johannesburg Stock Exchange or owned by such a company, a Registered South African Bank or a recognized government sponsored, provincial or national development agency			

Part C1.4 Special Conditions of Contract

Notes to Tenderer:

1. Particular Conditions of the Contract define conditions that are specific to a Project.
2. The Particular Conditions of the Contract are used for addition/ omission and change of General Conditions of the Contract.
3. The number of the clause which requires the data is shown in the left-hand column for each statement; however, other clauses may also use the same data

Clause	Statement	Data
		Amendment of GCC 2015 Clauses
	<i>Employer's SCM Policy</i>	
	<i>Insertion of additional clause</i>	The parties agree that this contract shall be subject to the Employer's Supply Chain Management Policy ('SCM Policy') that was applicable on the date the bid was advertised. Abuse of the supply chain management system is no permitted and may result in cancellation of the contract, restriction of the supplier, and/or the exercise by the Employer of any other rights and remedies available to it as described in the SCM Policy
	<i>Ambiguity and discrepancy</i>	
	Insertion of additional wording:	All parts of the Contract should be read together and that their original purpose is to be mutually explanatory. However, if there is a discrepancy between the information provided, the order of priority of contract documents is as stated below: 1. the Contract Agreement 2. the Letter of Acceptance (this is the formal acceptance of the contractor's tender and usually presents the point in time when Contractual Parties enter the Contract), 3. the Contract Data, 4. the Particular Conditions of the Contract 5. the General Conditions of the Contract, 6. the Specification, 7. the Drawings, and 8. the Schedules and any other document forming part of the Contract In the event of a discrepancy or ambiguity, the document of higher priority takes precedence.
	<i>Assignment</i>	
	Delete wording and replace with the following:	The Employer will, at all times, be entitled to cede its rights and/or delegate its obligations under this Contract and/or assign this Contract to any financier and/or nominee of any financier of the Employer for purposes of the programme. Any cession and/or delegation and/or assignment by the Employer to any such financier or nominee of any financiers expressly permitted. The Contractor shall, if requested thereto by the Employer and/or any such financier, sign a separate authority giving effect to the aforementioned in such form as the Employer and/or any financier of the Employer may reasonably require.

	The Employer will, at all times be entitled to cede its rights and/or delegate its obligations under this Contract and/or assign this Contract to any financier and/or nominee of any financier of the Employer for purposes of the programme. Any cession and/or delegation and/or assignment by the Employer to any such financier or nominee of any financiers expressly permitted. The Contractor shall, if requested thereto by the Employer and/or any such financier, sign a separate authority giving effect to the aforementioned in such form as the Employer and/or any financier of the Employer may reasonably require																												
	The Contractor shall not be entitled to cede any of its rights and/or delegate any of its obligations under this <i>Contract</i> to any person without the prior written consent of the <i>Employer</i> .																												
Access to and possession of Site																													
Insertion of additional wording:	No extension of time will be granted in respect of any delays Attributed to normal climatic conditions. Normal climatic conditions shall be deemed to include normal rainfall and associated wet conditions and materials, strong winds and extremes of temperature. However, in the event that delays to critical activities exceed the number of working dates listed below for each month, then abnormal climatic conditions shall be deemed to exist, and an extension of time may be claimed in accordance with the provisions of clause 5.12. The number of days quoted below shall be regarded as fair estimate of the delays to be anticipated and allowed for under normal climatic conditions where inclement weather prevents or disrupts critical work. <table border="1"> <thead> <tr> <th>MONTH</th><th>EXPECTED NUMBER OF WORKING DAYS LOST AS A RESULT OF ABNORMAL RAINFALL</th></tr> </thead> <tbody> <tr><td>JANUARY</td><td>7</td></tr> <tr><td>FEBRUARY</td><td>5</td></tr> <tr><td>MARCH</td><td>4</td></tr> <tr><td>APRIL</td><td>3</td></tr> <tr><td>MAY</td><td>2</td></tr> <tr><td>JUNE</td><td>2</td></tr> <tr><td>JULY</td><td>2</td></tr> <tr><td>AUGUST</td><td>2</td></tr> <tr><td>SEPTEMBER</td><td>4</td></tr> <tr><td>OCTOBER</td><td>5</td></tr> <tr><td>NOVEMBER</td><td>5</td></tr> <tr><td>DECEMBER</td><td>6</td></tr> <tr><td>TOTAL</td><td>47</td></tr> </tbody> </table>	MONTH	EXPECTED NUMBER OF WORKING DAYS LOST AS A RESULT OF ABNORMAL RAINFALL	JANUARY	7	FEBRUARY	5	MARCH	4	APRIL	3	MAY	2	JUNE	2	JULY	2	AUGUST	2	SEPTEMBER	4	OCTOBER	5	NOVEMBER	5	DECEMBER	6	TOTAL	47

Some reasons for extension of time																													

		No extension of time will be granted in respect of any delays attributed to normal climatic conditions. Normal climatic conditions shall be deemed to include normal rainfall and associated wet conditions and materials, strong winds and extremes of temperature. However, in the event that delays to critical activities exceed the number of working dates listed below for each month, then abnormal climatic conditions shall be deemed to exist, and an extension of time may be claimed in accordance with the provisions of clause 5.12 The number of days quoted C3.1 Clause PS6.9 shall be regarded as fair estimate of the delays to be anticipated and allowed for under normal climatic conditions where inclement weather prevents or disrupts critical work Claims for delays for abnormal climatic conditions shall be accompanied by substantiating facts and evidence, which shall be submitted timeously as each day or half-day is experienced. It shall be noted that where the critical path is not affected, no extension of time for abnormal climatic conditions or for any other reason will be considered.
9.2.1	Termination by the Employer	
	Insertion of additional wording	
	9.2.1.3.9	Has substantially broken a health or safety regulation.
	9.2.1.3.10	Failure to obtain access to Site due to non-compliant documentation as stated in clause 5.3.1
	9.2.1.3.11	Has failed to provide or update the required insurances within the prescribed time
	9.2.1.4	Where the <i>Works</i> are no longer required
	9.2.1.5	Where the funding for the <i>Works</i> is no longer available
	9.2.1.6	An event occurs that stops the Contractor from completing the works by the date shown on the Accepted Programme and is forecast to delay Completion by more than 13 weeks
	9.2.1.7	The Contractor becomes insolvent or liquidated
	9.2.1.8	If as a result of Force Majeure, the Contractor is unable to perform part or the whole service for a period of thirty 30 days.

SCC1	Right of Retention
SCC1.1	The <i>Contractor</i> hereby waives and abandons any and all lien and/or any other right of retention that the <i>Contractor</i> now has or in future may have, in terms of the Contract, the common law or otherwise, in respect of the works, the Site or any property belonging to the <i>Employer</i> and shall under no circumstances be entitled to withhold delivery of the same to the <i>Employer</i> . The <i>Contractor</i> warrants that all Subcontractors shall, mutatis mutandis, waive and abandon any such Subcontractor's lien or any other right of retention, in favour of the <i>Employer</i> .
SCC2	Joint Ventures
SCC2.1	Suppose the <i>Contractor</i> constitutes a joint venture, consortium, or other unincorporated grouping of two or more persons or organisations. In that case, these persons or organisations are deemed to be jointly and severally liable to the <i>Employer</i> for the performance of this <i>Contract</i> .
SCC2.2	Unless already notified to the <i>Employer</i> , the persons or organisations notify the <i>Employer's Agent</i> within two weeks of the date of acceptance of the Contract of the key person who has the authority to bind the <i>Contractor</i> on their behalf.
SCC2.3	The <i>Contractor</i> does not alter the composition of the joint venture, consortium, or other unincorporated groupings of two or more persons without the consent of the <i>Employer</i> having been given to the <i>Contractor</i> in writing.
SCC2.4	Nothing in this Contract shall be deemed to create any joint venture, partnership or principal-agent relationship between the Parties and neither Party shall hold itself out in its advertising or otherwise in any manner which would indicate or imply such relationship with the other Party according to this Contract
SCC2.5	The <i>dissolution</i> of the <i>Joint Venture</i> shall be deemed as a separation and that constitutes the Contract to be Terminated
SCC3	Specific Goal Status
SCC3.1	Where a change in the <i>Contractor's</i> legal status, ownership or any other change to his business composition or business dealings results in a change to the <i>Contractor's</i> Specific Goals status, the <i>Contractor</i> notifies the <i>Employer</i> within seven days of the change.
SCC3.2	The <i>Contractor</i> is required to submit an updated verification certificate and necessary supporting documentation confirming the change in his Specific Goals status to the <i>Employer's Agent</i> within thirty days of the notification or as otherwise instructed by the <i>Employer's Agent</i> .
SCC3.3	Where, as a result, the <i>Contractor's</i> Specific Goals status has decreased since the Contract Date, the <i>Employer</i> may either re-negotiate this <i>Contract</i> or terminate the <i>Contractor's</i> obligation to Provide the Works.
SCC3.4	Failure by the <i>Contractor</i> to notify the <i>Employer</i> of a change in its Specific Goal status constitutes a reason for termination.
Illegal or Corrupt Practices	
SCC4.1	Any offer, payment, consideration, or benefit of any kind made by the <i>Contractor</i> , which constitutes or could be construed either directly or indirectly as an illegal or corrupt practice, an inducement or reward for the award or in the execution of this <i>Contract</i> constitutes grounds for terminating the <i>Contractor's</i> obligation to Provide the Works or taking any other action as appropriate against the <i>Contractor</i> (including civil or criminal action).
SCC4.2	The <i>Employer</i> may terminate the <i>Contractor's</i> obligation to provide the Works if the <i>Contractor</i> (or any member of the <i>Contractor</i> where the <i>Contractor</i> constitutes a joint venture, consortium or other unincorporated groupings of two or more persons or organisations), or a director of any such entity, is found guilty by a competent court, administrative or regulatory body of participating in illegal or corrupt practices.

SCC4.3	Such practices include, but are not limited to, the making of offers, payments, considerations, or benefits of any kind or otherwise, whether in connection with any procurement process or contract with the Employer or other people or organisations and including in circumstances where the <i>Contractor</i> or any such member is removed from the approved vendor database of the <i>Employer</i> as a consequence of such practice.
SCC5	Confidentiality
SCC5.1	The <i>Contractor</i> does not disclose or make any information arising from or in connection with this <i>Contract</i> available to Others. This undertaking does not, however, apply to information which at the time of disclosure or thereafter, without default on the part of the <i>Contractor</i> , enters the public domain or to information which was already in possession of the <i>Contractor</i> at the time of disclosure (evidenced by written records in existence at that time). Should the <i>Contractor</i> disclose information to Others in terms of clause 25.1, the <i>Contractor</i> ensures that the provisions of this clause are complied with by the recipient.
SCC5.2	Any information communicated by the <i>Employer</i> to the <i>Contractor</i> in connection with the Contract and any secret and/or confidential information of the <i>Employer</i> otherwise acquired by the <i>Contractor</i> shall be regarded by the <i>Contractor</i> as strictly confidential and shall not, without the prior written consent of the <i>Employer</i> in each instance, be published or disclosed to any other party or be used for any purpose whatsoever other than to execute the Works.
SCC5.3	If the <i>Contractor</i> is uncertain about whether any such information is confidential, it is to be regarded as such until notified otherwise in writing by the <i>Employer's Agent</i> .
SCC5.4	Suppose the <i>Contractor</i> is, at any time, required by law to disclose any such information which is required to be kept confidential. In that case, the <i>Contractor</i> , to the extent permitted by law before disclosure, notifies the <i>Employer</i> so that an appropriate protective order and/or any other action can be taken, if possible, before any disclosure. If such protective order is not, or cannot, be obtained, then the <i>Contractor</i> may only disclose that portion of the information which it is required to be disclosed by law and uses reasonable efforts to obtain assurances that confidential treatment shall be afforded to the information so disclosed.
SCC5.5	The taking of images (whether photographs, video footage or otherwise) of the works or any portion thereof, in the course of Providing the Works and after Completion, requires the prior written consent of the <i>Employer's Agent</i> . All rights in and to all such images vests exclusively in the <i>Employer</i> .
SCC5.6	The <i>Contractor</i> ensures that all his subcontractors abide by the undertakings in this clause.
SCC6	Existing Services and Housekeeping
SCC6.1	The Site may be in continuous operation and, accordingly, the <i>Contractor</i> shall assume that existing services and access ways shall be in continuous use and fully operational at all times. The <i>Contractor</i> shall be held responsible for repair or making good of existing installations that may be required due to any act or omission of whatever nature by the <i>Contractor</i> and for any costs to the <i>Employer</i> which may arise, due to the <i>Contractor</i> preventing in any manner whatever the normal operation and use of such services and access ways.
SCC6.2	During the execution of the Works, the <i>Contractor</i> shall keep the Site reasonably free from all unnecessary obstructions and shall store or dispose of any <i>Contractor's</i> Equipment and surplus materials and without delay clear away and remove from the Site any wreckage, rubbish or temporary works no longer required.
SCC6.3	The <i>Contractor</i> must use and/or attend to all areas of the Site which are used by it or under its control from time to time in a safe, professional and responsible manner.
SCC6.4	The <i>Contractor</i> shall be responsible for all areas of the Site which are used by it or under its control from the time the area in question is made available to the <i>Contractor</i> until the time the <i>Employer</i> requires the Site to be returned to it or otherwise when the <i>Contractor</i> demobilises from the area of the Site in question and returns to the <i>Employer</i> all of the <i>Employer's</i> property.
SCC6.5	The <i>Contractor</i> must ensure that all such areas of the Site are kept at all times in a safe, clean and hygienic condition and in good working order and repair and the <i>Contractor</i> shall promptly repair, at its cost, any damage to the Site which is attributable to the <i>Contractor</i> or its employees of sub-contractors, failing which the <i>Employer</i> shall be entitled to repair the Site and recover the cost of such repairs from

	the <i>Contractor</i> .
SCC6.6	Any damages suffered by the <i>Employer</i> as aforesaid shall be paid by the <i>Contractor</i> within ten business days or shall be set off against any amounts owing to the <i>Contractor</i> by the <i>Employer</i> .
SCC6.7	The <i>Contractor</i> shall not unnecessarily interfere with the operations of the <i>Employer</i> or Others at the <i>Site</i> . The <i>Employer</i> has the right to refuse access to the <i>Site</i> to any of the <i>Contractor's</i> employees, representatives and/or subcontractors whom it suspects of being a health and safety or other risk.
SCC6.8	The <i>Contractor</i> shall not have any lien or right of retention in respect of the <i>Site</i> , the <i>works</i> and/or any other property belonging to the <i>Employer</i> .
SCC7	Indemnity against <i>Contractor's</i> Design
SCC7.1	The <i>Contractor</i> indemnifies and keeps indemnified the <i>Employer</i> against any losses and costs, including legal costs between attorney and client, and all other expenses whatsoever that the <i>Employer</i> may incur as a result of any action, proceeding or claim made against the <i>Employer</i> arising from the use of a design constituting an infringement of patent rights, design registration, registered trademarks or other exclusive rights in respect thereof. This indemnity does not apply to any infringement which is solely due to the <i>Contractor</i> having followed in its entirety instructions stipulated by the <i>Employer</i> .
SCC7.2	The <i>Employer</i> shall give the <i>Contractor</i> prompt notice of any such action, proceeding, claim or threat instituted or made against it or both of them. Promptly after the giving of such notice the Parties are to consult together about the subject of the notice and the <i>Employer</i> may at its option decide to a) permit the <i>Contractor</i> at the <i>Contractor's</i> own expense to conduct any litigation that may ensue and all negotiations for a settlement of such litigation or claim with the proviso that the <i>Contractor</i> keeps the <i>Employer</i> informed of all steps that are taken and of the outcome; or b) conduct any litigation that may ensue and all negotiations for a settlement, in which event the <i>Employer</i> shall act in consultation with the <i>Contractor</i> and shall keep the <i>Contractor</i> informed of all aspects that are taken and of the outcome.
SCC7.3	The <i>Contractor</i> hereby cedes and agrees to cede all intellectual property, excluding intellectual property in respect of which the <i>Contractor</i> can demonstrate proprietorship prior to the date of signature hereof, but including intellectual property specifically developed by the <i>Contractor</i> on behalf of the <i>Employer</i> under instruction and payment by the <i>Employer</i> and including all current and future technical information relating to the <i>works</i> ; technical concepts; know-how; specifications; data; formulae; computer programs; design; patent and / or applications in respect thereof; copyrighted works; memoranda; scripts; reports; manuals; diagrams; drawings; including engineering drawings; prototypes; drafts in performing the <i>works</i> , whether completed or not and whether accepted, amended or rejected, and the like relating to the <i>works</i> , whether patented or not, and includes all intellectual property relating to the <i>works</i> developed by or on behalf of the <i>Employer</i> , to the <i>Employer</i> , its successors, assigns or legal representatives locally and / or internationally, together with the right to apply for Letters Patent in respect thereof.
SCC7.4	It is further agreed that the <i>Employer</i> may apply in its name and its own cost for Letters Patent in respect of such inventions and registration of such designs locally and/or internationally.
SCC7.5	The <i>Contractor</i> hereby agrees that when requested, he shall without any charges to the <i>Employer</i> , but at the latter's expense, sign all papers, take all rightful oaths, and do all acts which may be necessary, desirable or convenient for securing and maintaining patents relating to the <i>works</i> and/or the patent applications in any and all countries and for vesting titled thereto in the <i>Employer</i> , its successors, assign or legal representatives and the <i>Contractor</i> confirms and agrees that he shall assist the <i>Employer</i> to ensure that total and complete cession and transfer of all right, title and interest in the intellectual property takes place.
SCC8	Time
SCC8.1	The <i>Contractor</i> acknowledges that time is of the essence to the performance of its obligations in terms of this <i>Contract</i> .
SCC9	Discovery/Reproduction of Documentation
SCC9.1	The <i>Contractor</i> hereby authorises the <i>Employer</i> to reproduce all documentation made available by the <i>Contractor</i> to the <i>Employer</i> in connection with this <i>Contract</i> . In so far as the <i>Contractor</i> has any copyright protection in the items that are so reproduced by the <i>Employer</i> , the <i>Contractor</i> hereby grants a right and license to the <i>Employer</i> to reproduce the same for the purposes specified in this <i>Contract</i> .

CONTRACT NO.: MIS 575 894

Completion of Nyandeni Ward 28 Sanitation

C1.2 Contract Data

	The <i>Contractor</i> keeps the <i>Employer</i> informed of any threats or claims made against it in respect of infringement of patent or other exclusive rights by virtue of the provision of the works.
SCC10	Damages
SCC10.1	The <i>Employer</i> shall be entitled, in its sole discretion, to claim and recover from the <i>Contractor</i> damages <i>in lieu of</i> any penalty agreed upon in terms of this <i>Contract</i> .
SCC11	Accrual
SCC11.1	Unless otherwise provided herein, rights which accrue to a Party in terms of this <i>Contract</i> shall survive its termination.
SCC12	Commitments and Undertakings
SCC12.1	Neither Party shall be bound by any express, tacit or implied term, representation, warranty, promise or the like not recorded herein. This <i>Contract</i> supersedes and replaces all prior commitments, undertakings or representations, whether oral or written, between the Parties in respect of the subject matter hereof.
SCC13	Validity and Enforceability of Contract
SCC13.1	If any provision of this <i>Contract</i> is found to be invalid, unlawful or unenforceable, that provision shall be severable from the remaining provisions of this <i>Contract</i> , which shall continue to be valid and enforceable.
SCC14	Strategic Socio-Economic Objectives
SCC14.1	in terms of which the <i>Contractor</i> gives unconditional warranties and undertakings committing itself to the promotion of the strategic socio-economic objectives stipulated herein, including, but not limited to, warranties and undertakings to the effect that –
SCC14.1.1	the BEE information disclosed to the <i>Employer</i> in the bid response to the Tender Invitation pursuant to which it was appointed, as supplemented subsequently in writing, is accurate and complete and that it shall maintain at least those levels of BEE for the duration of the contract;
SCC14.1.2	it shall only subcontract aspects of the Works to Subcontractors with which it has concluded Subcontracts and actively take steps towards achieving the <i>Employer's</i> CPG requirements for the empowerment of Subcontractor/s
SCC14.1.3	it shall ensure that the execution of the Works and the expenditure of the project costs results in the achievement of the general socio-economic and empowerment objectives
SCC14.1.4	it shall keep detailed records of – a) its equity ownership and control and, where applicable, that of its duly appointed Subcontractors and/or suppliers. b) its total spends on targeted enterprises used to fulfil its obligations in terms of the <i>contract</i> . c) any transformation programmes and/or initiatives relating to skills development and transfer, employment equity and enterprise development of the Subcontractors and Target Individuals; and d) any public benefits and/or job opportunities created according to the fulfilment of its obligations in terms of the <i>contract</i> and provide monthly reports outlining compliance with such objectives to the <i>Employer</i> ;
SCC15	Contractor Obligations
SCC15.1	in terms of which the <i>Contractor</i> unconditionally warrants and undertakes that, in its performance of its obligations under the <i>Contract</i> , it shall, at all times, -
SCC15.1.1	owe a duty of care to the ORTDM and comply with the reasonable directions issued to it by the <i>Employer</i> , <i>Employer's Agent</i> and/or <i>Employer's Agent Representative</i> ;

SCC15.1.2	not do anything that constitutes, or is reasonably likely to constitute, a corrupt act or that is otherwise intended or is likely to harm the reputation of the ORTDM, the Contract; and												
SCC15.1.3	undertake the <i>Works</i> in accordance with the standards, practices, methods and procedures conforming to applicable law, and exercising that degree of skill, care, diligence, prudence and foresight that would reasonably and ordinarily be expected from a skilled and experienced person engaged in a similar type of undertaking under similar circumstances.												
SCC16	Free Issue Material												
SCC16.1	Where the Employer for the purpose of this Contract issues materials free of charge to the Contractor, such materials shall be and remain the property of the Employer. The Contractor shall maintain all such materials in good order and condition and shall use such materials solely in connection with this Contract.												
SCC16.2	The Contractor shall separately store, protect, and maintain in good order and condition and keep comprehensive records of all Free Issue Materials												
SCC16.3	The Contractor shall use all Free Issue Materials economically.												
SCC16.4	Damage to or loss or waste of any Free Issue Materials arising from a failure of the Contractor to use diligence shall be made good at the expense of the Contractor by use of materials of at least the same quality. The Contractor will be provided with itemised list with prices of all components delivered.												
SCC16.5	All surplus Free Issue Materials are to be kept separate and reported to the Buyer for instructions regarding return or disposal. The Contractor shall notify the Employer of any surplus materials remaining after completion of the Works and shall dispose of them as the Employer may direct. Waste of such materials arising from bad workmanship or negligence of the Contractor or any of the Contractor's employees, agents or sub-contractors shall be made good at the Contractor's expense. Without prejudice to any other of the rights of the Employer, the Contractor shall deliver up such materials whether processed or not to the Employer on demand.												
SCC16.6	The <i>Employer</i> shall deliver free issue material in accordance with the indicative dates below:												
	<table><tr><th>Description</th><th>Units</th><th>Date</th></tr><tr><td>Delivery Target</td><td>100</td><td>31 May 2026</td></tr><tr><td>Delivery Target</td><td>150</td><td>17 June 2026</td></tr><tr><td>Delivery Target</td><td>66</td><td>25 June 2026</td></tr></table>	Description	Units	Date	Delivery Target	100	31 May 2026	Delivery Target	150	17 June 2026	Delivery Target	66	25 June 2026
	Description	Units	Date										
	Delivery Target	100	31 May 2026										
Delivery Target	150	17 June 2026											
Delivery Target	66	25 June 2026											
The dates above are indicative and not final. The Employer shall issue the Contractor with the final delivery schedule within 2 days after the Commencement Date.													
Any claims resulting from costs or delays incurred by the Contractor to the Employer failing to deliver free issue material as shown in the final delivery schedule, will be assessed in accordance with clause 10.													

FORM OF GUARANTEE

PERFORMANCE GUARANTEE

For use with the General Conditions of Contract for Construction Works, Third Edition, 2015.

GUARANTOR DETAILS AND DEFINITIONS

“Guarantor” means:

Physical address:

“Employer” means:**O. R. TAMBO DISTRICT MUNICIPALITY**.....

“Contractor” means:

“Employer’s Agent” means: **LIKHITHANANDE ENGINEERS**

“Works” means: **COMPLETION OF NYANDENI WARD 28 SANITATION**

“Site” means: The Site as defined by clause 1.1.1.29 of the General Conditions of Contract, 2015.

“Contract” means: The Agreement made in terms of the Form of Offer and Acceptance and such amendments or additions to the Contract as may be agreed in writing between the parties.

“Contract Sum” means: The accepted amount inclusive of tax of R.....

Amount in words:

“Guaranteed Sum” means: The maximum aggregate amount of R

Amount in words:

Type of Performance Guarantee: **FIXED** (*Insert Variable or Fixed*)

“Expiry Date” means (*Give date which should not be earlier than the anticipated date of issue of the Certificate of Completion*) or any other later date set by the Contractor and/or Employer provided such instruction is received prior to the Expiry Date as indicated here.

CONTRACT DETAILS

Employer’s Agent issues: Interim Payment Certificates, Final Payment Certificate and the Certificate of Completion of the Works as defined in the Contract.

1. VARIABLE PERFORMANCE GUARANTEE

1.1 Where a Variable Performance Guarantee has been selected, the Guarantor’s liability shall be limited during the following periods to diminishing amounts of the Guaranteed Sum as follows :

1.1.1 From and including the date of signing the Performance Guarantee up to and including the date of the interim payment certificate certifying, for the first time, more than 50% of the Contract Sum:

R

(Amount in words)

CONTRACT NO.: MIS 575 894

Completion of Nyandeni Ward 28 Sanitation

C1.2 Contract Data

- 1.1.2 From the day following the date of the said interim payment certificate up to and including the Expiry Date, or the date of issue by the Employer's Agent of the Certificate of Completion of the Works, whichever occurs first:

R

(Amount in words)

- 1.2 The Employer's Agent and/or the Employer shall advise the Guarantor in writing of the date on which the interim payment certificate certifying, for the first time, more than 50% of the Contract Sum, has been issued and the date

on which the Certificate of Completion of the Works has been issued.

2. FIXED PERFORMANCE GUARANTEE

- 2.1 Where a Fixed Performance Guarantee has been selected, the Guarantor's liability shall be limited to the amount of the Guaranteed Sum.
- 2.2 The Guarantor's period of liability shall be from and including the date on which the Performance Guarantee is signed, up to and including the Expiry Date, or the date of issue by the Employer's Agent of the Certificate of Completion of the Works, or the date of payment in full of the Guaranteed Sum, whichever occurs first.
- 2.3 The Employer's Agent and/or the Employer shall advise the Guarantor in writing of the date on which the Certificate of Completion of the Works has been issued.

3. CONDITIONS APPLICABLE TO VARIABLE AND FIXED PERFORMANCE GUARANTEES

- 2.1 The Guarantor hereby acknowledges that:
- 2.1.1 Any reference in this Performance Guarantee to the Contract is made for the purpose of convenience and shall not be construed as any intention whatsoever to create an accessory obligation or any intention whatsoever to create a suretyship
- 2.1.2 Its obligation under this Performance Guarantee is restricted to the payment of money.
- 2.2 Subject to the Guarantor's maximum liability referred to in 1.1 or 2.1, the Guarantor hereby undertakes to pay the Employer the sum certified upon receipt of the documents identified in 3.2.1 to 3.2.3:
- 2.2.1 A copy of a first written demand issued by the Employer to the Contractor stating that payment of a sum certified by the Employer's Agent in an Interim or Final Payment certificate has not been made in terms of the Contract and failing such payment within seven (7) calendar days, the Employer intends to call upon the Guarantor to make payment in terms of 3.2.2;
- 2.2.2 A first written demand issued by the Employer to the Guarantor at the Guarantor's physical address with a copy to the Contractor stating that a period of seven (7) days has elapsed since the first written demand in terms of 3.2.1 and the sum certified has still not been paid;
- 2.2.3 A copy of the aforesaid payment certificate which entitles the Employer to receive payment in terms of the Contract of the sum certified 3.2.

CONTRACT NO.: MIS 575 894

Completion of Nyandeni Ward 28 Sanitation

C1.2 Contract Data

- 2.3 Subject to the Guarantor's maximum liability referred to in 1.1 or 2.1, the Guarantor undertakes to pay to the Employer the Guaranteed Sum or the full outstanding balance upon receipt of a first written demand from the Employer to the Guarantor at the Guarantor's physical address calling up this Performance Guarantee, such demand stating that:
- 2.3.1 the Contract has been terminated due to the Contractor's default and that this Performance Guarantee is called up in terms of 3.3; or
- 2.3.2 a provisional or final sequestration or liquidation court order has been granted against the Contractor and that the Performance Guarantee is called up in terms of 3.3; and
- 2.3.3 the aforesaid written demand is accompanied by a copy of the notice of termination and/or the provisional/final sequestration and/or the provisional liquidation court order.
- 2.4 It is recorded that the aggregate amount of payments required to be made by the Guarantor in terms of 3.2 and 3.3 shall not exceed the Guarantor's maximum liability in terms of 1.1 or 2.1.
- 2.5 Where the Guarantor has made payment in terms of 3.3, the Employer shall upon the date of issue of the Final Payment Certificate submit an expense account to the Guarantor showing how all monies received in terms of this Performance Guarantee have been expended and shall refund to the Guarantor any resulting surplus. All monies refunded to the Guarantor in terms of this Performance Guarantee shall bear interest at the prime overdraft rate of the Employer's bank compounded monthly and calculated from the date payment was made by the Guarantor to the Employer until the date of refund.
- 2.6 Payment by the Guarantor in terms of 3.2 or 3.3 shall be made within seven (7) calendar days upon receipt of the first written demand to the Guarantor.
- 2.7 Payment by the Guarantor in terms of 3.3 will only be made against the return of the original Performance Guarantee by the Employer.
- 2.8 The Employer shall have the absolute right to arrange his affairs with the Contractor in any manner which the Employer may consider fit and the Guarantor shall not have the right to claim his release from this Performance Guarantee on account of any conduct alleged to be prejudicial to the Guarantor.
- 2.9 The Guarantor chooses the physical address as stated above for the service of all notices for all purposes in connection herewith.
- 2.10 This Performance Guarantee is neither negotiable nor transferable and shall expire in terms of 1.1.2 or 2.2, where after no claims will be considered by the Guarantor. The original of this Guarantee shall be returned to the Guarantor after it has expired.
- 2.11 This Performance Guarantee, with the required demand notices in terms of 3.2 or 3.3, shall be regarded as a liquid document for the purposes of obtaining a court order.

2.12 Where this Performance Guarantee is issued in the Republic of South Africa, the Guarantor hereby consents in terms of Section 45 of the Magistrate's Courts Act No 32 of 1944, as amended, to the jurisdiction of the Magistrate's Court of any district having jurisdiction in terms of Section 28 of the said Act, notwithstanding that the amount of the claim may exceed the jurisdiction of the Magistrate's Court.

FORM C1.3 SPECIAL CONDITION

Payment for the labor-intensive component of the works

Payment for works identified in the Scope of Work as being labor-intensive shall only be made in accordance with the provisions of the Contract if the works are constructed strictly in accordance with the provisions of the Scope of Work. Any non-payment for such works shall not relieve the Contractor in any way from his obligations either in contract or in delict.

Applicable labour laws

The Ministerial Determination, Special Public Works Programmes, issued in terms of the Basic Conditions of Employment Act of 1997 by the Minister of Labour in Government Notice N° R63 of 25 January 2002, as reproduced below, shall apply to works described in the scope of work as being labour intensive and which are undertaken by unskilled or semi-skilled workers.

1 Introduction

1.1 This document contains the standard terms and conditions for workers employed in elementary occupations on a Special Public Works Programme (SPWP). These terms and conditions do NOT apply to persons employed in the supervision and management of a SPWP.

1.2 In this document –

- (a) "**Department**" means any department of the State, implementing agent or contractor;
- (b) "**Employer**" means any department, implementing agency or contractor that hires workers to work in elementary occupations on a SPWP;
- (c) "**Worker**" means any person working in an elementary occupation on a SPWP;
- (d) "**Elementary** occupation" means any occupation involving unskilled or semi-skilled work;
- (e) "**Management**" means any person employed by a department or implementing agency to administer or execute an SPWP;
- (f) "**Task**" means a fixed quantity of work;
- (g) "**task-based work**" means work in which a worker is paid a fixed rate for performing a task;
- (h) "**task-rated worker**" means a worker paid on the basis of the number of tasks completed;
- (i) "**time-rated worker**" means a worker paid on the basis of the length of time worked.
- (j) "**Task rate or daily rate**" = ***R 250,00 As per Government Gazette, but complies with Minimum Wage.***

2 Terms of Work

- 2.1 Workers on a SPWP are employed on a temporary basis.
- 2.2 A worker may NOT be employed for longer than 24 months in any five-year cycle on a SPWP.
- 2.3 Employment on a SPWP does not qualify as employment as a contributor for the purposes of the Unemployment Insurance Act 30 of 1966.

3 Normal Hours of Work

- 3.1 An employer may not set tasks or hours of work that require a worker to work–
 - (a) More than forty hours in any week
 - (b) On more than five days in any week; and
 - (c) For more than eight hours on any day.
- 3.2 An employer and worker may agree that a worker will work four days per week. The worker may then work up to ten hours per day.
- 3.3 A task-rated worker may not work more than a total of 55 hours in any week to complete the tasks allocated (based on a 40-hour week) to that worker.

4 Meal Breaks

- 4.1 A worker may not work for more than five hours without taking a meal break of at least thirty-minutes duration.
- 4.2 An employer and worker may agree on longer meal breaks.
- 4.3 A worker may not work during a meal break. However, an employer may require a worker to perform duties during a meal break if those duties cannot be left unattended and cannot be performed by another worker. An employer must take reasonable steps to ensure that a worker is relieved of his or her duties during the meal break.
- 4.4 A worker is not entitled to payment for the period of a meal break. However, a worker who is paid on the basis of time worked must be paid if the worker is required to work or to be available for work during the meal break.

5 Special Conditions for Security Guards

- 5.1 A security guard may work up to 55 hours per week and up to eleven hours per day.
- 5.2 A security guard who works more than ten hours per day must have a meal break of at least one hour or two breaks of at least 30 minutes each.

6 Daily Rest Period

Every worker is entitled to a daily rest period of at least eight consecutive hours. The daily rest period is measured from the time the worker ends work on one day until the time the worker starts work on the next day.

7 Weekly Rest Period

Every worker must have two days off every week. A worker may only work on their day off to perform work which must be done without delay and cannot be performed by workers during their ordinary hours of work ("emergency work").

8 Work on Sundays and Public Holidays

- 8.1 A worker may only work on a Sunday or public holiday to perform emergency or security work.
- 8.2 Work on Sundays is paid at the ordinary rate of pay.
- 8.3 A task-rated worker who works on a public holiday must be paid –
 - (a) The worker's daily task rate, if the worker works for less than four hours;
 - (b) Double the worker's daily task rate, if the worker works for more than four hours.
- 8.4 A time-rated worker who works on a public holiday must be paid –
 - (a) The worker's daily rate of pay, if the worker works for less than four hours on the public holiday;
 - (b) Double the worker's daily rate of pay, if the worker works for more than four hours on the public holiday.

9 Sick Leave

- 9.1 Only workers who work four or more days per week have the right to claim sick-pay in terms of this clause.
- 9.2 A worker who is unable to work on account of illness or injury is entitled to claim one day's paid sick leave for every full month that the worker has worked in terms of a contract.

- 9.3 A worker may accumulate a maximum of twelve days' sick leave in a year.
- 9.4 Accumulated sick-leave may not be transferred from one contract to another contract.
- 9.5 An employer must pay a task-rated worker the worker's daily task rate for a day's sick leave.
- 9.6 An employer must pay a time-rated worker the worker's daily rate of pay for a day's sick leave.
- 9.7 An employer must pay a worker sick pay on the worker's usual payday.
- 9.8 Before paying sick-pay, an employer may require a worker to produce a certificate stating that the worker was unable to work on account of sickness or injury if the worker is –
 - (a) Absent from work for more than two consecutive days; or
 - (b) Absent from work on more than two occasions in any eight-week period.
- 9.9 A medical certificate must be issued and signed by a medical practitioner, a qualified nurse or a clinic staff member authorized to issue medical certificates indicating the duration and reason for incapacity.
- 9.10 A worker is not entitled to paid sick-leave for a work-related injury or occupational disease for which the worker can claim compensation under the Compensation for Occupational Injuries and Diseases Act.

10 Maternity Leave

- 10.1 A worker may take up to four consecutive months' unpaid maternity leave.
- 10.2 A worker is not entitled to any payment or employment-related benefits during maternity leave.
- 10.3 A worker must give her employer reasonable notice of when she will start maternity leave and when she will return to work.
- 10.4 A worker is not required to take the full period of maternity leave. However, a worker may not work for four weeks before the expected date of birth of her child or for six weeks after the birth of her child, unless a medical practitioner, midwife, or qualified nurse certifies that she is fit to do so.
- 10.5 A worker may begin maternity leave –
 - (a) four weeks before the expected date of birth; or
 - (b) On an earlier date –
 - (i) If a medical practitioner, midwife or certified nurse certifies that it is necessary for the health of the worker or that of her unborn child; or
 - (ii) if agreed to between employer and worker; or
 - (c) on a later date, if a medical practitioner, midwife or certified nurse has certified that the worker is able to continue to work without endangering her health.
- 10.6 A worker who has a miscarriage during the third trimester of pregnancy or bears a stillborn child may take maternity leave for up to six weeks after the miscarriage or stillbirth.
- 10.7 A worker who returns to work after maternity leave has the right to start a new cycle of twenty-four months employment, unless the SPWP on which she was employed has ended.

11 Family responsibility leave

- 11.1 Workers, who work for at least four days per week, are entitled to three days paid family responsibility leave each year in the following circumstances -
- (a) When the employee's child is born;
 - (b) When the employee's child is sick;
 - (c) In the event of a death of –
 - (i) The employee's spouse or life partner;
 - (ii) The employee's parent, adoptive parent, grandparent, child, adopted child, grandchild, or sibling.

12 Statement of Conditions

- 12.1 An employer must give a worker a statement containing the following details at the start of employment –
- (a) The employer's name and address and the name of the SPWP;
 - (b) The tasks or job that the worker is to perform; and
 - (c) the period for which the worker is hired or, if this is not certain, the expected duration of the contract;
 - (d) The worker's rate of pay and how this is to be calculated;
 - (e) The training that the worker will receive during the SPWP.
- 12.2 An employer must ensure that these terms are explained in a suitable language to any employee who is unable to read the statement.
- 12.3 An employer must supply each worker with a copy of these conditions of employment.

13 Keeping Records

- 13.1 Every employer must keep a written record of at least the following –
- (a) The worker's name and position;
 - (b) In the case of a task-rated worker, the number of tasks completed by the worker;
 - (c) In the case of a time-rated worker, the time worked by the worker;
 - (d) Payments made to each worker.
- 13.2 The employer must keep this record for a period of at least three years after the completion of the SPWP.

14 Payment

- 14.1 An employer must pay all wages at least monthly in cash or by cheque or into a bank account.
- 14.2 A task-rated worker will only be paid for tasks that have been completed.
- 14.3 An employer must pay a task-rated worker within five weeks of the work being completed and the work having been approved by the manager or the contractor having submitted an invoice to the employer.
- 14.4 A time-rated worker will be paid at the end of each month.
- 14.5 Payment must be made in cash, by cheque or by direct deposit into a bank account designated by the worker.
- 14.6 Payment in cash or by cheque must take place –
- (a) At the workplace or at a place agreed to by the worker;
 - (b) during the worker's working hours or within fifteen minutes of the start or finish of work;
 - (c) In a sealed envelope which becomes the property of the worker.
- 14.7 An employer must give a worker the following information in writing –

- (a) The period for which payment is made;
- (b) The numbers of tasks completed or hours worked;
- (c) The worker's earnings;
- (d) Any money deducted from the payment;
- (e) The actual amount paid to the worker.

- 14.8 If the worker is paid in cash or by cheque, this information must be recorded on the envelope and the worker must acknowledge receipt of payment by signing for it.
- 14.9 If a worker's employment is terminated, the employer must pay all monies owing to that worker within one month of the termination of employment.

15 Deductions

- 15.1 An employer may not deduct money from a worker's payment unless the deduction is required in terms of a law.
- 15.2 An employer must deduct and pay to the SA Revenue Services any income tax that the worker is required to pay.
- 15.3 An employer who deducts money from a worker's pay for payment to another person must pay the money to that person within the time period and other requirements specified in the agreement law, court order, or arbitration award concerned.
- 15.4 An employer may not require or allow a worker to –
- (a) Repay any payment except an overpayment previously made by the employer by mistake;
 - (b) State that the worker received a greater amount of money than the employer actually paid to the worker; or
 - (c) Pay the employer or any other person for having been employed.

16 Health and Safety

- 16.1 Employers must take all reasonable steps to ensure that the working environment is healthy and safe.
- 16.2 A worker must –
- (a) Work in a way that does not endanger his/her health and safety or that of any other person;
 - (b) Obey any health and safety instruction;
 - (c) Obey all health and safety rules of the SPWP;
 - (d) Use any personal protective equipment or clothing issued by the employer;
 - (e) Report any accident, near-miss incident, or dangerous behaviour by another person to their employer or manager.

17 Compensation for Injuries and Diseases

- 17.1 It is the responsibility of the employers (other than a contractor) to arrange for all persons employed on a SPWP to be covered in terms of the Compensation for Occupational Injuries and Diseases Act, 130 of 1993.
- 17.2 A worker must report any work-related injury or occupational disease to their employer or manager.
- 17.3 The employer must report the accident or disease to the Compensation Commissioner.
- 17.4 An employer must pay a worker who is unable to work because of an injury caused by an accident at work 75% of their earnings for up to three months. The employer will be refunded this amount by the Compensation Commissioner. This does NOT apply to injuries caused by accidents outside the workplace such as road accidents or accidents at home.

18 Termination

- 18.1 The employer may terminate the employment of a worker for good cause after following a fair procedure.
- 18.2 A worker will not receive severance pay on termination.
- 18.3 A worker is not required to give notice to terminate employment. However, a worker who wishes to resign should advise the employer in advance to allow the employer to find a replacement.
- 18.4 A worker who is absent for more than three consecutive days without informing the employer of an intention to return to work will have terminated the contract. However, the worker may be re-engaged if a position becomes available for the balance of the 24-month period.
- 18.5 A worker who does not attend required training events, without good reason, will have terminated the contract. However, the worker may be re-engaged if a position becomes available for the balance of the 24-month period.

19 Certificate of Service

- 19.1 On termination of employment, a worker is entitled to a certificate stating –
 - (a) The worker's full name;
 - (b) The name and address of the employer;
 - (c) The SPWP on which the worker worked;
 - (d) The work performed by the worker;
 - (e) Any training received by the worker as part of the SPWP;
 - (f) The period for which the worker worked on the SPWP;
 - (g) Any other information agreed on by the employer and worker

MONTHLY REPORTING

The successful bidder will be expected to assist with monthly reporting. These will include progress reports, labour reports, etc, submitted to the Project Manager on the dates to be stipulated.

FORM C1.4	HEALTH AND SAFETY AGREEMENT
------------------	------------------------------------

HEALTH AND SAFETY SPECIFICATION
THE OCCUPATIONAL HEALTH AND SAFETY ACT 1993
CONSTRUCTION REGULATIONS 2003

SECTION 1

1. INTRODUCTION

This document was construed in order to comply with the provisions of the **OCCUPATIONAL HEALTH AND SAFETY ACT NO 85 OF 1993, CONSTRUCTION REGULATIONS 2014 and COVID-19 Occupational Health and Safety Measures in Workplace 2020.**

Definitions of words are those described in the Act and the Construction Regulations of 2003.

This document formulates the specification of the O. R. Tambo District Municipality in terms of the above act and forms part of the constitution of the organisation.

This document forms part of the employment contract of all employees and is as such accepted in writing by each employee. It also forms part of the agreement between the O. R. Tambo District Municipality and all service providers.

No clause in this document shall be amended in any contract document construed by agents, designers or anyone else except so ordered or sanctioned by the O. R. Tambo District Municipality in writing.

SCHEDULE

1.1 Definitions

1. In these Policy any word or expression to which a meaning has been assigned in the Act shall have the meaning so assigned and, unless the context otherwise indicates□

“Agent” means any person who acts as a representative for a client in the managing the overall construction work.

“angle of repose” means the steepest angle of a surface at which a mass of loose or fragmented material will remain stationary in a pile on a surface, rather than sliding or crumbling away;

“Batch plant” means machinery, appliances or other similar devices that are assembled in such a manner so as to be able to mix materials in bulk for the purposes of using the mixed product for construction work;

“Client” means O. R. Tambo District Municipality;

“Competent person” in relation to construction work, means any person having the knowledge, training and experience specific to the work or task being performed: Provided that where appropriate qualifications and training are registered in terms of the provisions of the South African Qualifications Authority Act, 1995 (Act No. 58 of 1995), these qualifications and training shall be deemed to be the required qualifications and training;

“Construction work” means any work in connection with□

- (a) The erection, maintenance, alteration, renovation, repair, demolition or dismantling of or addition to a building or any similar structure;
- (b) The installation, erection, dismantling or maintenance of a fixed plant where such work includes the risk of a person falling;
- (c) the construction, maintenance, demolition or dismantling of any bridge, dam, canal, road, railway, runway, sewer or water reticulation system or any similar civil engineering structure; or
- (d) the moving of earth, clearing of land, the making of an excavation, piling, or any similar type of work;

“Construction vehicle” means a vehicle used for means of conveyance for transporting persons or material or

both such persons and material, as the case may be, both on and off the construction site for the purposes of performing construction work;

“Contractor” mean an employer, as defined in section 1 of the Act, who performs construction work and includes principal contractors;

“Design” in relation to any structure includes drawings, calculations, design details and specifications;

“Designer” means any person who□

- (a) prepares a design;
- (b) checks and approves a design;
- (c) arranges for any person at work under his control (including an employee of his, where he is the employer) to prepare a design, as well as;
- (d) Architects and engineers contributing to, or having overall responsibility for the design;
- (e) Build services engineers designing details for fixed plant;
- (f) Surveyors specifying articles or drawing up specifications;
- (g) Contractors carrying out design work as part of a design and build project;
- (h) Temporary works engineer designing formwork and false work; and
- (i) Interior designers, shop-fitters and landscape architects.

“ergonomics” means the application of scientific information concerning humans to the design of objects, systems and the environment for human use in order to optimise human well-being and overall system performance;

“Excavation work” means the making of any man-made cavity, trench, pit or depression formed by cutting, digging or scooping;

“explosive powered tool” means a tool that is activated by an explosive charge and that is used for driving bolts, nails and similar objects for the purpose of providing fixing;

“fall prevention equipment” means equipment used to prevent persons from falling from an elevated position, including personal equipment, body harness, body belts, lanyards, lifelines or physical equipment, guardrails, screens, barricades, anchorages or similar equipment;

“fall arrest equipment” means equipment used to arrest the person in a fall from an elevated position, including personal equipment, body harness, lanyards, deceleration devices, lifelines or similar equipment, but excludes body belts;

“fall protection plan” means a documented plan, of all risks relating to working from an elevated position, considering the nature of work undertaken, and setting out the procedures and methods to be applied in order to eliminate the risk;

“Hazard identification” means the identification and documenting of existing or expected hazards to the health and safety of persons, which are normally associated with the type of construction work being executed or to be executed;

“Health and safety file” means a file, or other record in permanent form, containing the information required as contemplated in these regulations;

“Health and safety plan” means a documented plan which addresses hazards identified and includes safe work procedures to mitigate, reduce or control the hazards identified;

“Health and safety specification” means a documented specification of all health and safety requirements pertaining to the associated works on a construction site, so as to ensure the health and safety of persons;

“Material hoist” means a hoist used to lower or raise material and equipment, and includes cantilevered platform hoists, mobile hoists, friction drive hoists, scaffold hoists, rack and pinion hoists and combination hoists;

“Medical certificate of fitness” means a certificate valid for one year issued by an occupational health practitioner, issued in terms of these regulations, whom shall be registered with the Health Professions Council of South Africa;

“Method statement” means a written document detailing the key activities to be performed in order to reduce as reasonably as practicable the hazards identified in any risk assessment;

“Mobile plant” means machinery, appliances or other similar devices that is able to move independently, for the purpose of performing construction work on the construction site;

“National Building Regulations” means the National Building Regulations made under section 17(1) of the National Building Regulations and Building Standards Act, 1977 (Act No.103 of 1977), and published under Government Notice No. R.1081 of 10 June 1988, as amended;

“Person day” means one individual carrying out construction work on a construction site for one normal working shift;

“Principal contractor” means an employer, as defined in section 1 of the Act who performs construction work and is appointed by the client to be in overall control and management of a part of or the whole of a construction site;

“Professional engineer or professional certificated engineer” means any person holding registration as either a Professional Engineer or Professional Certificated Engineer under the Engineering Profession Act, 2000 (Act No. 46 of 2000);

“Professional technologist” means any person holding registration as a Professional Technologist under the Engineering Profession Act, 2000 (Act No. 46 of 2000);

“Provincial director” means the provincial director as defined in regulation 1 of the General Administrative Regulations under the Act;

“risk assessment” means a programme to determine any risk associated with any hazard at a construction site, in order to identify the steps needed to be taken to remove, reduce or control such hazard;

“Roof apex height” means the dimensional height in metres measured from the lowest ground level abutting any part of a building to the highest point of the roof;

“SABS 085” means the South African Bureau of Standards' Code of Practice entitled “The Design, Erection, Use and Inspection of Access Scaffolding”;

“SABS 0400” means the South African Bureau of Standards, Code of Practice for the application of the National Building Regulations;

“SABS EN 1808” means the South African Bureau of Standards' Standard Specification entitled: “Safety requirements on suspended access equipment – Design calculations, stability criteria, construction-tests”;

“SABS 1903” means the South African Bureau of Standards' Standard Front-end Specification entitled: “Safety requirements on suspended access equipment – Design calculations, stability criteria, construction-tests”;

“Scaffold” means any temporary elevated platform and supporting structure used for providing access to and supporting workmen or materials or both;

“shoring” means a structure such as a hydraulic, mechanical or timber/steel shoring system that

supports the sides of an excavation and which is intended to prevent the cave-in or the collapse of the sides of an excavation, and “shoring system” has a corresponding meaning;

“Structure” means□

- (a) any building, steel or reinforced concrete structure (not being a building), railway line or siding, bridge, waterworks, reservoir, pipe or pipeline, cable, sewer, sewage works, fixed vessels, road, drainage works, earthworks, dam, wall, mast, tower, tower crane, batching plants, pylon, surface and underground tanks, earth retaining structure or any structure designed to preserve or alter any natural feature, and any other similar structure;
- (b) any formwork, false work, scaffold or other structure designed or used to provide support or means of access during construction work; or
- (c) any fixed plant in respect of work which includes the installation, commissioning, decommissioning or dismantling and where any such work involves a risk of a person falling two metres or more;

“Suspended platform” means a working platform suspended from supports by means of one or more separate ropes from each support;

“The Act” means the Occupational Health and Safety Act, 1993 (Act No. 85 of 1993);

“Tunnelling” means the construction of any tunnel beneath the natural surface of the earth for a purpose other than the searching for or winning of a mineral

HEALTH AND SAFETY SPECIFICATION

**THE OCCUPATIONAL HEALTH AND SAFETY ACT 1993
CONSTRUCTION REGULATIONS 2003**

SECTION 2: DESIGNERS

1. All wording shall have the meaning as defined by the H&S Regulations 2003.
2. This specification is in terms of the H&S act 1993 and the regulations of 2003.
3. All work performed and procedures followed by designers shall be done according to the H&S regulations of 2003.
4. The client is aware of the fact that the appointment of a designer does not implicate that the designer becomes the agent of the client for the particular project. The appointment of an agent is done separately in writing and should be accepted by the designer as such.
5. The client is ultimately responsible for all safety issues regarding the project for which a designer is appointed and cannot contract out of his obligations in terms of the law.
6. The client shall not employ a designer should he have reasonable doubts that the designer is not able to execute work in a safe manner.
7. All designers shall have adequate insurance cover to indemnify the client for their acts and omissions in terms of professional conduct the H&S act in particular to indemnify the client against penalties imposed for acts or omissions. The client is aware of the fact that additional insurance over and above PI insurance is necessary to have himself indemnified by the designers for acts and omissions in terms of the H&S regulations. The professional indemnity insurance has a "negligent acts and omissions" wording only and therefore additional insurance is necessary to cover the client against penalties imposed in terms of the regulations.
8. Designers shall not accept work from the client if they are not capable of executing such work professionally and if such work cannot be executed in a safe manner, according to the provisions of the H&S regulations.
9. Designers shall execute all designs in terms of the relevant SABS and other acceptable codes and procedures and shall place great emphasis on safety issues including the maintenance procedures after inaugurations of such systems or projects.
10. Ergonomic parameters shall have high priority in all designs.

HEALTH AND SAFETY SPECIFICATION

**THE OCCUPATIONAL HEALTH AND SAFETY ACT 1993
CONSTRUCTION REGULATIONS 2003**

SECTION 3: PRINCIPAL CONTRACTORS (P C)

1. All work by the P C shall be done in compliance with the provisions of the H&S regulations.
2. The Employer recognizes the right of each employee to work safely in a healthy environment under decent human conditions. Each employee has the right to return home safely and healthy to his home and family after each day's work.
3. Work shall not be done at the expense of human safety or health.
4. Work shall be executed under humane conditions, especially with reference to hours and H&S issues in mind.
5. The P C shall appoint a fulltime H&S Manager should he have more than 50 employees on site.
6. The PC shall conduct monthly safety meetings on site. All foremen, gang leaders and other employees shall participate and all incidents with relation to unsafe practices shall be discussed. Minutes of such meetings shall be kept in the H&S file.
7. Foremen and gang leaders shall, under the supervision of the H&S manager, conduct meetings with all staff and people under their direct supervision on a frequent basis. Minutes of such meetings shall be kept in the H&S file.
8. New personnel (temporary or full-time employees) shall attend safety induction courses under the supervision of the H&S manager.
9. The P C shall install and maintain a box in which proposals for improvement of H&S procedures could be placed. All such proposals shall be considered, recorded and placed in the H&S file.
10. An adequate first aid facility shall be placed maintained on site and shall be adequately indicated by means of signs. All personnel shall be made aware of its existence and only trained first aid assistants shall be authorized to treat injuries.
11. The P C shall see that work is only executed by people trained for the particular task.
12. All safety equipment shall be SABS approved and under no circumstance shall any safety equipment be non-certified homemade equipment. Specifications and order details shall be kept in the H&S file.
13. Workers and personnel shall be attending safety courses on a regular basis and all information regarding such training shall be kept in the H&S file.
14. All employees shall be trained in safe working procedures and shall be trained on safety consciousness in particular. Employees in position of leadership shall be trained through accredited training processes in H&S matters.
15. The contractor shall prepare and maintain a safety plan for the particular project and shall train his personnel to work according to such plan.
16. Personnel and workers will be made aware of any natural hazards existing on site. They will also be made aware of items defined by the designer in his risk assessment.
17. No horseplay between employees will be tolerated on site. Neither will aggressive or threatening behaviour by anybody be allowed.
18. Workers shall wear appropriate protective clothing for the applicable task which shall include special safety equipment like protective eyewear, gloves, boots, ear protection, etc. Workers shall be issued with these items and copy of such issuing shall be kept in the H&S file.
19. Workers shall not be allowed to wear loose clothes and footwear.

CONTRACT NO.: MIS 575 894**Completion of Nyandeni Ward 28 Sanitation****C1.4 Health and Safety Agreement**

20. Workers shall have the opportunity and right to prescribed rest, eating and toilet breaks.
21. Workers on nightshift shall be protected against inclement weather and shall have access to adequate food and drinks.
22. In cases where work is executed in remote or in security restricted areas, the P C will make provision for food to be supplied to his employees.
23. Potable water shall be made available free of charge to all workers on site.
24. Adequate toilet and washing facilities shall be made available to workers.
25. In the event of chemicals being present or used on site, the P C will allow for adequate shower facilities on site. All chemicals shall be stored according to specification and shall be clearly identified and marked in prescribed containers.
26. Workers under instruction to execute inherently unsafe procedures shall report such incidences to the H&S manager, designer of client immediately.
27. Unauthorized or unlawful instructions from foremen, gang leaders or colleagues shall be reported by the H&S manager immediately.
28. The P C shall stop his contractors if they work unsafely.
29. All specialist work shall be executed by registered artisans only.
30. Workers shall not be required to lift equipment or material heavier than 25kg or carry a load of more than 50 kg for more than 10 metres.
31. Workers shall not be exposed to conditions of heat where the temperature is above 40° Celsius and the humidity more than 75%. Likewise will personnel not be exposed to temperatures lower than -5° Celsius? Should the designer and the P C decide that the work is urgent; workers will be issued with proper protective clothing.
32. All workers shall have access to a shaded eating and resting place on site.
33. Workers executing tasks in rivers, trenches and other natural or artificial water ways shall be made aware of the hazard of flash floods and special precautions shall be made by the P C to implement an effective flood warning system.
34. Workers executing tasks in manholes for sewer or stormwater systems, shall be made aware of the existence of hazardous gasses in closed areas and shall be issued with gas masks in any event, even after tests conducted by the H&S manager has proven that no gasses are existent. Only specialists shall work in gas filled chambers.
35. Personnel executing work during rainy weather or under other wet conditions shall be equipped with proper gumboots and proper rain suits.
36. No personnel will be allowed to work in water unless gumboots are worn. Should the water be deeper than 300mm watertight suits shall be worn.
37. All ladders shall be fixed against scaffolding or other permanent structures.
38. Welding on site shall only be done by trained personnel behind adequate eye protecting shields and all welders shall wear proper protective gear.
39. Personnel operating grinders, saws or any other hand tools of similar description shall be equipped with the necessary eyewear and ear protection.
40. All personnel working under potentially dusty conditions shall wear nose and mouth filters.
41. Workers operating rock drilling equipment shall wear ear, nose and eye protection.
42. All scaffolding will comply with the H&S regulations.

43. Blasting will be done by specialists under the regulations of the Explosives Act.
44. Workers shall wear protective clothing when exposed to chemicals like cement, lime, detergents, tar, fumes, etc. Should work be executed in the presence of such material, adequate protective clothing and equipment shall be issued after permission is granted by the H&S manager.
45. Workers will not be allowed to make open fires on any part of the site unless it is made in designated areas approved by the H&S manager.
46. Fuel storage will only be allowed on certified areas on site.
47. Workers and other personnel will be trained for fire procedures and will practise such fire drill on a regular basis.
48. Assembly areas for emergency evacuations will be indicated by adequate signage.
49. The P C will have an attendance register for the purposes of identifying people before, during and after potential hazardous situations.
50. All transport supplied by the P C shall be on road worthy vehicles only and all transport shall be conducted in terms of the transport act.
51. Drivers of vehicles shall be responsible for the roadworthiness of vehicles and will report any dysfunctional vehicles to the P C.
52. All drivers will be responsible to handle vehicles in such a way to comply with the transport act.
53. Passengers of vehicles shall report any unsafe conduct to the P C immediately. Such report shall be forwarded to the H&S manager and shall be investigated. Copy of such procedure shall be entered into the H&S file.
54. Only trained personnel shall be permitted and required to operate construction machinery. All such machinery shall be maintained in a safe working condition.
55. All vehicles operating on site shall have audible warning signals if driven backwards.
56. No vehicle shall be kept on site if it is leaking oil or other substances.
57. No vehicle or equipment shall be operated on site if it produces noise above 90 decibel measured within a distance of 10,0 m from the unit.
58. Equipment producing serious dusty conditions shall only be operated under the supervision of the P C and the H&S manager with the necessary protection to workers.
59. All excavations on site shall be adequately protected and not only indicated.
60. Exploratory excavation to reveal services shall be done in a specific way.
 - All areas to be explored shall first be inspected by the landowner or local authority.
 - Position of services identified shall then be verified by opening by hand, not by machine.
 - Particular care shall be taken not to damage these services.
 - Electrical services are inherently dangerous and shall be opened by skilled people only.
 - These excavations shall not be left open without supervision. If necessary the excavation shall be backfilled temporarily with approved material until the specified modifications to the services can be made.
61. Access to excavations shall only be by means of ladders or stairs with handrails.

62. All refuse, unsafe material, potential hazardous material and rubbish shall be placed in designated areas to be removed on a regular basis.
63. Rainwater shall be contained in trenches or pipes in such a way that it will not cause contamination of material in these refuse areas.
64. All electrical sources or cables or overhead power lines should be regarded as live at all times and all workers on site shall be made aware of its existence during H&S meetings and as many times as necessary.
65. Adequate signage shall be used on site to indicate
- Non smoking areas on site
 - Safety exits / Emergency exits from buildings under construction
 - Stairs (temporary and permanent works)
 - Toilets
 - Fire fighting equipment
 - Workmen busy with equipment overhead
 - Fire assembly points
 - Fire escapes
 - Areas where members of the public are not allowed.
 - First aid room
66. All visitors to the site shall be granted permission to the site only upon application through a predetermined procedure and records of these visitors shall be kept in the H&S file. Visitors shall attend safety induction training before entering the site. Areas out of bounds to all visitors shall be indicated clearly by means of adequate signs.
67. Work performed in public servitudes like the construction of streets or roads shall be done according to the specifications of the local or national authority and adequate signage shall be implemented.
68. People complaining about their health or people displaying symptoms of illness or disease, shall be allowed to go to the first aid facility or to visit a doctor or a clinic. Permission shall not be withheld unreasonably. In remote areas the P C is required to have reasonable ways of transporting people to a doctor or clinic whether the person is ill or injured on site.
69. Personnel must be informed about the location of the nearest doctor or clinic for casualty purposes and the P C shall provide such transport for injured workers and injured members of the public (within the limits of the site) free of charge.
- 70 A principal contractor who intends to carry out any construction work shall□
- (a) before carrying out that work, notify the provincial director in writing of the construction work if it includes□
- (i) The demolition of a structure exceeding a height of 3 metres; or
 - (ii) The use of explosives to perform construction work; or
 - (iii) The dismantling of fixed plant at a height greater than 3m.
- (b) before carrying out that work, notify the provincial director in writing when the construction work□
- (i) Exceeds 30 days or will involve more than 300 person days of construction work; and
 - (ii) Includes excavation work deeper than 1m; or
 - (iii) Includes working at a height greater than 3 metres above ground or a landing.
- (2) The notification to the provincial director must be done on the form similar to Annexure A to this Policy.
- (3) A principal contractor shall ensure that a copy of the completed form is kept on site for inspection by an inspector, client, client's agent or employee.

O. R. TAMBO DISTRICT MUNICIPALITY
HEALTH AND SAFETY SPECIFICATION
THE OCCUPATIONAL HEALTH AND SAFETY ACT 1993
CONSTRUCTION REGULATIONS 2003

SECTION 4: CLIENT

- (1) A client shall be responsible for the following in order to ensure compliance with the provisions of the Act:
 - (a) to prepare a documented health and safety specification for the construction work, and provide any principal contractor who is making a bid or appointed to perform construction work for the client with the same;
 - (b) To promptly provide the principal contractor and his or her agent with any information which might affect the health and safety of any person at work carrying out construction work;
 - (c) To appoint each principal contractor in writing for the project or part thereof on a construction site;
 - (d) To take reasonable steps to ensure that each principal contractor's health and safety plan is implemented and maintained on the construction site: Provided that the steps taken, shall include periodic audits at intervals mutually agreed upon between the client and principal contractor, but at least once every month;
 - (e) to stop any contractor from executing construction work which is not in accordance with the principal contractor's health and safety plan for the site or which poses to be a threat to the health and safety of persons;
 - (f) to ensure that where changes are brought about, sufficient health and safety information and appropriate resources are made available to the principal contractor to execute the work safely;
 - (g) to ensure that every principal contractor is registered and in good standing with the compensation fund or with a licensed compensation insurer prior to work commencing on site; and
 - (h) To ensure that potential principal contractors submitting tenders, have made provision for the cost of health and safety measures during the construction process.
- (2) A client shall discuss and negotiate with the principal contractor the contents of the health and safety plan and thereafter finally approve the health and safety plan for implementation.
- (3) A client shall ensure that a copy of the principal contractor's health and safety plan is available on request to an employee, inspector or contractor.
- (4) (4) O. R. Tambo District Municipality shall not appoint a principal contractor to perform construction work, unless O. R. Tambo District Municipality is reasonably satisfied that the principal contractor that he or she intends to appoint has the necessary competencies and resources to carry out the work safely.
- (5) A client may appoint an agent in writing to act as his or her representative and where such an appointment is made, the responsibilities as are imposed by these regulations upon a client, shall as far as reasonably practicable apply to the person so appointed.
- (6) No client shall appoint any person as his agent, unless the client is reasonably satisfied that the person he or she intends to appoint has the necessary competencies and resources to perform the duties imposed on a client by these regulations.

ANNEXURE A

OCCUPATIONAL HEALTH AND SAFETY ACT, 1993
Regulation 3 of the Construction Regulations, 2003

NOTIFICATION OF CONSTRUCTION WORK

1.(a) Name and postal address of principal contractor:

(b) Name and tel. no of principal contractor's contact person:

2. Principal contractor's compensation registration number:

3.(a) Name and postal address of client:

(b) Name and tel. no. of client's contact person or agent:

4.(a) Name and postal address of designer(s) for the project:

(b) Name and tel. no. of designer(s) contact person:

5. Name and telephone number of principal contractor's construction supervisor on site appointed in terms of regulation 6.(1).

6. Name/s of principal contractor's sub-ordinate supervisors on site appointed in terms of regulation 6.(2).

7. Exact physical address of the construction site or site office:

8. Nature of the construction work:

9. Expected commencement date:

10. Expected completion date:

11. Estimated maximum number of persons on the construction site.

12. Planned number of contractors on the construction site accountable to principal contractor:

13. Name(s) of contractors already chosen.

GUIDELINES FOR CONTRACT ADMINISTRATION

O. R. TAMBO DISTRICT MUNICIPALITY

GUIDELINES FOR CONTRACT ADMINISTRATION

IN TERMS OF THE CONSTRUCTION REGULATIONS 2003 HEALTH & SAFETY ACT 1993

SECTION 1 AND 2

1. PURPOSE OF THIS DOCUMENT

This document describes the procedures to be followed in the execution of Engineering Projects for O. R. Tambo District Municipality.

The role of all parties to the development project is described.

The document is in terms of the Construction Regulation 2003 of the Health and Safety Act 1993.

2. BACKGROUND

The Minister of Labour has on 18 July 2003 under section 43 of the Occupational Health and Safety Act 1993 (Act No. 85 of 1993) published new regulations in the Government Gazette 7721, Vol. 456. They have immediate effect and are applicable to the Construction Environment.

These regulations inter alia identify the different role players and their responsibilities, particularly the role of the client, the contractor and that of the designer.

The Construction Regulations endeavour to ensure that:

- i) Hazards or potential hazards to a healthy working environment are identified.
- ii) These hazards or potential hazards are removed or minimised.
- iii) Employers and Workers are made aware of the value of safe working procedures and train themselves to work safely in potential hazardous environments or under potentially unsafe conditions.

**GUIDELINES FOR CONTRACT ADMINISTRATION
 IN TERMS OF THE CONSTRUCTION REGULATIONS 2003
 HEALTH & SAFETY ACT 1993
SECTION 3**

3. THE CLIENT

In terms of the law the client is ultimately responsible for all acts and omissions as far as health and safety is concerned on site. It should be noted that the client will be held legally responsible for every trespass of the regulations, not the designer or the contractor. The law makes provision for fines to be levied and unless the client has been indemnified by the designer or the contractor, such fines will have to be paid by the client.

Clients cannot contract out of their statutory obligations except where the law allows for it. Therefore, any liability imposed upon them for statutory non-compliance, cannot be passed on to designers (consultants) or contractors.

In particular the client's responsibilities are defined as follows:

.1	To prepare a health and safety (H&S) specification for the work. This should cover the spectrum of activities handled by the client as part of his normal duties.	Clause 4(1)(a)
.2	To provide a risk assessment to the principal contractor.	Clause 4(1)(b)
.3	To appoint the principal contractor in writing.	Clause 4(1)(c)
.4	To ensure that the H&S plan is implemented.	Clause 4(1)(d)
.5	To stop any contractor executing work in an unsafe manner.	Clause 4(1)(e)
.6	To provide additional H&S information to the contractor should changes be made to the work?	Clause 4(1)(f)
.7	To ensure that the principal contractor is registered and in good standing with the workmen's compensation fund.	Clause 4(1)(h)
.8	To make sure tenderers have made provision in their offers for H&S measures.	Clause 4(1)(h)
.9	To discuss and approve the H&S plan with the principal contractor.	Clause 4(2)
.10	To keep a copy of the H&S plan of the principal contractor.	Clause 4(3)
.11	To <u>not</u> employ a contractor unless the client is reasonably satisfied that the principal contractor who is earmarked for an appointment has the necessary skills, competencies and resources to carry out the work safely.	Clause 4(4)
.12	The client can appoint an agent to handle his duties. The client can obviously also delegate some of his duties but this does not make the person responsible for such particular responsibilities as agent.	Clause 4(5)

The client should make sure whether such responsibilities are not already part of the designer in terms of the regulations clause 9(2).

- .13 The client shall only appoint someone as his agent if he is reasonably satisfied that such person can handle such responsibilities.

Clause 4(6)

**GUIDELINES FOR CONTRACT ADMINISTRATION
IN TERMS OF THE CONSTRUCTION REGULATIONS 2003
HEALTH & SAFETY ACT 1993**

SECTION 4

4. THE DESIGNER

The regulations do not use names like engineer, architect, etc. Instead the term designer has been introduced. The responsibilities of the designer are given in a sub-paragraph under the obligations of the Principal Contractor.

- 4.1 The regulations has a comprehensive definition of the designer and this includes:
- a) A person preparing a design.
 - b) A person checking a design.
 - c) A firm preparing a design.
 - d) An architect or engineer contributing to or having responsibility for a design.
 - e) A building services engineer designing details of fixed plant (scaffolding or cranes).
 - f) A surveyor specifying articles or drawing up specification (Quantity Surveyor).
 - g) A contractor in design & build contract.
 - h) A contractor designing temporary work.
 - i) A interior designer, shop fitter and landscape architect.

The regulation also talks of “an engineer designing a structure”. “Structure” is a wide concept and is given in paragraph 3.2.5.1(a) underneath.

- 4.2 The designer does not automatically through an appointment become the agent of the client in terms of the regulations unless he is appointed in writing to that effect and he accepts such appointment in writing.

- 4.3 The SAACE model agreement between the client and Engineer has a different meaning of the word “agent”.

According to the model agreement of SAACE the Engineer acts as the “agent” of the client in a conventional contractual context. “Agent” in terms of the Health & Safety regulations has a totally different meaning.

- 4.4 It can be derived from the regulations that the client can appoint a designer to perform certain tasks of the client on his behalf. This still does not mean that these designers become his agent in terms of clause 4(5).

Definitions “designer”

Definitions “structure”

Clause 4(5)

Clause 4(5)

- 4.5 The regulations are fairly quiet regarding the functions and responsibilities of the designer except when designing of a structure. It is again assumed that the client will identify certain functions to be done by the designer on his behalf.

- viii)
- ix)
- x)

**GUIDELINES FOR CONTRACT ADMINISTRATION
 IN TERMS OF THE CONSTRUCTION REGULATIONS 2003
 HEALTH & SAFETY ACT 1993**

SECTION 5

5. THE PRINCIPAL CONTRACTOR (P C) AND CONTRACTOR

The responsibilities of these parties are comprehensively stipulated in the regulations.

5.1	In general it can be seen that the responsibilities of the PC (Principal Contractor) towards his contractors is Mutatis Mutandis to the responsibilities of the Client towards the PC.	
5.2	The PC is responsible for the collecting of these contractors' safety plans and to hold them to it.	Clause 5(1) and (2)
i)	He should also stop his contractors should they work unsafely.	Clause 5(3)(d)
ii)	He should appoint safety officers should the size of the work warrant it.	Clause 6(6)
iii)	He should cause a risk assessment to be executed by a competent person.	Clause 7(1)
iv)	Visitors to his site should undergo induction pertaining to H&S issues.	Clause 7(8)
v)	He shall see to his employees induction and H&S training.	Clause 7(7)
vi)	The employees of the PC and his contractors shall wear visible proof of their induction training.	Clause 7(9)(a)
5.3	The regulations also covers the detail of:	
	• Fall protection	Clause 8
	• Structures (under this heading the responsibilities of the designer of a structure is found)	Clause 9
	• Formwork and support work	Clause 10
	• Excavation work	Clause 11
	• Demolition work	Clause 12
	• Tunnelling	Clause 13
	• Scaffolding	Clause 14
	• Suspended platforms	Clause 15
	• Boatswain's chairs	Clause 16
	• Material hoists	Clause 17
	• Batch plants	Clause 18
	• Explosive powered tools	Clause 19
	• Cranes	Clause 20
	• Construction vehicles and mobile plant	Clause 21
	• Electrical installation and machinery on construction sites	
	• Use and storage of flammable liquids on construction sites	
	• Water environment	Clause 22
	• Housekeeping on construction sites	Clause 23
	• Stacking and storage on construction sites	Clause 24
	• Fire precautions on construction sites	Clause 25
	• Construction welfare facilities	Clause 26
		Clause 27

GUIDELINES FOR CONTRACT ADMINISTRATION
 IN TERMS OF THE CONSTRUCTION REGULATIONS 2003
 HEALTH & SAFETY ACT 1993

SECTION 6

6. APPOINTMENT OF THE DESIGNER

Clause 4(5)

- | | |
|--|--|
| <p>6.1 The client appoints the consultant or designer as agent only for the particular project and also for the duration of the project.</p> <p>6.2 It is further important to distinguish between “agent” in terms of the SAACE model agreement between client and engineer and “agent” in terms of the H&S regulations.</p> <p>6.3 The responsibilities and duties of a designer in the H&S context are <u>those that are dictated by law and/or those respectively given to him by the client</u>, except when he is a structural engineer and designs a “structure” in which case clause 9(2) applies automatically.</p> <p>6.4 The client should only add to the responsibilities of the designer those which is not automatically in his hand in terms of clause 9(1) of the regulations.</p> <p>6.5 The following duties are not regarded as normal work of the designer of a “structure” and will therefore require an additional appointment.</p> | <p>.1 To ensure the H&S plan of the PC is implemented on site. Clause 4(1)(d)</p> <p>.2 To ensure that changes to the design are also incorporated in the H&S plan. Clause 4(1)(e)</p> <p>.3 To ensure that the principal contractor is registered and in good standing with the workmens’ compensation fund. Clause 4(1)(f)</p> <p>.4 To see that the contractor registers the site as a construction site at the Department of Labour. Clause 4(1)(g)</p> <p>.5 To discuss with the contractor the H&S plan and then recommend to the client the approval thereof. Clause 4(2)</p> <p>.6 To keep a copy of the H&S plan of the contractor in his possession and see that a copy is forwarded to the client. Clause 4(4)</p> <p>.7 Control the following on site:</p>
<p>a) To see that the principal contractor keeps the H&S file up to date and that it is given to the client upon completion of the contract. Clause 5(7)</p> <p>b) To see that the principal contractor keeps a data base of all contractors involved with the project. Clause 5(9)</p> <p>c) To see that the principal contractor appoints one or more construction supervisors.</p> <p>d) To see that this person is dedicated to the particular project only. Clause 6(4)</p> <p>e) To receive from the contractor his risk assessment and keep a copy of that for his and the clients records. Clause 7(1)</p> |
|--|--|

GUIDELINES FOR CONTRACT ADMINISTRATION
IN TERMS OF THE CONSTRUCTION REGULATIONS 2003
HEALTH & SAFETY ACT 1993

SECTION 7

7. THE ROLE OF THE CLIENT

7.1	The client shall still prepare the H&S specification in terms of clause 4(1)(a) for its global activities. The H&S specification for the particular project is assigned to the designer.	Clause 4(1)(a)
7.2	The client shall approve of the H&S plan of the contractor, but on the recommendation of the consultant/ designer.	Clause 4(2)
7.3	The client employs the Principal Contractor.	Clause 4(1)(c)
7.4	The client can appoint an agent in which case all the responsibilities of the agent in the regulations are transferred to the agent.	Clause 4(5)
7.5	The client should only appoint an agent should he have made reasonably sure that the agent can handle the responsibility.	Clause 4(6)
7.6	The client shall not appoint a contractor if he is not reasonably sure that the contractor can execute such work in a safe manner.	Clause 4(4)

GUIDELINES FOR CONTRACT ADMINISTRATION
IN TERMS OF THE CONSTRUCTION REGULATIONS 2003
HEALTH & SAFETY ACT 1993

SECTION 8

8. THE ROLE OF THE PRINCIPAL CONTRACTOR

The principal contractor should execute the following duties:

- | | | |
|-----|--|--------------|
| .1 | Provide a health and safety plan. | 5(1) |
| .2 | See that his contractors comply with the regulations. | 5(2) |
| .3 | He should discuss the particular H&S plan. | 5(5) |
| .4 | He should have his H&S plan available. | 5(6) |
| .5 | He should have an H&S file available on site and hand it over to the client upon completion. | 5(7) |
| .6 | He should not employ contractors who are not capable. | 5(10) |
| .7 | He should have full time supervision on site. | 6(1) to 6(8) |
| .8 | He should produce a risk assessment of the work. | 7(1) |
| .9 | He should train his employees. | 7(4) |
| .10 | He should introduce induction training on site. | 7(7)/ 7(8) |
| .11 | All physical aspects of the regulations as in terms of the regulations. | |

GUIDELINES FOR CONTRACT ADMINISTRATION
 IN TERMS OF THE CONSTRUCTION REGULATIONS 2003
 HEALTH & SAFETY ACT 1993

SECTION 9

9. THE PROCEDURE

9.1	The Client decides to execute work and appoints a designer to administer the work.	
9.2	The scope of works and the exact duties of the designer are identified and given to him in writing. The designer should affect insurance by which the client is indemnified (by the designer) for acts and omissions of the designer. This type of insurance does not form part of the normal PI insurance provided by the designer. The designer prepares a contract document and ensures that this document states clearly the following:	
.1	A risk assessment of the project and the H&S specification of the client.	
.2	All relevant information to enable the pricing of the contract.	9(2)(a)
.3	Items in the bill to enable the tenderer to price for the risk including insurance indemnifying the client. The document should state whether a full time safety officer is required on site.	9(2)(b)
.4	(i) Geotechnical information (ii) Loading of the structure – in other words all relevant technical data taking the definition of “structure” into account. (iii) The method and sequence of the process. This should identify the priorities of the client.	9(2)(c)(i) to (iii)
.5	Inherently dangerous procedures should be avoided in the design.	9(2)(d)
.6	The maintenance of the structure should be considered also so that this aspect would be safe and ergonomic too.	9(2)(e)
9.3	The tenderers then respond by each giving a H&S plan based on the risk assessment of the designer.	
9.4	The client then chooses the contractor according to his procurement policy (taking into account his ability to do the work safely) and appoints him in writing via the designer.	
9.5	The chosen principal contractor then affects a detailed risk assessment and a risk management plan, based on the H&S specification.	

- | | |
|------|---|
| 9.7 | Once on site the principal contractor should register the site by means of the prescribed form and have it approved by the client/designer. |
| 9.8 | He should open and then maintain his H&S file through the duration of the contract. |
| 9.9 | He should then further adhere to the provisions of the H&S regulations. |
| 9.10 | He should hand over the H&S file (recommend to do that with the designer's as-built drawings). |
| 9.11 | The designer should stop the work if he has reason to belief that the contractor is executing work in an unsafe manner. |
| 9.12 | Likewise should the principal contractor stop the work of his contractor(s) should he have reason to belief that such contractor is not working safely. |

O. R. TAMBO DISTRICT MUNICIPALITY
GUIDELINES FOR CONTRACT ADMINISTRATION
IN TERMS OF THE CONSTRUCTION REGULATIONS 2003
HEALTH & SAFETY ACT 1993

SECTION 10

10. CONTRACT DOCUMENTATION

The contract documentation needs to emphasize the following points in order to comply with the Health and Safety Act 1993 and the Construction Regulations 2003.

A. In the Specification section

1. Health and Safety Specification

The Client shall issue the Designer with his Health and Safety specification and it shall be included as such in the document.

Should the Designer be of the opinion that variations and additions be made to the specification, due to the nature of the particular project, he shall forward the proposed variation or addition to the NDM who will authorize this in writing.

2. Risk Assessment

This can form part of the contract specifications.

It is necessary to identify to the contractor:

- i) The situation on site as it is with all the potential hazards and dangers involved.
- ii) The nature of the work and the situations that the average contractor would encounter during the execution of the work. The nature of the work and the expected risks should be described in particular as well as the method and the sequence of the work.
- iii) The basic safety precautions that he should take.
- iv) The Safety and Health specification of the client.
- v) To allow sufficient items in the bill of quantities for the tenderer to price for the specified H&S precautions.

3. Insurance

The contractor shall affect insurance indemnifying the client against penalties levied upon the client due to the acts or omissions of the contractor in failing to comply with the provisions of the H&S regulations 2003.

The contractor shall prove to the Engineer that such insurance has been affected and maintained during the construction.

B. The Tender Rules

The tender rules shall contain a clause requiring the contractor to submit a H&S plan based on the risk assessment given in the contract document. It should also state that the client is bound by law not to appoint a contractor should he be reasonably sure that the contractor would not be able to execute the work safely should he be appointed.

The following example is recommended.

Compliance with the Regulations of the H&S Act 2003

Tenderers are required to study the published risk assessment and provide Annexure Y his Health and Safety Plan. Generic document will be disregarded. Such H&S plan should give details regarding the tenderers intention of dealing with the risks.

Failure to submit such H&S plan will result in disqualification of the tender.

Tenderers are informed that the client is bound by law not to accept a tender should he be reasonable sure that the tenderer will not be able to execute the work safely.

O. R. TAMBO DISTRICT MUNICIPALITY
GUIDELINES FOR CONTRACT ADMINISTRATION
IN TERMS OF THE CONSTRUCTION REGULATIONS 2003
HEALTH & SAFETY ACT 1993

SECTION 11

11. CONCLUSION

The Construction Regulations 2003 was long overdue in the South African Civil Engineering Construction Industry. Role players will now be forced to implement them and an awareness of safe working environments will be cultivated.

Clients might initially detect a contemptuous attitude particularly from contractors and even designers or consultants. This should not deter clients since acts and omissions from these parties will bring clients in confrontation with the law.

Contract cost will certainly escalate due to the additional specifications but this should be weighed against the value of human lives improved and saved.

The construction industry, particularly the Civil Engineering Sector, will have to accept and embrace these regulations and then seriously look at its productivity to curb the cost of the implementation process.

1.0 SCOPE

This part of the specification has the objective to assist principal contractors entering into contracts with The Employer that they comply with the Occupational Health and Safety (OH&S) Act, No 85 of 1993. Compliance with this document does not absolve the principal contractor from complying with minimum legal requirements, and the principal contractor remains responsible for the health and safety of his employees and those of his Mandataries. Principal and other contractors should therefore insist that this part of the specification form part of any contract that he may have with other contractors and/or suppliers.

This section covers the development of a health and safety specification that addresses all aspects of occupational health and safety as affected by this contract. It provides the requirements that the principal contractors and other contractors shall comply with in order to reduce the risks associated with this contract that may lead to incidents causing injury and/or ill health.

2.0 GENERAL OCCUPATIONAL HEALTH AND SAFETY PROVISIONS

2.1 Hazard Identification and Risk Assessment (Construction Regulation 7)

2.1.1 Risk Assessments

Paragraph 4 contains a generic list of risk assessment headings that have been identified by The Employer as possibly applicable to this contract. It is, by no means, exhaustive and is offered as assistance to contractors intending to bid.

2.1.2 Development of Risk Assessment

Every principal contractor performing construction work shall, before the commencement of any construction work or work associated with the aforesaid construction work and during such work, cause a risk assessment to be performed by a competent person, appointed in writing, and the risk assessment shall form part of the OH&S plan and be implemented and maintained as contemplated in Construction Regulation 5(1).

The risk assessment shall include at least:

- the identification of the risks and hazards to which persons may be exposed
- the analysis and evaluation of the risks and hazards identified
- a documented plan of safe work procedures to mitigate, reduce or control the risks and hazards that have been identified.
- a monitoring plan and
- a review plan

Based on the risk assessment, the principal contractor shall develop set site-specific OH&S rules that shall be applied to regulate the OH&S aspects of the construction. The risk assessment, together with the site-specific OH&S rules shall be submitted to The Employer before construction on site commences.

Despite the risk assessment listed in paragraph 4, the principal contractor shall conduct a baseline risk assessment and the aforesaid listed risk assessment shall be incorporated into the baseline risk assessment. The baseline assessment shall further include the standard working procedures and the applicable method statements based on the risk assessments.

All variations to the scope of work shall similarly be subjected to a risk assessment process.

2.1.3 Review of Risk Assessment

The principal contractor shall review the hazard identification, risk assessments and standard working procedures at each production planning and progress report meetings as the contract work develops and progresses and each time changes are made to the designs, plans and construction methods and processes. The principal contractor shall provide The Employer, other contractors and all other concerned parties with copies of any changes, alterations or amendments as contemplated in paragraph 2.1.3.

2.2 Legal Requirements

A principal contractor shall, as minimum, comply with:

The Occupational Health and Safety Act and Regulations (Act 85 of 1993), an up to date copy of which shall be available on site at all times.

The Compensation or Occupational Injuries and Diseases Act (Act 130 of 1993), an up to date copy of which shall be available on site at all times.

Where work is being carried out on a "mine", the contractor shall comply with the Mines Health and Safety Act and Regulations (Act 29 of 1960) and any other OH&S requirements that the mine may specify. An up-to-date copy of the Mine's Health and Safety Act and Regulations shall be available on site at all times.

2.3 Structure and Responsibilities

It is a requirement that the principal contractor, when he appoints contractors (Sub-contractors) in terms of Construction Regulations 5(3), 5(5), 5(10), and 5(12) includes in his agreement with such contractors the following:

- OH&S Act (85 of 1993), Section 37(2) agreement: "Agreement with Mandatory"
- OH&S Act (85 of 1993), Section 16(2) appointee/s as detailed in his / her/ their respective appointment forms.

2.2.3 Further (Specific) Supervision Responsibilities for OH & S

The contractor shall appoint designated competent employees and/or other competent persons as required by the Act and Regulations. Below is a generic list of identified appointments and may be used to select the appropriate

appointments for this contract. The contractor shall note it is a generic list only and is intended for use as a guideline.

Ref. Section/ Regulation in OHS Act	
Batch Plant Supervisor	(Construction Regulation 6(1))
Construction Vehicles/ Mobile Plant/ Machinery Supervisor	(Construction Regulation 21)
Demolition Supervisor	(Construction Regulation 12)
Drivers/Operators of Construction Vehicles/ Plant	(Construction Regulation 21)
Electrical Installation and Appliances Inspector	(Construction Regulation 22)
Emergency/Security/Fire Control	(Construction Regulation 27)
Excavation Supervisor	(Construction Regulation 11)
Explosive powered Tool Supervisor	(Construction Regulation 19)
Fall Protection Supervisor	(Construction Regulation 8)
First Aider	(Construction Regulation 3)
Fire Equipment Inspector	(Construction Regulation 27)
Formwork & Support work Supervisor	(Construction Regulation 10)
Hazardous Chemical Substances Supervisor	(HCS Regulations)
Incident Investigator	(General Admin Regulation 29)
Ladder Inspector	(General Safety Regulation 13A)
Lifting Equipment Inspector	(Construction Regulation 20)
Material Hoist Inspector	(Construction Regulation 17)
OH&S Committee	(OH&S Section 19)
OH&S Officer	(Construction Regulation 6(6))
OH&S Representatives	(OHS Act Section 17)
Person Responsible for Machinery	(General Machinery Regulation 2)
Scaffolding Supervisor	(Construction Regulation 14)
Stacking & Storage Supervisor	(Construction Regulation 26)
Structures Supervisor	(Construction Regulation 9)
Suspended Platform Supervisor	(Construction Regulation 15)
Tunneling under Pressure Supervisor	(Construction Regulation 13)
Vessel under Pressure Supervisor	(Vessel under Pressure Regulations)
Working on/next to Water Supervisor	(Construction Regulation 24)
Welding Supervisor	(General Safety Regulation 9)

In addition, The Employer requires that a Traffic Safety Officer be appointed (see COLTO Section 1500). The above appointments shall be in writing and the responsibilities clearly stated together with the period for which the appointment is made. This information shall be communicated and agreed with the appointees. Notice of appointments shall be submitted to The Employer. All changes shall also be communicated to the Employer.

The principal contractor or shall, furthermore, provide The Employer with an organogram of all contractors that he/she has appointed or intends to appoint and keep this list updated and prominently displayed on site.

Where necessary, or when instructed by an inspector of the Department of Labour, the principal contractor shall appoint a component safety officer.

2.3.3 Designation of OH&S Representatives (Section 17 of the OH&S Act)

Where the principal contractor employs more than 20 persons (including the employees of other contractors (sub-contractors) he has to appoint one OH&S representatives for every 5 employees or part thereof. General Administrative Regulation 6 requires that the appointment or election and subsequent designation of the OH&S representatives be conducted in consultation with employee representatives or employees. (Section 17 of the Act and General Administrative Regulation 6 & 7). OH&S representatives shall be designated in writing and the designation shall include the area of responsibility of the person and term of the designation.

2.3.4 Duties and Functions of the OH&S representatives (Section 18 of the OH&S Act)

The principal contractor shall ensure that the designated OH&S representatives conduct continuous monitoring and regular inspections of their respective areas of responsibility using a checklist and report thereon to the principal contractor. OH&S representatives shall be included in accident or incident investigations. OH&S representatives shall attend all OH&S committee meetings.

2.3.5 Appointment: of OH&S Committee (Section 19 and 20 of the OH&S Act)

The principal contractor shall establish an OH&S committee, which shall meet as specified in the Regulations.

2.4 Administrative Controls and the Occupational Health & Safety File

2.4.1 The OH&S File (Construction Regulation 5(7))

As required by the Construction Regulation 5(7), the principal contractor and other contractors shall each keep an OH&S file on site. The following list is not exhaustive and shall only be used as a guide:

- Notification of construction work (Construction Regulation 3)
- Latest copy of OH&S Act (General Administrative Regulation 4)
- Proof of registration and good standing with COID Insurer (Construction Regulation 4(g))
- OH&S plan agreed with the client including the underpinning risk assessment/s and method statements (Construction Regulation 5(1))
- Copies of OH&S committee and other relevant minutes
- Designs/Drawings (Construction Regulation 5(8))
- A list of contractors (sub-contractors) including copies of the agreements between the parties and the type of work being done by each contractor (Construction Regulation 9)
- Appointment/designation forms as per paragraphs 2.1.1 and 2.1.2
- Registered as follows:
 - Accident/incident register (Annexure 1 of the General Administrative Regulations)
 - OH&S representatives' inspection register
 - Asbestos demolition and stripping register
 - Batch plant inspections
 - Construction vehicles and mobile plant inspections by controller
 - Daily inspection of vehicles, plant and other equipment by the operator/driver/user
 - Demolition inspection register
 - Designer's inspection of structures record
 - Electrical installations, equipment and appliances including portable electrical tools
 - Excavations inspector
 - Explosive powered tool inspection, maintenance, issue and returns register (incl. Cartridges and nails)
 - Fall protection inspection register
 - First aid box contents
 - Fine equipment inspection and maintenance
 - Formwork and support work inspections
 - Hazardous chemical substances record
 - Ladder inspections
 - Lifting equipment register
 - Materials hoist inspection register
 - Machinery safety inspection register (incl. Machine guards, lock-outs etc.)
 - Scaffolding inspections
 - Stacking and storage inspection
 - Inspection of structures
 - Inspection of suspended platforms
 - Inspection of tunnelling operations
 - Inspection of vessels under pressure
 - Welding equipment inspections

 - Inspection of work conducted near water
 - All other applicable records including traffic safety officer reports.

The Employer will conduct an audit on the OH&S file of the principal constructor from time-to time.

2.5 Notification of Construction Work (Construction Regulation 3)

The principal constructor shall, where the contract meets the requirements laid down in Construction work and use the form (Annexure A in the Construction Regulations) for the purpose. A copy shall be kept on the OH&S file and a copy shall be forwarded to The Employer for record keeping purposes.

2.6 Training and Competence

The contents of all training required by the Act and Regulations shall be included in the principal contractor's OH&S plan. The principal contractor shall be responsible for ensuring that all relevant training is undertaken.

Only accredited service providers shall be used for OH&S training. The principal contractor shall ensure that his and other contractor's personnel appointed are competent and that all training required to do the work safely and without risk to health, has been completed before work commences. The principal contractor shall ensure that follow-up and refresher training is conducted as the contract progresses and the work situation changes. Records of all training must be kept on the OH&S file for auditing purposes.

2.7 Consultations, Communication and Liaison

OH&S liaison between the client, the principal contractor, the other contractors, the designer and other concerned parties will be through the OH&S committee as contemplated in paragraph 2.3.5. In addition to the above, communication may be directly to the client or his appointed agent, verbally or in writing, as and when the need arises.

Consultation with the workforce on OH&S matters will be through their supervisions, OH&S representatives and the OH&S committee. The principal contractor shall be responsible for the dissemination of all relevant OH&S information to the other contractors e.g. design changes agreed with the client and the designer, instructions by the client and/or/his/her agent, exchange of information between contractors, the reporting of hazardous/dangerous conditions/situations etc. The principal contractor's most senior manager on site shall be required to attend all OH&S meetings.

2.8 Checking Reporting and Corrective Actions

2.8.1 Monthly Audit by Client (Construction Regulation 4(1) (d))

The Employer will conduct monthly audits to comply with Construction Regulation 4(1)(d) to ensure that the principal contractor has implemented and is maintaining the agreed and approved OH&S plan.

2.8.2 Other Audits and Inspections by The Employer

The Employer reserves the right to conduct other hoc audits and inspections as deemed necessary. This will include site safety walks.

2.8.3 Contractor's Audits and Inspections

The principal contractor is to conduct his own monthly internal audits to verify compliances with his own OH&S management system as well as this specification.

2.8.4 Inspections by OH&S Representatives and other Appointees

OH&S representatives shall conduct weekly inspections of their areas of responsibility and report thereon to their foreman or supervisor whilst other appointees shall conduct inspections and report thereon as specified in their appointments e.g. vehicle and machinery drivers, operators and users must conduct daily inspections before start-up.

2.8.5 Recording and Review of Inspection Results

All the results of the above mentioned inspections shall be in writing at OH&S committee meetings, endorsed by the chairman of the meeting and placed on the OH&S File.

2.9 Accidents and Incident Investigation (General Administrative Regulation 9)

The principal contractor shall be responsible for the investigation of all accidents/incidents where employees and non-employees were injured to the extent that he/she/they had to be referred for medical treatment by a doctor, hospital or clinic. The results of the

investigations shall be entered into an accident/incident register listed in paragraph 2.4.1

The principal contractor shall be responsible for the investigation of all minor and non-injury incidents as described in Section 24 (1) (b) & (c) of the Act and keeping a record of the results of such investigations including the steps taken to prevent similar accidents in future.

2.10 Reporting

The principal contractor shall provide the Employer with copies of all statutory reports required in terms of the Act within 7 days of the incident occurring.

3.0 OPERATIONAL CONTROL

3.1 Operational Procedures

Each construction activity shall be assessed by the principal contractor so as to identify operational procedures that will mitigate against the occurrence of an incident during the execution of each activity. This specification requires the principal contractor:

- to be conversant with Regulations 8 to 29 (inclusive)
- to comply with their provisions
- to include them in his OH&S plan where relevant

3.2 Emergency Procedure

Simultaneous with the identification of operational procedures (per paragraph 3.1 above), the principal contractor shall similarly identify and formulate emergency procedures in the event an incident does occur. The emergency procedures thus identified shall also be included in the principal contractor's OH&S plan.

3.3 Personal & Other Protective Equipment (Section 8/ 15/ 23 of the OH&S Act)

The contractor shall identify the hazards in the workplace and deal with them. He must either remove them or, where impracticable, take steps to protect workers and make it possible for them to work safely and without risk to health under the hazardous conditions.

Personal protective equipment (PPE) should, however, be the last resort and there should always first be an attempt to apply engineering and other solutions to mitigating hazardous situations before the issuing of PPE is considered.

Where it is not possible to create an absolutely safe and healthy workplace the contractor shall inform employees regarding this and issue, free of charge, suitable equipment to protect them from any hazards being present and that allows them to work safely and without risk to health in the hazardous environment.

It is a further requirement that the contractor maintain the said equipment, that he instructs and trains the employees in the use of the equipment and ensures that the prescribed equipment is used by the employee/s.

Employees do not have the right to refuse to use/wear the equipment prescribed by the employer and, if it is impossible for an employee to use or wear prescribed protective equipment through health or any other reason, the employee cannot be allowed to continue working under the hazardous condition/s for which the equipment was prescribed but an alternative solution has to be found that may include relocating or discharging the employee.

The principal contractor shall include in his OH&S plan the PPE he intends issuing to his employees for use during construction and the sanctions he intends to apply in cases of non-conformance by his employees. Conformance to the wearing of PPE shall be discussed at the weekly inspection meetings.

3.4 Other Regulations

Wherever in the Construction Regulations or this specification there is reference to other regulations (e.g. Construction Regulation 22: Electrical and Machinery on Construction Sites) the principal contractor shall be conversant with and shall comply with these regulations.

3.5 Public Health and Safety (Section 9 of the OH&S Act)

The principal contractor shall be responsible for ensuring that non-employees affected by the construction work are aware of the dangers likely to arise from said construction work as well as the precautionary measures to be observed to avoid or minimize those dangers. This includes:

- Non-employees entering the site for whatever reason
- The surrounding community
- Passers by to the site

4.0 PROJECT/S SPECIFIC REQUIREMENTS

4.1 List of Risk Assessments

- Clearing and Grubbing of the areas/site
- Site establishment including:
 - Offices
 - Secure/safe storage for materials and equipment
 - Ablutions
 - Sheltered eating area
 - Maintenance workshop
 - Vehicle access to the site
- Dealing with existing structures
- Location of existing services
- Installation and maintenance of temporary construction electrical supply, lightning and equipment
- Adjacent land uses/surrounding property exposures
- Boundary and access control/public liability exposures (NB: the employer is also responsible for the OH&S of the non-employees affected by his/her work activities)
- Health risks arising from neighbouring as well as own activities and from the environment e.g. threats by dogs, bees, snakes and lightning etc.
- Exposure to noise
- Exposure to vibration
- Protection against dehydration and heat exhaustion
- Protection from wet and cold conditions
- Dealing with HIV/AIDS and other diseases
- Use of portable electrical equipment including
 - Angle grinder
 - Electrical drilling machine
 - Still saw
- Excavation including
 - Ground/soil conditions
 - Trenching
 - Shoring
 - Drainage of trench
- Welding including
 - Arc welding
 - Gas welding
 - Flame cutting
 - Flame cutting
 - Use of LP gas torches and appliances
- Loading and offloading of truck
- Aggregate/sand and other materials delivery
- Manual and mechanical handling
- Lifting and powering operators
- Driving and operation of construction vehicles and mobile plant including.

- Trenching machine
- Use and storage of flammable liquids and other hazardous substances
- Layering and bedding
- Installation of pipes in pipelines
- Backfilling trenches
- Protection against flooding
- Gabion work
- Use of explosive
- Protection from overhead power lines
- As discovered by the principal contractor's hazard identification exercise
- As discovered from any inspection and audits conducted by the client or by the principal contractor or any other contractor on site
- As discovered from any accident/incident investigation

FORM C1.6	SUPPLY CHAIN MANAGEMENT POLICY
------------------	---------------------------------------

Please refer to O. R. Tambo District Municipality’s Procurement Policy.

C2	PRICING DATA
----	--------------

- C2.1 Pricing Instructions
- C2.2 Bill of Quantities

FORM C2.1 PRICING INSTRUCTIONS

1. Measurement and payment for Schedule 1 (Preliminary and General), Schedule 2 (Provisional Sums and Prime Cost Items), Schedule 3 (Prefabricated Concrete VIP Structures – Ward 31) and Schedule 4 (Prefabricated Concrete VIP Structures – Ward 32) shall be in accordance with the relevant provisions of Clause 8 of each of the SANS 1200 Specifications for Civil Engineering Construction referred to in the Scope of Work.
2. The units of measurement described in the Bill of Quantities are metric units. Abbreviations used in the Bill of Quantities are as follows:

%	=	percent	m ² .pass	=	square metre-pass
h	=	hour	m ³	=	cubic metre
ha	=	Hectare	m ³ .km	=	cubic metre-kilometre
kg	=	Kilogram	MN	=	meganewton
kl	=	Kilolitre	MN.m	=	meganewton-metre
km	=	Kilometre	MPa	=	megapascal
km-pass	=	kilometre-pass	No.	=	number
kPa	=	Kilopascal	Prov sum	=	Provisional sum
kW	=	Kilowatt	P C sum	=	Prime Cost sum
l	=	Litre	sum	=	lump sum
m	=	Metre	t	=	ton (1 000 kg)
mm	=	Millimetre	W/day	=	Work day
m ²	=	square metre			

3. Unless otherwise stated, items are measured net in accordance with the drawings with no allowance for waste.
4. The prices and rates to be inserted in the Bill of Quantities are to be the full inclusive prices for the work described under the items. Such prices and rates shall cover all costs and expenses that may be required in accordance with the provisions of the Scope of Work
5. and shall cover the cost of all general risks, liabilities, and obligations set forth or implied in the Contract Data, as well as overhead charges and profit. These prices shall be used as a basis for assessment of payment for additional work that may have to be carried out.
6. It will be assumed that prices included in the Bill of Quantities are based on Acts, Ordinances, Regulations, By-laws, International Standards and National Standards that were published 28 days before the closing date for tenders. (Refer to **www.sabs.co.za** or **www.iso.org** for information on standards).
7. Where the Scope of Work requires detailed drawings and designs or other information to be provided, all costs associated therewith are deemed to have been provided for and included in the unit rates and sum amount tendered for such items.
8. An item against which no price is entered will be considered to be covered by the other prices or rates in the Bill of Quantities. A single lump sum will apply should a number of items be grouped together for pricing purposes.
9. The quantities set out in the Bill of Quantities are approximate and do not necessarily represent the actual amount of work to be done. The quantities of work accepted and certified for payment will be used for determining payments due and not the quantities given in the Bills of Quantities.
10. Reasonable compensation will be received where no pay item appears in respect of work required in the Bills of Quantities in terms of the Contract and which is not covered in any other pay item.
11. The short descriptions of the items of payment given in the Bill of Quantities are only for the purposes of identifying the items. More details regarding the extent of the work entailed under each item appear in the Scope of Work.

12. Descriptions in the Bill of Quantities are abbreviated and comply generally with those in the SANS 1200 Standardised Specifications.
13. If there is a discrepancy in description of items between the Bill of Quantities and the Drawings, the Bill of Quantities Description shall be used.

SHE	Safety Health Environment
BBBEE	Broad-Based Black Economic Empowerment
PPPFA	Procurement Preferential Policy Framework Act
OHS	Occupational and Health Safety

C3.1.2. OVERVIEW OF THE WORKS

The work entails the provision of labour, tools, plant and equipment and supervision for the installation of **316** precast concrete VIP toilets in various villages within Nyandeni Local Municipality Ward 28.

C3.1.3. EMPLOYER'S OBJECTIVES

The Clients objectives is to supply, deliver and install precast concrete VIP toilets in various villages within **Ward 28 of Nyandeni Local Municipality** and surrounding areas. The contractor shall use reasonable resources.

C3.1.4. EXTENT OF WORKS

The extent of the proposed works includes but are not limited to, the following:

- establishment of site by the Contractor
- supply of labour, tools, plant and equipment and supervision, necessary for the Works
- setting out of the Works
- temporary Works
- the provision of all statutory regulatory requirements such as, but not limited to health and safety, environmental, security, insurances, performance guarantees, etc.
- carry out contract administration procedures in terms of the contract
- undertake and construct the works in terms of the conditions as stated in the works
- accommodation of vehicular traffic and pedestrians during all construction work
- maintenance of the works during and after construction as per the contract
- handling and transportation precast concrete VIP toilets materials within the erf boundary
- clear and grub
- excavation of toilet pits to the required depth
- installation of precast concrete toilets as per approved design
- re-instatement of work area

C3.1.5. LOCATION OF SITE

The following villages are in Nyandeni Ward 28 within O. R. Tambo District Municipality.

Village Name	Household/ Beneficiaries
Kwazulu	7
Lutshini	61
Mayalweni	63
Mzonyane	3
Ngonyameni	24
Ntibane	7
Sidanda	23
Sizindeneni No 1	26
Sizindeneni No 2	8
Sizindeneni No 2	26
Zulu	3

NB: THE BENEFICIARY REGISTER WILL BE SHARED WITH THE SUCCESSFUL BIDDER AFTER AWARD.

C3.1.6. TEMPORARY WORKS

3.1.6.1. Existing Services

It is the Contractor's responsibility to protect the existing services and must make provision for the works when pricing. The Contractor shall ensure that prior to construction all the necessary records for all services have been obtained and verified on site by the relevant authorities.

The Contractor shall take whatever precautions required to protect all existing services from damage during the period of the contract. Any damage to existing services indicated by the relevant Service Authority or other damage as a result thereof, shall be for the Contractor's account.

3.1.6.2. Shoring of Excavations

The Contractor shall make allowance for shoring and protection against collapse of all excavations deeper than 1.5m from the surrounding natural ground level. Alternatively, battering of side slopes of the excavation will be allowed.

3.1.6.3. Housekeeping

The Contractor shall take note that the progressive and systematic finishing and tidying of Site will form an essential part of this contract. On no account shall spoil, rubble, materials, equipment, or unfinished operations be allowed to accumulate in such a manner as to unnecessarily be a hindrance or impede the activities of either the public or the Employer. In the event of this occurring, the Employer shall have the right to withhold payment for as long as may be necessary in respect of the relevant works in the area(s) concerned.

Upon completion of the Works, or any portion thereof, the ground, fences, gates, and any structures that have been interfered with are carefully restored to their original condition or better. All rubbish, tools, tackle plant and materials must be removed, so as to leave the Site in a clean and orderly condition. No additional payment will be made for such work.

C3.1.7. ACCESS TO SITE

No work may commence on the project unless the *Employer's Agent* has issued an instruction to commence with the *Works* in terms of Clause 5.3.1, whereas the following documentation has been approved by the *Employer*:

- 1) Health and Safety File
- 1) Initial Programme
- 2) all the guarantees required under this Contract have been duly obtained
- 3) all the insurances required under this Contract have been duly obtained
- 4) Site Access has been granted to the *Contractor* by the *Employer*.

The *Contractor* shall submit all requisite documentation within the period stated in clause 5.3.2 of fourteen (14) days after the Commencement Date. Should there be a need to rectify the documentation, an additional opportunity shall be granted to conform to the requirements; the *Contractor* must resubmit the revised documentation within seven days of being instructed to do so by the *Employer's Agent*. Thereafter, should the documentation fail to comply with the requirements set out in this Contract, the *Employer* may terminate the *Contract*.

Together with the instruction to commence with the *Works*, the *Employer's Agent* shall issue the *Contractor* with the full and complete beneficiary list. The *Employer's Agent* will have the ID copies of all individuals who appear on the beneficiary list, therefore, there is no need for the *Contractor* to collect same. However, if the *Contractor* elects to install toilets for households who do not appear in the beneficiary list, it is incumbent upon him to seek their ID documentation and submit same to the *Employer Agent Representative*. To avoid any doubt, no payment will be made for any toilet installation to individuals who do not appear on the beneficiary list unless the *Employer's Agent* has received their ID documentation.

C3.1.8. NORMAL WORKING DAY AND TIME

The minimum recommended working hours to be observed on site are from Monday to Friday between 07h30 to 16h00; these days and hours constitute normal working day and time in terms of this contract.

C3.1.9. HEALTH AND SAFETY COMPLIANCE

The *Contractor* shall ensure that all required documents prescribed by Law are kept on file at the site office. All OHS and Construction Regulation requirements are to be always adhered to by the *Contractor*.

C3.1.10. MEETINGS

Meetings of a general nature may be convened and chaired by the *Employer's Agent*. Meetings of a specialist nature to address specific issues as and when the need arises, may be convened as specified elsewhere in this Works Information or if not so specified by persons and at times and locations to suit the Parties. Records of these meetings shall be submitted to the *Employer's Agent* by the person convening the meeting within five (5) days of the meeting.

All meetings shall be recorded using minutes or a register prepared and circulated by the person who convened the meeting. Such minutes or register shall not be used to confirm actions or instructions under the contract as these shall be done separately by the person identified in the conditions of contract to carry out such actions or instructions.

The *Contractor* shall be represented at all meetings by at-least one of the key personnel, preferably

the Construction Manager. All charges in respect of attendance at meetings and the provision of secretarial services shall be included in the tendered basic fee.

Meeting Type	Location	Interval	Attendance
Management Meeting	Employer's Offices	Time to Time	<i>Employer's Agent, Employer's Agent Representative, Contractor, Employer, ISD Consultant, and OHS Agent</i>
Site Handover meeting	Site	After the acceptance of the SHE File	<i>Employer's Agent, Employer's Agent Representative, Contractor, Employer, ISD Agent, Community and OHS Agent</i>
Community/Stakeholder Meetings	Site	Monthly	<i>Contractor, PSC, Employer's Agent (ISD)</i>
Toolbox talk and risk assessment	Site	Occurs daily, before work begins.	<i>Contractor</i>
Site/Technical Meetings	Site	Monthly	<i>Employer's Agent, Employer's Agent Representative, Contractor, Employer, ISD Agent and OHS Agent</i>

C3.1.11. CONTRACT MANAGEMENT

The *Contractor* is to ensure that all Construction Managers are competent and trained in the use of the general provisions of the General Conditions of Contract for Construction Works, Third Edition, 2015 (GCC 2015) and are fully conversant and familiar with the usage and procedures thereof. Adherence to the terms and conditions of the GCC is essential, and a requirement of all Construction Managers dedicated to the project.

C3.1.12. COMMUNICATIONS

Each instruction, certificate, submission, proposal, record, acceptance, notification, reply and other communication which this contract requires is communicated in a form which can be read, copied, and recorded, meaning in writing. A communication has effect when it is received at the last address notified by the recipient for receiving communications or, if none is notified, at the address of the recipient stated in the Contract Data.

Any notice or instruction required or permitted to be given under this *Contract* shall be in writing, specifically refer to this *Contract*, and shall be addressed to the appropriate recipient. Furthermore, instructions shall be issued by the *Employer's Agent* only, however, site instructions relating to the quality of work may be issued by the *Employer's Agent Representative* where appropriate.

C3.1.13. PROGRAMMING CONSTRAINTS

Time is critical on the project; thus, a comprehensive and fully detailed programme indicating all milestones and critical dates. This programme must first be accepted by the Employer's Agent and must be updated at the intervals stipulated in the terms and conditions.

Additional to the requirements stated in the terms, the following shall be included in the programme:

- (i) the *Commencement Date*
- (ii) the submission of documentation date per Clause 5.3.1
- (iii) completion of site establishment date:
- (iv) construction activities per village within the ward. All activities on the programme shall be linked to labour resources and equipment required to perform the specific activity.
- (v) Include delay days due to inclement weather
- (vi) material delivery dates
- (vii) the *Due Completion Date*
- (viii) and handover dates (*i.e., Practical Completion, Defects Period, Completion Date*) for formal inspection by the *Employer's Agent Representative* must be indicated

the programme must indicate the non-working days for the entire construction period. All public holidays for the duration of the contract. The *Contractor* shall submit the updated programme at intervals stipulated in the Contract Data.

C3.1.14. CONTRACTOR'S MANAGEMENT, SUPERVISION AND KEY PEOPLE

The *Contractor* shall submit an organogram showing all key people involved in the execution of the *Works*. All key personnel must be appointed in writing, must be current for the specific site and area of work and must be kept on file.

The *Contractor* shall also ensure that all plant, equipment, and resources dedicated to the project shall not be removed from site until there is no use for the intended plant and equipment. No moving of equipment and resources between projects shall be allowed without the *Employer's Agent* approval as it shall have an impact on the completion of the project and lead to delays in completion.

C3.1.15. REPORTING AND KPA

Within seven (7) days of the *Commencement Date*, the *Employer's Agent* shall issue Employer approved formats for the following:

- Payment Certificate
- EPWP Labour Report
- CPG Expenditure Report

The Contractor shall monthly provide a labour and subcontractor expenditure reports as required for MIG, EPWP and CPG reporting in a format approved by the *Employer*.

The labour report must include details of all labour (including that of subcontractors) that are South African citizens, earning less than **R250.00** a day, who are employed on a temporary or contract basis on this contract in the month in question. In addition, the Contractor shall simultaneously furnish the Employer's Agent with copies of the signed employment contracts entered into with such labour, together with certified copies of identification documents, proof of attendance in the form of attendance registers or timesheets, as well as evidence of payments to such labour in the form of copies of payslips or payroll runs. If the worker is paid in cash or by cheque, this information must be recorded on the envelope and the worker must acknowledge receipt of payment by signing for it and proof of such acknowledgement shall be furnished to the Employer's Agent.

The labour report shall be completed and submitted in accordance with the instructions therein and copies of all submitted documents must be kept on site and be made available to the Employer's Agent upon request.

It is mandatory requirement of this Contract that the *Contractor* submit these reports together with its application for interim payment. No interim payments shall be approved if any of the above reports are not included in the submission. To avoid doubt, the Contractor shall submit the following documents together with its application for interim payment:

- 1) Letter of appointment
- 2) Bank Account Confirmation Letter
- 3) Tax Invoice
- 4) Payment Certificate
- 5) Signed Happy Letter Register

PART C3.2 PROJECT SPECIFICATION

C3.2.1 PROJECT SPECIFICATIONS

The latest SANS 1200 Standard Specifications for Civil Engineering Construction shall be applicable to this contract as well as the latest National Building Regulations, SANS 10400- Part Q. Part Q: Non-waterborne means of sanitary disposal refers to all the parts of the system that could be used from VIP toilets (Ventilated improved pit toilets). The construction guidelines are specific as to size and location and must minimise odours and the attraction of flies

For this Contract the following standardised specification sections of the SANS 1200 series shall form part of the Contract Document (although not issued or bound in with the Tender Document).

SANS 1200 Series	Title
A	GENERAL (SMALL WORKS)
AB	ENGINEER'S OFFICE
DA	EARTHWORKS (SMALL WORKS)
GF	PRECAST CONCRETE

C3.2.2 GENERAL

C3.2.2.1 Site Establishment

The Contractor should take note of the following requirements with regard to site establishment:

- 1) Water Supply- Water is available from the existing water network and the contractor is to arrange with ORTDM for a connection point. The Contractor will be responsible for the costs of the connection as well as the use of water for construction purposes. The Contractor's attention is drawn to the fact that the potable water supply is erratic in this area. Under no circumstances may potable water be used for construction unless written permission is granted by the Client.
- 2) Power Supply - Electricity is available from the existing network and the Contractor is to arrange with the Local Authority for a connection. The Contractor will be responsible for the costs of electricity consumed as well as the connection costs.
- 3) Camp Site - The Employer together with the community shall point out the position of the Contractor camp to the Contractor during the site handover meeting. The Contractor may assume that the site camp will be within Site, however, due to the extent of the Site, some work areas may be about 20-30km away from the camp site. The Contractor should make allowance in his/her pricing for extensive travelling as only one camp site will be allowed and paid for.
- 4) Sanitary Facilities - The Contractor is to provide the necessary sanitary facilities at the site camp, all of which will be governed by the Employer's OHS requirements. The Contractor shall pay all sanitary fees and charges due.
- 5) Temporary Office - The Contractor will be required to provide one office, for the exclusive use of the Employer's Agent or his staff. The details and furnishings shall be as set out in SANS1200AB 3.2, except that a wash hand basin, provision for heating and cooling, and an exclusive toilet shall not be required. In addition to the single office, he will be required to provide a suitable venue, with a table and at least 12 chairs, for site and technical meetings to be held over the duration of the Contract.

Neither housing nor shelters will be provided for the contractor's employees, and the Contractor shall

make his own arrangements to house his employees and transport them to the SiteNameboard - One name board shall be provided in positions as ordered by the Client and/or the Engineer. The Client will provide the lettering required once the tender is awarded.

6) Housekeeping, Stacking, Storage and Demarcation –

- a. Prior to receiving and storing the material, the Contractor should identify and notify all the areas he intends to stack and store materials to the *Employer's Agent Representative* and *Employer's Agent for health and safety* for acceptance about the suitability of the identified areas. Once the areas are accepted, the Contractor shall temporarily demarcate these areas appropriately, restricting unauthorised access. The temporary demarcation shall be in the form of fencing, access control and hazard tape (Red and White or Yellow and Black). The Contractor should then request approval by the *Employer's Agent Representative* and *Employer's Agent for health and safety*. Materials may only be stored in areas which have been approved/accepted by the *Employer's Agent Representative* and *Employer's Agent for health and safety*.

Failure to comply with the above, shall be construed a substantial breach of the health and safety requirements and the Employer may terminate the Contract in terms of clause 9.2.1 of the conditions.

NOTE: Where hazards exist, and entry must be specifically excluded for safety or health reasons, a robust and substantial barrier of timber, rope or other material must be used in conjunction with barrier tape to prevent entry to unauthorised persons. Hazard tape in any form must not be used in isolation.

- b. The Contractor shall identify specific locations for waste management (e.g. sorting area locations, bin locations, waste material stockpile locations) will be established on site. The Contractor shall remove and dispose of all waste materials from Site at regular intervals to ensure that these locations do not exceed the threshold set out by the Employer's Agent. Regular collection of waste will ensure air emissions are at a satisfactory level. Inappropriate waste and wastewater management systems will be regularly inspected and audited as part of the monthly independent OHS audit. The Contractor shall adhere to the following:
 - i. The site shall be cleaned of any litter
 - ii. Toilets shall be serviced weekly or at an appropriate frequency
 - iii. Incompatible wastes shall not be mixed.

C3.2.2.2 Plant and Materials

- 1) All materials shall comply with the requirements of the South African National Standards and shall bear the official standardization mark. Where SANS does not exist for a certain material, or a material does not bear the official standardization mark, the materials must be approved by the Engineers before utilised on site.

C3.2.2.3 Construction Equipment

- 1) All equipment on site shall be in a good working order and is to be in such a condition that it can achieve production rates which are typical of the industry standards. Should any equipment, in the opinion of the Engineer, be substandard or breaks down frequently to such an extent that it affects the progress on the project, the Engineer may instruct the Contractor to replace such equipment.

C3.2.2.4 Existing Services

- 1) The Contractor shall so carry out all his operations as not to encroach on, or interfere with, trespass on, or damage adjoining lands, building properties, roads, structures, places and things in the vicinity of the Works, and he shall free and relieve the Employer of any liability that may be incurred in consequence of his failure to do so.
- 2) The services existing on the site will be either shown on the drawings or pointed out on site by the Engineer and or the Municipality. No excavation work will commence unless a representative of the Municipality and/or the Engineer have been requested to point out existing services in the area under construction. Written confirmation of services that have been pointed out by the Municipality is to be obtained by the Contractor.
- 3) All existing services on the site may not be shown on the drawings or be visible on the site. The Engineer may order excavation by hand to search for and expose services. An item has been included in the Schedule of Quantities to cover the cost of such work if so, ordered by the Engineer. Where a service is damaged because of the Contractors negligence he shall be liable for the cost involved in the repair of the services and any other consequent cost that may arise due to the interruption of the damaged services.
- 4) Only approved methods of temporary backfilling shall be used on site.
- 5) No excavation is to take place until a representative from the Municipality has been contacted and he has pointed out the existing services to the *Contractor* and confirmed it in writing. The same shall apply to all Telkom services in the area.

C3.2.3 FREE ISSUE MATERIAL

The Employer shall, through a nominated Material Supplier/s, issue the following materials to the Contractor for free:

- 1) Precast VIP bottom structure, including all ancillary materials.
- 2) Precast VIP top structure, including all ancillary materials.

The Employer undertakes that all free issue material deliveries will be completed as per final delivery schedule which will be provided to the Contractor 2 days after the Commencement Date. The Employer shall deliver all free issue materials to the erf of each beneficiary household.

The material handling fee paid under item 2.1.2 in the Pricing Data, is an all-inclusive fee for moving, loading, emptying, pushing, pulling, storing, lifting, picking, putting, and retrieving goods within the erf boundary of each beneficiary household. The material handling fee extends from receipt and inspection of materials, through to storage, transportation within the erf boundary, assembly, and all overheads and profit.

The material handling system established by the Contractor shall be well-coordinated and organised so that everyone on site is aware of how it works. When handling materials, safety should be the primary consideration. Pre-start inspections are critical, load limits should not be exceeded, method statements should be followed.

C3.2.4 PROCEDURE FOR MATERIAL RECEIVING AND INSPECTION

C3.2.4.1 Material Inspections and Receiving

The Employer shall provide to the Contractor the signed beneficiary list, approved Design Package, itemised material checklist template, and delivery notes of free-issue materials, 2 days after the Commencement Date.

Prior to receipt and use of the free issue materials, the Contractor shall inspect the materials/goods for completeness and/or any defects. The inspection shall be conducted by *Employer's Agent*, *Contractor* and the *Beneficiary* who shall use the preprinted itemised material checklist to inspect and verify the quantity of items and inspect all items for any signs of tampering or damage. If all these checks and inspections are satisfactory, the inspectors shall initial and sign the checklist to indicate that the materials stored at the beneficiary erf boundary have been inspected, accepted and received for use by the Contractor. For this contract, receive means that the materials are received in good condition at each beneficiary household in compliance with the Design Package, with the *Employer* bearing all risks and charges involved until such time that the materials have been inspected and accepted by the *Employer's Agent*, *Contractor* and the *beneficiary*, this constitutes a valid receipt.

If all the checks and inspections are unsatisfactory, any shortages or damages are noted on check list. The *Employer's Agent Representative* or *Contractor* may reject any materials or any part thereof that fail to pass any inspection or do not conform to the specifications and drawings. Any material not conforming to the specifications and drawings shall be rejected including the damaged components of VIP units. The *Employer* shall replace the damaged VIP units or components not approved by the inspectors within 5 working days.

Whenever the inspections are conducted, all reasonable facilities and assistance shall be furnished to the inspectors by the *Contractor* at no charge to the *Employer*. Whenever the Contractor is ready to carry out any such inspection, it shall give a reasonable advance notice, including the place and time, to the Employer's Agent. The Contractor shall obtain from the beneficiary any necessary permission to access the site (erf boundary) or consent to enable the Employer or its designated representative to attend the inspection.

Upon receipt of materials, the signed checklist becomes the inspection certificate where the Contractor acknowledges that it bears all risks and obligations for the materials thereon. On issuance of the inspection certificate, the Contractor shall be liable for any defaults or damages discovered after the inspection date until the achievement of the Practical Completion.

C3.2.5 EARTHWORKS

C3.2.5.1 Excavations

All open excavations/pits on site shall be adequately demarcated and protected. These pits shall not be left open without supervision. The *Contractor* shall ensure that no open holes/pits should be open for longer than 48 hours, if necessary, the excavated hole/pit shall be backfilled temporarily with approved material until the pit lining and slab are installed. The *Contractor* shall submit a method statement for temporality backfilling open holes/pits to the *Employer's Agent* for approval prior to use. The *Contractor* will be responsible for the costs of temporarily backfilling and excavating the holes.

The *Contractor* shall not have more than thirty open pits at a time.

Failure to comply with the above, shall be construed a substantial breach of the health and safety requirements and the Employer may terminate the Contract in terms of clause 9.2.1 of the conditions.

C3.2.6 QUALITY CONTROL

This section covers the general responsibilities of the Contractor for ensuring that the quality of workmanship and materials provided under the Contract comply with the requirements of the Contract. It also describes the *Employer's Agent's* responsibilities and authority regarding acceptance control and lays down general principles in dealing with substandard work and remedial measures.

C3.2.6.1 Employer's agent's responsibilities

In respect of quality control, the Employer's Agent's responsibilities are to observe and inspect the quality of work and workmanship produced under this Contract. This shall not be deemed to imply that the Employer's Agent will necessarily be able to inspect each and every aspect of each item of work produced or to observe every action or method of operation employed in constructing the Works.

Acceptance of any item of work will therefore not necessarily mean that the Employer's Agent has inspected and approved all aspects of work accepted, and any faults or defects discovered after acceptance shall be rectified by the Contractor if the Employer's Agent so requires and at the Contractor's own cost. Any reliance therefore placed by the Contractor on the acceptance given by the Employer's Agent shall be at his own risk.

C3.2.6.2 Contractor's Responsibilities'

The responsibility for producing work and workmanship and for supplying materials conforming in all respects to the specified requirements shall be that of the Contractor. For this purpose, the Contractor shall employ the necessary supervision, inspection, testing and other facilities as may be necessary to ensure compliance with the requirements of this specification. Where necessary, any process of the manufacture of precast materials used in the Works shall be controlled by a method of process control. Any work or materials not conforming to the specifications shall be removed and replaced with work or materials conforming to the specifications or, subject to the Engineer's approval, be improved by such remedial measures as the Engineer may approve so that they will conform to the Specifications.

The Contractor shall from time to time submit items of work which have been completed to the Employer's Agent for approval. Before submitting such work, he shall conduct such tests and inspections as may be necessary to establish conformance with the requirements specified and shall submit the results of such tests and inspections together with his application for approval. The Contractor shall be responsible for ensuring that all work is eventually submitted to and approved by the Employer's Agent. Materials used in the construction of the Works shall be systematically inspected and, where applicable, tested by the Contractor to ensure compliance with the specified requirements. Copies of the results of such tests or inspections shall be furnished to the Employer's Agent as soon as they become available.

C3.2.6.3 Process Control

The Contractor shall develop and implement processes and procedures which efficiently and effectively monitor, verify, and document the quality of Works deliverables.

The Employer reserves the right to appoint resident quality inspectors that can be based at the contractor's premises and on-site where the work is being performed. The Contractor is expected to provide workspace at no cost to the Employer, for the inspector as required.

PART C3.3 EMPLOYER'S AND THE CONTRACTOR'S DESIGN

C3.3.1 ENGINEERING

Description	Responsibility
Concept, feasibility and overall process	Client
Basic Engineering and detail layouts to tender stage	Client
Final Design of brick pit lining	Client
Final Design of precast pit lining	Client
Final Design of superstructure	Client
Preparation of tender documentation & adverts	Client
Appointment of sub-contractors	Contractor
Supervision	Consultant
Preparation of happy letters	Consultant & Contractor
Completion certificate	Contractor & Client

The Employer's Designs shall be lightweight, easy to construct, made from lightweight glass fibre reinforced cement (GRC) panels or a similar precast concrete product that is impervious to corrosion and rot. Additionally, the designs shall comply with the minimum technical requirements for the precast toilet units as summarised below:

- 1) The pit may be square or round
- 2) The cover slab should be made of 50MPA precast concrete
- 3) Double pit precast concrete lining with a minimum storage volume of 4m³.
- 4) The pit design should allow for emptying and disposal either manually or by vacuum
- 5) The precast concrete cover slab shall be 100mm above NGL with a minimum load capacity of @ 5,0 kN/m². (500 kg/m²).
- 6) The pedestal should be commercially fabricated with ceramic, polyethene, glass-reinforced plastic (GRP) or PVC
- 7) The vent pipe should be manufactured from a uPVC pipe and extend at least 500mm above the height of the structure.
- 8) The flyscreen should be resistant to damage from UV light, rainwater and the gases emanating from the pit.
- 9) The design of the superstructure should ensure privacy, comfort, and protection against the weather.
- 10) A toilet seat should be installed. The minimum internal dimensions of an oval seat are 310mm and 250mm, and for a round seat, the diameter is 250mm. The opening in the seat should be smaller than the opening in the pedestal with an overlap of at least 10 mm at the front-end side and at least 70 mm at the back.
- 11) The surfaces of the toilet seat and lid should be smooth and free of obstructions
- 12) The door shall be a galvanized door with two spring-loaded hinges and must come with a 5-year guarantee against wind damage
- 13) The 10-litre hand wash facility with a basin.
- 14) To minimise the risk of contaminating groundwater sources, the guidelines provided in the DWAF Ground Water Protocol must be followed.

The minimum recommended dimensions of the VIP toilet are listed in the table below:

Component	Recommended Minimum Dimensions	
Pit	Double Pit - minimum effective storage volume of freeboard is	4m ³ 0.5m
Collar	minimum depth is the projection above ground level slab support width	500mm 75mm 75mm
Slab	minimum thickness overlap on collar	75mm 75mm
Pedestal	height from floor	350-450mm
Superstructure	Internal height at the back: Internal height at the front: Internal width Internal length, door opening outwards: Distance between pedestal and door	1.8m 2.0m 1.1m 1.2m 0.6m
Door	Height Width	1.5m 0,7m
Vent Pipe	Diameter Extending above roof	110mm 500mm
Flyscreen	Openings	1mm

PART C3.4

EMPLOYER'S CPG COMMITMENTS

C3.4.1 LABOUR

It is a specific goal of this project that the labour component where possible be maximised where it is economically feasible, and that the use of this labour goes hand in hand with training of the labour force. The project is thus process and product orientated, and it is expected that the contractor will pursue these goals in the execution of the project.

C3.4.1.1 Targeted Labour

Unskilled and semi-skilled labour required for the execution of all labor-intensive works shall be engaged strictly in accordance with prevailing legislation and SANS 1914-5, Participation of Targeted Labour.

The Contractor shall, through all available community structures, inform the local community of the labor-intensive works and the employment opportunities presented thereby. Preference must be given to people with previous practical experience in construction and/or who come from households:

- a) where the head of the household has less than a primary school education;
- b) that have less than one full time person earning an income;
- c) where subsistence agriculture is the source of income.
- d) those who are not in receipt of any social security pension income

The Contractor shall endeavor to ensure that the expenditure on the employment of temporary workers is in the following proportions:

- a) 40% women;
- b) 20% youth who are between the ages of 18 and 35; and
- c) 2% of persons with disabilities.

C3.4.1.2 Pay Rate

The rate of pay set for the SPWP is **R250.00 per daily task or per day (Minimum)**.

C3.4.1.3 Daily Tasks

The Contractor in consultation with the Community representatives must recommend task rates to be used on the Project for approval by the O. R. Tambo District Municipality.

Tasks established by the contractor must be such that:

- 1) the average worker completes 5 tasks per week in 40 hours or less; and
- 2) the weakest worker completes 5 tasks per week in 55 hours or less.

The contractor must revise the time taken to complete a task whenever it is established that the time taken to complete a weekly task is not within the requirements of stated above.

C3.4.1.4 Specific provisions pertaining to SANS 1914-5

- 1) Definitions Targeted Labour - Unemployed persons who are employed as local labour on the project.
- 2) Contract Participation Goals - There is no specified contract participation goal for the contract. The contract participation goal shall be measured in the performance of the contract to enable the employment provided to targeted labour to be quantified. The wages and allowances used to calculate the contract participation goal shall, with respect to both time-rated and task rated workers, comprise all wages paid, and any training allowance paid in respect of agreed training programmes.
- 3) Terms and conditions for the engagement of targeted labour - Further to the provisions of clause 3.3.2 of SANS 1914-5, written contracts shall be entered into with targeted labour.
- 4) Variations to SANS 1914-5 - The definition for net amount shall be amended as follows:
 - Financial value of the contract upon completion, exclusive of any value added tax or sales tax which the law requires the employer to pay the contractor.
- 5) Training of Targeted Labour - The contractor shall provide all the necessary on-the-job training to targeted labour to enable such labour to master the basic work techniques required to undertake the work in accordance with the requirements of the contract in a manner that does not compromise worker health and safety.

The cost of the formal training of targeted labour, including that associated with the transporting and accommodation of such workers, will be funded by the local office of the Department of Labour. The contractor must access this training by informing the relevant regional office of the Department of Labour in writing, within 14 days of being awarded the contract, of the likely number of persons that will undergo training and when such training is required. The Employer must be furnished with a copy of this request.

C4 SITE INFORMATION

In Contract Data, reference has been made to this section of the contract for the location of Site Information.

PART C4.1 GENERAL DESCRIPTION

The *Site* is situated in rural areas of O. R. Tambo District Municipality, specially within the geographical boundaries of Nyandeni Ward 28.

Village Name	Household/ Beneficiaries
Kwazulu	7
Lutshini	61
Mayalweni	63
Mzonyane	3
Ngonyameni	24
Ntibane	7
Sidanda	23
Sizindeneni No 1	26
Sizindeneni No 2	8
Sizindeneni No 2	26
Zulu	3

PART C4.2 EXISTING BUILDINGS, STRUCTURES, AND PLANT & MACHINERY ON THE SITE

There are existing buildings in the erven in which the Contractor is expected to install the toilets. Therefore, the Contractor shall exercise due skill and care to ensure that they have permission to access the erven and to protect the existing buildings and structures from any damage.

PART C4.3 SUBSOIL INFORMATION

The *Contractor* may encounter all subsoil conditions from soft soil to hard rock at depths of less than 1m. The pricing is assumed to make allowance for all subsoil types and the *Employer's Agent* shall accept no additional compensation in this regard.

In instances where a high groundwater table is encountered on site, the Contractor shall notify the Employer's Agent and the matter will be dealt with in pursuant to clause 10.1 of the conditions.

PART C4.4 TOPOGRAPHY

The topography of the Works Areas varies between flat and mountainous, wherein some instance the beneficiary households are not accessible by vehicle. The pricing is assumed to make allowance for all topographical types and the Project Manager shall accept no additional compensation in this regard.

C6 HEALTH AND SAFETY SPECIFICATION

Document Reference	Title	Page
	This cover page	C6.1
Form C6.1	The Occupational Health and Safety Act 1993 and Construction Regulations 2014	C6.2
Form C6.2	Guidelines for Contract Administration in terms of the Construction Regulations 2014 Health & Safety Act 1993	C6.14

Form C6.1. THE OCCUPATIONAL HEALTH AND SAFETY ACT 1993 AND CONSTRUCTION REGULATIONS 2014

C6.1.1. INTRODUCTION

- 1) This document was construed to comply with the provisions of the OCCUPATIONAL HEALTH AND SAFETY ACT NO 85 OF 1993. Definitions of words are those described in the Act and the Construction Regulations of 2014.
- 2) This document formulates the specification of the O. R. Tambo District Municipality in terms of the above act and forms part of the constitution of the organisation. This document forms part of the employment contract of all employees and is as such accepted in writing by each employee. It also forms part of the agreement between the O. R. Tambo District Municipality and all service providers.
- 3) No clause in this document shall be amended in any contract document construed by agents, designers, or anyone else except so ordered or sanctioned by the O. R. Tambo District Municipality in writing.

C6.1.2. SCHEDULE: DEFINITIONS

In this Policy any word or expression to which a meaning has been assigned in the Act shall have the meaning so assigned and unless the context otherwise indicates —

- 4) “Agent” means any person who acts as a representative for an *Employer* in managing the overall construction work.
- 5) “Angle of Repose” means the steepest angle of a surface at which a mass of loose or fragmented material shall remain stationary in a pile on a surface, rather than sliding or crumbling away.
- 6) “Batch Plant” means machinery, appliances or other similar devices that are assembled in such a manner to be able to mix materials in bulk to use the mixed product for construction work.
- 7) “*Employer*” means O. R. Tambo District Municipality.
- 8) “Competent Person” in relation to construction work, means any person having the knowledge, training and experience specific to the work or task being performed: provided that where appropriate qualifications and training are registered in terms of the provisions of the South African qualifications’ authority act, 1995 (Act No. 58 of 1995), these qualifications and training shall be deemed to be the required qualifications and training;
- 9) “Construction Work” means any work in connection with—
 - (i) The erection, maintenance, alteration, renovation, repair, demolition or dismantling of or addition to a building or any similar structure.
 - (ii) The installation, erection, dismantling or maintenance of a fixed plant where such work includes the risk of a person falling.
 - (iii) the construction, maintenance, demolition or dismantling of any bridge, dam, canal, road, railway, runway, sewer or water reticulation system or any similar civil engineering structure; or

- (iv) the moving of earth, clearing of land, the making of an excavation, piling, or any similar type of work.
- 10) “Construction Vehicle” means a vehicle used for means of conveyance for transporting persons or material or both such persons and material, as the case may be, both on and off the construction site to perform construction work.
- 11) “Contractor” means an *Employer*, as defined in section 1 of the act, who performs construction work and includes *Contractors*.
- 12) “Design” in relation to any structure includes drawings, calculations, design details and specifications.
- 13) “Designer” means any person who—
 - (i) prepares a design.
 - (ii) checks and approves a design.
 - (iii) arranges for any person at work under his control (including an employee of his, where he is the *Employer*) to prepare a design, as well as.
 - (iv) are architects or engineers contributing to or having overall responsibility for the design.
 - (v) build services engineers designing details for fixed plant.
 - (vi) surveyors specifying articles or drawing up specifications.
 - (vii) contractors carrying out design work as part of a design and build project.
 - (viii) temporary works engineer designing formwork and falsework; and
 - (ix) interior designers, shopfitters, and landscape architects.
- 14) “Ergonomics” means the application of scientific information concerning humans to the design of objects, systems, and the environment for human use to optimise human well-being and overall system performance.
- 15) “Excavation Work” means the making of any man-made cavity, trench, pit or depression formed by cutting, digging or scooping.
- 16) “Explosive Powered Tool” means a tool that is activated by an explosive charge and that is used for driving bolts, nails, and similar objects to provide fixing.
- 17) “Fall Prevention Equipment” means equipment used to prevent persons from falling from an elevated position, including personal equipment, body harness, body belts, lanyards, lifelines or physical equipment, guardrails, screens, barricades, anchorages, or similar equipment.
- 18) “Fall Arrest Equipment” means equipment used to arrest the person in a fall from an elevated position, including personal equipment, body harness, lanyards, deceleration devices, lifelines, or similar equipment, but excludes body belts.
- 19) “Fall Protection Plan” means a documented plan, of all risks relating to working from an elevated position, considering the nature of work undertaken, and setting out the procedures and methods to be applied to eliminate the risk.
- 20) “Hazard Identification” means the identification and documenting of existing or expected hazards to the health and safety of persons, which are normally associated with the type of construction work being executed or to be executed.

- 21) "Health and Safety File" mean a file, or other records in permanent form, containing the information required as contemplated in these regulations.
- 22) "Health and Safety Plan" means a documented plan which addresses hazards identified and includes safe work procedures to mitigate, reduce or control the hazards identified.
- 23) "Health and Safety Specification" means a documented specification of all health and safety requirements pertaining to the associated works on a construction site, to ensure the health and safety of persons.
- 24) "Material Hoist" means a hoist used to lower or raise material and equipment and includes cantilevered platform hoists, mobile hoists, friction drive hoists, scaffold hoists, rack and pinion hoists and combination hoists.
- 25) "Medical Certificate of Fitness" means a certificate valid for one year issued by an occupational health practitioner, issued in terms of these regulations, whom shall be registered with the Health Professions Council of South Africa.
- 26) "Method Statement" means a written document detailing the key activities to be performed to reduce as reasonably as practicable the hazards identified in any risk assessment.
- 27) "Mobile Plant" means machinery, appliances or other similar devices that can move independently, to perform construction work on the construction site.
- 28) "National Building Regulations" means the National Building Regulations made under section 17(1) of the National Building Regulations and Building Standards Act, 1977 (Act No.103 of 1977), and published under Government Notice NOR1081 of 10 June 1988, as amended.
- 29) "Person day" means one individual carrying out construction work on a construction site for one normal working shift.
- 30) "*Contractor*" means an *Employer*, as defined in section 1 of the Act who performs construction work and is appointed by the *Employer* to be in overall control and management of a part of or the whole of a construction site.
- 31) "Professional Engineer or Professional Certificated Engineer" means any person holding registration as either a Professional Engineer or Professional Certificated Engineer under the Engineering Profession Act, 2000 (Act No. 46 of 2000).
- 32) "Professional Technologist" means any person holding registration as a Professional Technologist under the Engineering Profession Act, 2000 (Act No. 46 of 2000).
- 33) "Provincial Director" means the provincial director as defined in regulation 1 of the General Administrative Regulations under the Act.
- 34) "Risk Assessment" means a programme to determine any risk associated with any hazard at a construction site, to identify the steps needed to be taken to remove, reduce or control such hazard.
- 35) "Roof Apex Height" means the dimensional height in metres measured from the lowest ground level abutting any part of a building to the highest point of the roof.
- 36) "SABS 085" means the South African Bureau of Standards' Code of Practice entitled "The Design, Erection, Use and Inspection of Access Scaffolding".
- 37) "SABS 0400" means the South African Bureau of Standards, Code of Practice for the application of the National Building Regulations.

- 38) "SABS EN 1808" means the South African Bureau of Standards' Standard Specification entitled: "Safety requirements on suspended access equipment – Design calculations, stability criteria, construction-tests".
- 39) "SABS 1903" means the South African Bureau of Standards' Standard Front-end Specification entitled: "Safety requirements on suspended access equipment – Design calculations, stability criteria, construction-tests".
- 40) "Scaffold" means any temporary elevated platform and supporting structure used for providing access to and supporting workmen or materials or both.
- 41) "Shoring" means a structure such as a hydraulic, mechanical or timber/steel shoring system that supports the sides of an excavation and which is intended to prevent the cave-in or the collapse of the sides of an excavation, and "shoring system" has a corresponding meaning;
- 42) "Structure" means—
 - (i) any building, steel or reinforced concrete structure (not being a building), railway line or siding, bridge, waterworks, reservoir, pipe or pipeline, cable, sewer, sewage works, fixed vessels, road, drainage works, earthworks, dam, wall, mast, tower, tower crane, batching plants, pylon, surface and underground tanks, earth retaining structure or any structure designed to preserve or alter any natural feature, and any other similar structure;
 - (ii) any formwork, falsework, scaffold, or other structure designed or used to provide support or means of access during construction work; or
 - (iii) any fixed plant in respect of work which includes the installation, commissioning, decommissioning, or dismantling and where any such work involves a risk of a person falling two metres or more.
- 43) "Suspended Platform" means a working platform suspended from supports using one or more separate ropes from each support.
- 44) "The Act" means the Occupational Health and Safety Act, 1993 (Act No. 85 of 1993).
- 45) "Tunnelling" means the construction of any tunnel beneath the natural surface of the earth for a purpose other than the searching for or winning of a mineral.

C6.1.3. SCHEDULE: DESIGNERS

This specification is in terms of the H&S ACT 1993 and the REGULATIONS of 2014, and all wording shall have the meaning as defined by the said reference documents.

- 46) All work performed, and procedures followed by designers shall be done according to the H&S regulations of 2014.
- 47) The *Employer* is aware of the fact that the appointment of a designer does not implicate that the designer becomes the agent of the *Employer* for the particular project. The appointment of an agent is done separately in writing and should be accepted by the designer as such.
- 48) The *Employer* is ultimately responsible for all safety issues regarding the project for which a designer is appointed and cannot contract out of his obligations in terms of the law.
- 49) The *Employer* shall not employ a designer should he have reasonable doubts that the designer is not able to execute work safely.
- 50) All designers shall have adequate insurance cover to indemnify the *Employer* for their acts and omissions in terms of professional conduct the H&S act in particular to indemnify the

Employer against penalties imposed for acts or omissions. The *Employer* is aware of the fact that additional insurance over and above PI insurance is necessary to have himself indemnified by the designers for acts and omissions in terms of the H&S regulations. The professional indemnity insurance has a “negligent acts and omissions” wording only, and therefore additional insurance is necessary to cover the *Employer* against penalties imposed in terms of the regulations.

- 51) Designers shall not accept work from the *Employer* if they are not capable of executing such work professionally and if such work cannot be executed safely, according to the provisions of the H&S regulations.
- 52) Designers shall execute all designs in terms of the relevant SABS and other acceptable codes and procedures and shall place great emphasis on safety issues, including the maintenance procedures after inaugurations of such systems or projects.
- 53) Ergonomic parameters shall have high priority in all designs.

C6.1.4. SCHEDULE: *CONTRACTORS* (PC)

- 54) All work by the PC shall be done in compliance with the provisions of the H&S regulations.
- 55) The *Employer* recognises the right of each employee to work safely in a healthy environment under decent human conditions. Each employee has the right to return home safe and healthy to his home and family after each day's work.
- 56) Work shall not be done at the expense of human safety or health.
- 57) Work shall be executed under humane conditions, especially concerning hours and H&S issues in mind.
- 58) The PC shall appoint a fulltime H&S Manager should he have more than 50 employees on site.
- 59) The PC shall conduct monthly safety meetings on site. All foremen, gang leaders and other employees shall participate, and all incidents with relation to unsafe practices shall be discussed. Minutes of such meetings shall be kept in the H&S file.
- 60) Foremen and gang leaders shall, under the supervision of the H&S manager, conduct meetings with all staff and people under their direct supervision frequently. Minutes of such meetings shall be kept in the H&S file.
- 61) New personnel (temporary or full-time employees) shall attend safety induction courses under the supervision of the H&S manager.
- 62) The PC shall install and maintain a box in which proposals for improvement of H&S procedures could be placed. All such proposals shall be considered, recorded and placed in the H&S file.
- 63) An adequate first aid facility shall be placed maintained on-site and shall be adequately indicated through signs. All personnel shall be made aware of its existence, and only trained first aid assistants shall be authorized to treat injuries.
- 64) The PC shall see that work is only executed by people trained for a particular task.
- 65) All safety equipment shall be SABS approved and under no circumstance shall any safety equipment be non-certified homemade equipment. Specifications and order details shall be kept in the H&S file.

- 66) Workers and personnel shall be attending safety courses regularly, and all information regarding such training shall be kept in the H&S file.
- 67) All employees shall be trained in safe working procedures and shall be trained on safety consciousness in particular. Employees in the position of leadership shall be trained through accredited training processes in H&S matters.
- 68) The contractor shall prepare and maintain a safety plan for the project and shall train his personnel to work according to such a plan.
- 69) Personnel and workers shall be made aware of any natural hazards existing on-site. They shall also be made aware of items defined by the designer in his risk assessment.
- 70) No horseplay between employees shall be tolerated on site. Neither will aggressive or threatening behaviour by anybody is allowed.
- 71) Workers shall wear appropriate protective clothing for the applicable task, which shall include special safety equipment like protective eyewear, gloves, boots, ear protection, etc. Workers shall be issued with these items and copy of such issuing shall be kept in the H&S file.
- 72) Workers shall not be allowed to wear loose clothes and footwear.
- 73) Workers shall have the opportunity and right to prescribed rest, eating and toilet breaks.
- 74) Workers on nightshift shall be protected against inclement weather and shall have access to adequate food and drinks.
- 75) In cases where work is executed in remote or restricted security areas, the PC shall make provision for food to be supplied to his employees.
- 76) Potable water shall be made available free of charge to all workers on site.
- 77) Adequate toilet and washing facilities shall be made available to workers.
- 78) In the event of chemicals being present or used on-site, the PC shall allow for adequate shower facilities on site. All chemicals shall be stored according to specification and shall be identified and marked in prescribed containers.
- 79) Workers under instruction to execute inherently unsafe procedures shall report such incidences to the H&S manager, designer of *Employer* immediately.
- 80) Unauthorised or unlawful instructions from foremen, gang leaders or colleagues shall be reported by the H&S manager immediately.
- 81) The PC shall stop his contractors if they work unsafely.
- 82) All specialist work shall be executed by registered artisans only.
- 83) Workers shall not be required to lift equipment or material heavier than 25kg or carry a load of more than 50 kg for more than 10 metres.
- 84) Workers shall not be exposed to conditions of heat where the temperature is above 40° Celsius and the humidity more than 75%. Likewise, will personnel not be exposed to temperatures lower than -5° Celsius? Should the designer and the PC decide that the work is urgent; workers shall be issued with proper protective clothing.
- 85) All workers shall have access to a shaded eating and resting place on site.

- 86) Workers executing tasks in rivers, trenches and other natural or artificial waterways shall be made aware of the hazard of flash floods, and special precautions shall be made by the PC to implement an effective flood warning system.
- 87) Workers executing tasks in manholes for sewer or stormwater systems shall be made aware of the existence of hazardous gasses in closed areas and shall be issued with gas masks in any event, even after tests conducted by the H&S manager has proven that no gasses are existent. Only specialists shall work in gas-filled chambers.
- 88) Personnel executing work during rainy weather or under other wet conditions shall be equipped with proper gumboots and proper rain suits.
- 89) No person shall be allowed to work in water unless gumboots are worn, should the water be deeper than 300mm, watertight suits shall be worn.
- 90) All ladders shall be fixed against scaffolding or other permanent structures.
- 91) Welding on site shall only be done by trained personnel behind adequate eye-protecting shields, and all welders shall wear proper protective gear.
- 92) Personnel operating grinders, saws or any other hand tools of similar description shall be equipped with the necessary eyewear and ear protection.
- 93) All personnel working under potentially dusty conditions shall wear nose and mouth filters.
- 94) Workers operating rock drilling equipment shall wear ear, nose and eye protection.
- 95) All scaffolding shall comply with the H&S regulations.
- 96) Specialists shall do blasting under the regulations of the Explosives Act.
- 97) Workers shall wear protective clothing when exposed to chemicals like cement, lime, detergents, tar, fumes, etc. Should work be executed in the presence of such material, adequate protective clothing and equipment shall be issued after the H&S manager grants permission.
- 98) Workers shall not be allowed to make open fires on any part of the site unless it is made in designated areas approved by the H&S manager.
- 99) Fuel storage shall only be allowed on certified areas on site.
- 100) Workers and other personnel shall be trained for fire procedures and shall practise such fire drill regularly.
- 101) Assembly areas for emergency evacuations shall be indicated by adequate signage.
- 102) The PC shall have an attendance register for identifying people before, during and after potential hazardous situations.
- 103) All transport supplied by the PC shall be on roadworthy vehicles only, and all transport shall be conducted in terms of the transport act.
- 104) Drivers of vehicles shall be responsible for the roadworthiness of vehicles and shall report any dysfunctional vehicles to the PC.
- 105) All drivers shall be responsible for handling vehicles in such a way to comply with the transport act.

- 106) Passengers of vehicles shall report any unsafe conduct to the PC immediately. Such report shall be forwarded to the H&S manager and shall be investigated. Copy of such proceedings shall be entered into the H&S file.
- 107) Only trained personnel shall be permitted and required to operate construction machinery. All such machinery shall be maintained in a safe working condition.
- 108) All vehicles operating on-site shall have audible warning signals if driven backwards.
- 109) No vehicle shall be kept on-site if it is leaking oil or other substances.
- 110) No vehicle or equipment shall be operated on-site if it produces noise above 90 decibels measured within 10,0 m from the unit.
- 111) Equipment producing serious dusty conditions shall only be operated under the supervision of the PC and the H&S manager with the necessary protection to workers.
- 112) All excavations on site shall be adequately protected and not only indicated.
- 113) Exploratory excavation to reveal services shall be done in a specific way.
- 114) All areas to be explored shall first be inspected by the landowner or local authority.
- 115) Position of services identified shall then be verified by opening by hand, not by machine.
- 116) Particular care shall be taken not to damage these services.
- 117) Electrical services are inherently dangerous and shall be opened by skilled people only.
- 118) These excavations shall not be left open without supervision. If necessary, the excavation shall be backfilled temporarily with approved material until the specified modifications to the services can be made.
- 119) Access to excavations shall only be through ladders or stairs with handrails.
- 120) All refuse, unsafe material, potentially hazardous material, and rubbish shall be placed in designated areas to be removed regularly.
- 121) Rainwater shall be contained in trenches or pipes so that it shall not cause contamination of material in these refuse areas.
- 122) All electrical sources or cables or overhead power lines should be regarded as live at all times, and all workers on site shall be made aware of its existence during H&S meetings and as many times as necessary.
- 123) Adequate signage shall be used on-site to indicate:
 - (i) Non-smoking areas on site
 - (ii) Safety exits / Emergency exits from buildings under construction
 - (iii) Stairs (temporary and permanent works)
 - (iv) Toilets
 - (v) Fire-fighting equipment
 - (vi) Workmen busy with equipment overhead
 - (vii) Fire assembly points

- (viii) Fire escapes
 - (ix) Areas where members of the public are not allowed.
 - (x) First aid room
- 124) All visitors to the site shall be granted permission to the site only upon application through a predetermined procedure, and records of these visitors shall be kept in the H&S file. Visitors shall attend safety induction training before entering the site. Areas out of bounds to all visitors shall be indicated using appropriate signs.
- 125) Work performed in public servitudes like the construction of streets or roads shall be done according to the local or national authority specifications, and adequate signage shall be implemented.
- 126) People complaining about their health or people displaying symptoms of illness or disease shall be allowed to go to the first aid facility or visit a doctor or a clinic. Permission shall not be withheld unreasonably. In remote areas, the PC is required to have reasonable ways of transporting people to a doctor or clinic whether the person is ill or injured on site.
- 127) Personnel must be informed about the nearest doctor or clinic location for casualty purposes, and the PC shall provide such transport for injured workers and injured members of the public (within the limits of the site) free of charge.
- 128) A *Contractor* who intends to carry out any construction work shall—
- (i) before carrying out that work, notify the provincial director in writing of the construction work if it includes—
 - The demolition of a structure exceeding a height of 3 meters; or
 - The use of explosives to perform construction work; or
 - The dismantling of the fixed plant at a height greater than 3m.
 - (ii) before carrying out that work, notify the provincial director in writing when the construction work—
 - Exceeds 30 days or shall involve more than 300 person-days of construction work; and
 - Includes excavation work deeper than 1m; or
 - Includes working at a height greater than 3 meters above ground or a landing.
 - (iii) The provincial director's notification must be done on a form similar to Annexure A to this Policy.
 - (iv) A *Contractor* shall ensure that a copy of the completed form is kept on the site for inspection by an inspector, *Employer*, *Employer's* agent, or employee.

C6.1.5. SCHEDULE: *EMPLOYER*

- 129) An *Employer* shall be responsible for the following to ensure compliance with the provisions of the Act —
- (i) to prepare a documented health and safety specification for the construction work and provide any *Contractor* who is making a bid or appointed to perform construction work for the *Employer*.
 - (ii) to promptly provide the *Contractor* and his or her agent with any information that might affect any person's health and safety at work carrying out construction work.
 - (iii) to appoint each *Contractor* in writing for the project or part thereof on a construction

- site.
- (iv) to take reasonable steps to ensure that each *Contractor's* health and safety plan is implemented and maintained on the construction site: provided that the steps taken shall include periodic audits at intervals mutually agreed upon between the *Employer* and *Contractor*, but at least once every month;
 - (v) to stop any contractor from executing construction work that is not in accordance with the *Contractor's* health and safety plan for the site or poses a threat to persons' health and safety.
 - (vi) to ensure that where changes are brought about, sufficient health and safety information and appropriate resources are made available to the *Contractor* to safely execute the work.
 - (vii) to ensure that every *Contractor* is registered and in good standing with the compensation fund or with a licensed compensation insurer before work commencing on the site; and
 - (viii) to ensure that potential *Contractors* submitting tenders have made provision for the cost of health and safety measures during the construction process.
- 130) An *Employer* shall discuss and negotiate with the *Contractor* the contents of the health and safety plan and thereafter finally approve the health and safety plan for implementation.
- 131) An *Employer* shall ensure that a copy of the *Contractor's* health and safety plan is available on request to an employee, inspector, or contractor.
- 132) O. R. Tambo District Municipality shall not appoint a *Contractor* to perform construction work, unless O. R. Tambo District Municipality is reasonably satisfied that the *Contractor* that he or she intends to appoint has the necessary competencies and resources to carry out the work safely.
- 133) An *Employer* may appoint an agent in writing to act as his or her representative and where such an appointment is made, the responsibilities as are imposed by these regulations upon an *Employer*, shall as far as reasonably practicable apply to the person so appointed.
- 134) No *Employer* shall appoint any person as his agent unless the *Employer* is reasonably satisfied that the person he or she intends to appoint has the necessary competencies and resources to perform the duties imposed on an *Employer* by these regulations.

NOTIFICATION OF CONSTRUCTION WORK

1. (a) Name and postal address of *Contractor*:

(b) Name and tel. no of *Contractor's* contact person:

2. *Contractor's* compensation registration number:

3. (a) Name and postal address of *Employer*:

(b) Name and tel. no. of *Employer's* contact person or agent:

4. (a) Name and postal address of designer(s) for the project:

(b) Name and tel. no. of designer(s) contact person:

5. Name and telephone number of *Contractor's* construction supervisor on site appointed in terms of regulation 6.(1).

6. Name/s of *Contractor's* subordinate supervisors on-site appointed in terms of regulation 6.(2).

7. Exact physical address of the construction site or site office:

8. Nature of the construction work:

9. Expected commencement date: _____
10. Expected completion date: _____
11. Estimated maximum number of persons on the construction site.

12. Planned number of contractors on the construction site accountable to *Contractor*:

13. Name(s) of contractors already chosen.

C6 Health and Safety Specification

Contractor

Date

Employer

Date

THIS DOCUMENT IS TO BE FORWARDED TO THE OFFICE OF THE DEPARTMENT OF LABOUR PRIOR TO COMMENCEMENT OF WORK ON SITE.

ALL CONTRACTORS THAT QUALIFY TO NOTIFY MUST DO SO EVEN IF ANOTHER CONTRACTOR ON THE SAME SITE HAD DONE SO PRIOR TO THE COMMENCEMENT OF WORK.

Form C6.2. GUIDELINES FOR CONTRACT ADMINISTRATION IN TERMS OF THE CONSTRUCTION REGULATIONS 2014 HEALTH & SAFETY ACT 1993

C6.2.1. PURPOSE OF THIS DOCUMENT

- 1) This document describes the procedures to be followed in the execution of engineering projects for O. R. Tambo District Municipality.
- 2) The SHE specifications are O. R. Tambo District Municipality's minimum requirements. The *Contractor* is expected to develop a SHE Plan, which meets these requirements as well as all the relevant applicable legislation. O. R. Tambo District Municipality in no way assumes the Contractors legal responsibilities. The *Contractor* is and remains accountable for the quality and the execution of his health and safety program for his employees and subcontractor employees. This SHE specification reflects minimum requirements and should not be construed as all-encompassing.
- 3) The role of all parties to the development project is described herein. The document is in terms of the Construction Regulation 2014 of the Health and Safety Act 1993.

C6.2.2. BACKGROUND

The *Contractor* shall provide an organisational organogram related to the project, listing all the levels of responsibility from the 16.1 CEO down to the supervisors responsible for the works. The diagram must list the names of appointees and their roles and responsibilities.

The *Contractor* is responsible for keeping copies of all of the organograms' as well as submitting those of their appointed subcontractors, with the, approved SHE Plan. When there is an amendment to the Acts and/or to the regulations, a SHE Plan must be reviewed, updated accordingly and changes must be communicated to all relevant employees. All organograms shall be updated timeously when appointments are changed and filed in the SHE File.

C6.2.3. THE EMPLOYER

- 1) In terms of the law, the *Employer* is ultimately responsible for all acts and omissions as far as health and safety are concerned on site. It should be noted that the *Employer* shall be held legally responsible for every trespass of the regulations, not the designer or the contractor. The law makes provision for fines to be levied, and unless the designer or the contractor has indemnified the *Employer*, such fines shall have to be paid by the *Employer*.
- 2) *Employers* cannot contract out of their statutory obligations except where the law allows for it. Therefore, any liability imposed upon them for statutory non-compliance cannot be passed on to designers (consultants) or contractors.
- 3) In particular, the *Employer's* responsibilities are defined as follows:

i. To prepare a health and safety (H&S) specification for the work, which should cover the spectrum of activities handled by the <i>Employer</i> as part of his normal duties. ii. To provide a risk assessment to the <i>Contractor</i>. iii. To appoint the <i>Contractor</i> in writing.	Clause 4(1)(a) Clause 4(1)(b) Clause 4(1)(c)
---	---

iv. To ensure that the H&S plan is implemented.	Clause 4(1)(d)
v. To stop any contractor executing work in an unsafe manner.	Clause 4(1)(e)
vi. To provide additional H&S information to the contractor, should changes be made to work?	Clause 4(1)(f)
vii. To ensure that the <i>Contractor</i> is registered and in good standing with the workmen's compensation fund.	Clause 4(1)(h)
viii. To make sure tenderers have made provision in their offers for H&S measures.	Clause 4(1)(h)
ix. To discuss and approve the H&S plan with the <i>Contractor</i> .	Clause 4(2)
x. To keep a copy of the H&S plan of the <i>Contractor</i> .	Clause 4(3)
xi. To <u>not</u> employ a contractor unless the <i>Employer</i> is reasonably satisfied that the <i>Contractor</i> who is earmarked for an appointment has the necessary skills, competencies and resources to carry out the work safely.	Clause 4(4)
xii. The <i>Employer</i> can appoint an agent to handle his duties. The <i>Employer</i> can delegate some of his duties, but this does not make the person responsible for such particular responsibilities as an agent. The <i>Employer</i> should make sure whether such responsibilities are not already part of the designer in terms of the regulations clause 9(2).	Clause 4(5)
xiii. The <i>Employer</i> shall only appoint someone as his agent if he is reasonably satisfied that such a person can handle such responsibilities.	Clause 4(6)

C6.2.4. THE DESIGNER

The regulations do not use names like an engineer, architect, amongst others. Instead, the term designer has been introduced. The responsibilities of the designer are given in a sub-paragraph under the obligations of the *Contractor*.

4.1	The regulations have a comprehensive definition of the designer, and this includes:	Definitions "designer."
	a) Any person who is preparing a design.	
	b) Any person who is checking a design.	
	c) A firm preparing a design.	
	d) An architect or engineer who is contributing to or having responsibility for design.	
	e) A building services engineer designing details of the fixed plant (scaffolding or cranes).	
	f) A surveyor who is specifying articles or drawing up specification (Quantity Surveyor).	
	g) A contractor in design & build contract.	
	h) A contractor designing temporary work.	
	i) An interior designer, shop fitter and landscape architect.	

	The regulation also talks of “an engineer designing a structure”. “Structure” is a broad concept and is given in paragraph 3.2.5.1(a) underneath.	
4.2	The designer does not automatically through an appointment become the agent of the <i>Employer</i> in terms of the regulations unless he is appointed in writing to that effect, and he accepts such appointment in writing.	Clause 4(5)
4.3	The SAACE model agreement between the <i>Employer</i> and Engineer has a different meaning of the word “agent”. According to the model agreement of SAACE, the Engineer acts as the “agent” of the <i>Employer</i> in a conventional contractual context. “Agent” in terms of the Health & Safety regulations has a different meaning.	
4.4	It can be derived from the regulations that the <i>Employer</i> can appoint a designer to perform certain tasks of the <i>Employer</i> on his behalf, which still does not mean that these designers become his agent in terms of clause 4(5).	Clause 4(5)
4.5	The regulations are fairly quiet regarding the functions and responsibilities of the designer except when designing a structure. It is again assumed that the <i>Employer</i> shall identify certain functions to be done by the designer on his behalf.	
4.5.1	“Structure” in terms of the regulations means:	Definitions “structure.”
(a)	• any building • steel or reinforced concrete structure • railway line • railway siding • bridge • waterworks • reservoir • pipe or pipeline • cable • sewer • sewage works • fixed vessels • road • drainage works • earthworks • dam • wall • mast • tower • tower crane • batching plants • pylon • surface and underground tanks • earth retaining structure or any structure designed to preserve or alter any natural feature and any other similar structure.	

(b) Any formwork, scaffold or other structure designed or used to provide support or access during construction (structural engineering sector). (c) Fixed plant to prevent people from falling 2 meters or more. 4.5.2 The designer is regarded as a person delivering designs only, and unless the <i>Employer</i> defines his role, his role is quite limited.	Clause 9(2)
--	--------------------

	vi) The employees of the PC and his contractors shall wear visible proof of their induction training.	Clause 7(9)(a)
5.3	The regulations also covers the detail of: • Fall protection • Structures (under this heading the responsibilities of the designer of a structure is found) • Formwork and support work • Excavation work • Demolition work • Tunnelling • Scaffolding • Suspended platforms • Boatswain's chairs • Material hoists • Batch plants • Explosive powered tools • Cranes • Construction vehicles and mobile plant • Electrical installation and machinery on construction sites • Use and storage of flammable liquids on construction sites • Water environment • Housekeeping on construction sites • Stacking and storage on construction sites • Fire precautions on construction sites • Construction welfare facilities	Clause 8 Clause 9 Clause 10 Clause 11 Clause 12 Clause 13 Clause 14 Clause 15 Clause 16 Clause 17 Clause 18 Clause 19 Clause 20 Clause 21 Clause 22 Clause 23 Clause 24 Clause 25 Clause 26 Clause 27
C6.2.6.	COMPLIANCE AND NON-CONFORMANCES	
	1) As legislation forms part of any country's legal system, the <i>Employer</i> requires all of its contractors to comply with legislation as part of the contract. All expenses for complying with this legislation as well as special requirements specific to the site shall be for the <i>Contractors</i> account. Should the <i>Contractor</i> appoint a contractor, the <i>Contractor</i> would then have the same role and responsibility with the contractors, in a similar way as the <i>Employer</i> has with the <i>Contractor</i>. 2) The <i>Employer's Agent</i> reserves the right to stop work and issue a non-conformance report whenever safety, health or environmental violations are observed for both <i>Contractors</i> and/or their contractors. Expenses incurred as a result of such work stoppage and standing time shall be for the <i>Contractors</i> account. Any non-conformances/findings/observations found in these audits/inspections on subcontractors shall be raised and discussed with the <i>Contractor</i>. The requirements within this specification should not be considered to be exhaustive, and the <i>Employer</i> reserves the right to add, delete or modify conditions where it is considered to be appropriate. 3) No claim shall be accepted as a result of any costs or delays being incurred due to the <i>Contractor</i> or his contractors not complying with legislation, this SHE specification or their SHE plan approved by the <i>Employer</i>.	

C6.2.7. LEGAL AND OTHER REQUIREMENTS

- 1) It is required that all Contractors on site comply with the relevant applicable legislation, specifications, and standards in accordance with the scope of the *Package Order*.
- 2) As a minimum but not limited to, the following:
 - i. The Constitution of the Republic of South Africa
 - ii. Occupational Health and Safety Act 1993 (Act 85 of 1993) and its Regulations.
 - iii. National Environmental Management Act 1998 (Act 107 of 1998).
 - iv. Environment Conservation Act 1989 (Act 73 of 1989).
 - v. National Water Act 1998 (Act 36 of 1998).
 - vi. Conservation of Agricultural Resources Act 1983 (Act 43 of 1983).
 - vii. Civil and Building Work Act.
 - viii. Mine Health and Safety Act, 1996 and its regulations.
 - ix. COID Act.
 - x. Any other applicable South African legislation.
 - xi. Applicable South African National Standards (SANS)
 - xii. OHSAS 18001 & ISO 14001-Contractor shall use as guidelines
 - xiii. Applicable international standards.
- 3) The *Contractor* and his subcontractor must ensure that they are familiar with the necessary SHE legislation required. The *Contractor* shall compile a legal register listing all applicable legislation and standards that may have an impact on the Works. The register shall be updated biannually.

C6.2.8. OHS POLICY

The *Contractor* and the contractor companies shall each have an OHS Policy authorised by their Chief Executive (OHS Act Section 16(1) appointee) that clearly states overall OHS objectives and commitment to improving Health and Safety performance and must be displayed and shared with all stakeholders.

C6.2.9. MANAGEMENT AND SUPERVISION OF CONSTRUCTION WORK

The *Contractor* shall ensure that the performance of all specified work is managed and supervised as per the requirement of OHS Act CR 8 throughout the contract period. The number of appointed persons shall be determined by the size and the risk of the project.

C6.2.10. CONSTRUCTION HEALTH AND SAFETY MANAGER AND OFFICER

The *Contractor/contractor* shall appoint a Construction Health and Safety Manager and officers considering nature and the scope of work being performed; these employees shall be registered with the SACPCMP.

C6.2.11. APPOINTMENTS AND COMPETENCIES

The *Contractor* shall ensure that all their appointees are made aware of their accountabilities and responsibilities in terms of their appointment, and to advise and assist these appointees in the execution of their duties. The *Contractor* shall ensure that competent persons are appointed in writing, and copies of all the appointments shall be kept in the SHE File. Appointment letters and

competency certificates shall be signed by the *Contractor's* 16(1) or CR8(1) appointee. The relevant training certificates and proof of experience of each appointee must be submitted with the Health and Safety File. All minimum required training that is stipulated below are to be provided by accredited training service providers

Nominated Persons with Safety Duties

Competent persons shall be appointed in writing to be responsible for certain aspects of health and safety. A register shall be kept by the Safety Manager of all the Competent Persons of the project which shall include but not be the minimum:

Competent Persons	Mandatory (M)	Reference
Fire Official	M	CR 29(I)
Lifting Machine Operator/Driver		GMR 18[1]
Incident Investigator	M	GAR 8&9
Emergency Coordinator	M	CR 29
Environmental Officer		
Hazardous Chemical Substances Coordinator		
Stacking & Storage <i>Supervisor</i>	M	CR 28(A)
Construction Vehicles/Mobile Plant <i>Supervisor</i>	M	CR 23
Excavation <i>Supervisor</i>	M	CR 13[1](A)
Fall Protection Planner		CR 10[1](A)
Competent Person for Risk Assessments	M	CR 9[1]
First Aider	M	GSR 3
Occupational Health & Safety Representative	M	OHS 17
Assistant Construction <i>Supervisor</i>		CR 8[8]
Construction <i>Supervisor</i>	M	CR 8[7]
Occupational Health & Safety Officer	M	CR 8[5]
Construction Manager	M	CR 8[1]

The register of the competent Persons shall be kept within the OHS management filing system. The table above provides mandatory appointments for each project, marked as "M". An OHS Organisation Chart and an OHS Management Organogram shall be prepared, clearly showing the chain of responsibility.

C6.2.12. TRAINING

This section aims to outline the *Employer's* expectations in respect of the scope of the training which the *Contractor* and contractor employees receive. The scope of the training includes but is not limited to the type of work being performed and the relevant procedures. Additional to the requirements, the *Contractors* and subcontractors shall appoint competent persons with the appropriate qualifications and certificates.

Records of all training and qualifications of all contractor employees must be kept. The Contractor shall maintain comprehensive records of all employees under his control (including all employees of the contractor) attending induction training. Acknowledgement of receiving and understanding the induction must be signed by all persons receiving the induction, respectively. When there is an amendment to the Acts and/or to the regulations, a SHE plan must be reviewed, updated accordingly and changes must be communicated to all relevant employees.

General construction site induction carried out by the Contractor

The Contractor shall ensure that all his employees and contractor employees undergo their company induction concerning the approved SHE plan, general hazards prevalent on the construction site, construction risk assessment, rules and regulations, and other related aspects.

Visitors to Site

All visitors must remain in the care and custody of a person (host) who has been properly inducted. No visitors are permitted to undertake any construction work, of any nature.

Mandatory appointment and competencies

4) CR 8 (1) Construction Manager

The training and competencies of the CR 8[1] Construction Manager are as follows:

Course Description	Mandatory	Optional
COID Act	X	
OHS Act	X	
BSc Degree/NDip in Civil Engineering	X	
Certificate of Fitness	X	

5) CR 8(5): Construction Health and Safety Officer

The competency of CR 8[5]: Construction Health and Safety Practitioner are as follows:

Course Description	Mandatory	Optional
Basic Fire Fighting		X
NDip in OHS or recognized OHS certification	X	
SACPMP registration and accreditation	X	
First Aid Level 2		X
Certificate of Fitness	X	
Incident Investigation		X

6) CR 8 (7) Construction Supervisor

The competency of CR 8[7] Construction Supervisor are as follows:

Course Description	Mandatory	Optional
Basic Fire Fighting		X
Certificate of Fitness	X	
National Diploma/N6 in Civil Engineering or equivalent	X	
Drivers Permit/ License		X
First Aid Level 2	X	
Hazard Identification and Risk Assessment (HIRA)	X	
Incident Investigation		X
OHS ACT	X	
Safety Site Induction Certificate	X	

7) Section 17: Health and Safety Representatives

The Act stipulates that when the number of employees under our employment at any workplace exceeds 20, we shall, from such time as the number of employees exceeds 20, as the case may be, designate in writing for a specified period health and safety representatives for such workplace, or different sections thereof.

Only those employees employed in a full-time capacity at a specific workplace and who are acquainted with conditions and activities at that workplace or section thereof, as the case may be, shall be eligible for designation as health and safety representatives for that workplace or section. The competency of Section 17: Health and Safety Representatives are as follows:

Course Description	Mandatory	Optional
Basic Fire Fighting		X
First Aid Level 2		X
Hazard Identification and Risk Assessment (HIRA)	X	
Incident Investigation		X
Planned Task Observation - P.T.O	X	
Safety Site Induction Certificate	X	
SHE Representative or Equivalent	X	

8) GSR 3: First Aider

The competency of GSR 3: First Aider are as follows:

Course Description	Mandatory	Optional
First Aid Level 2	X	

9) CR 9[1] Risk Assessor

The competency of CR 9[1] Risk Assessor are as follows:

Course Description	Mandatory	Optional
Hazard Identification and Risk Assessment (HIRA)	X	

C6.2.13. COSTING FOR SHE

The Contractor/contractor shall ensure that the submitted tender adequately made provision for the cost of Health and Safety measures

C6.2.14. NOTIFICATION OF CONSTRUCTION WORK

The *Contractor* shall notify the relevant Provincial Director of the Department of Labour of the intention to carry out any construction work as defined in the Construction Regulation 4 of the OHS Act.

C6.2.15. ACCESS AND SECURITY CONTROL

- 1) Employees, contractors and visitors shall be subjected to induction training and substance abuse tests for the detection of illegal substances when entering ORTDM sites, or as and when required whilst on ORTDM sites.
- 2) The following items are prohibited and are not allowed on sites unless the necessary authorisation for possession has been obtained:
 - i. Firearms and ammunition
 - ii. Liquor/ Alcohol
 - iii. Dangerous weapons
 - iv. Drugs (excludes items/ substances authorised for use and possession of medical centres or in possession under doctor's prescription)
 - v. Any other items that may be declared prohibited

C6.2.16. SITE RULES AND OTHER RESTRICTIONS ON CONTRACTORS, SUPPLIERS AND OTHERS

- 1) The *Contractor* is responsible for adequately informing his employees and contractors of all relevant information of the *Employer* issued SHE specifications and the *Contractors* SHE plan.
- 2) The *Contractor's* Site Manager/Supervisor shall provide a list of names and contact telephone numbers of all his employees as well as the contractor employees on site. This list shall be updated as and when new contractors commence on site.
- 3) The *Contractor's* Site Manager/Supervisor shall keep a record of all employees including the contractor employees, including date of induction, relevant skills and licenses, and be able to produce this list at the request of the *Employer's Agent*. These records shall be filed in the SHE File.
- 4) The *Contractor* shall ensure that his managers and supervisors give clear and unambiguous instructions for the work in hand to the personnel for whom they are responsible for. The instructions shall include, but not necessarily be limited to:
 - i. description of the objective/scope of work
 - ii. the sequence of work/method statements
 - iii. hazard identification and risk assessment (prior to commencement of work)
 - iv. precautionary/preventative measures that are to be taken
- 5) Employees are responsible for their health and safety and that of their co-workers in their respective Work Areas. They must be made aware of their responsibilities during induction and awareness sessions, some of which are:
 - i. familiarising themselves with their workplaces and health and safety procedures.
 - ii. working in a manner that does not endanger them or cause harm to others.

- iii. keeping their work area tidy
 - iv. reporting all incidents/accidents and near misses
 - v. protecting fellow workers from injury.
 - vi. Reporting unsafe acts and unsafe conditions.
 - vii. Reporting any situation that may become dangerous.
 - viii. Carrying out lawful orders and obeying health and safety rules.
- 6) It must be highlighted to all employees, that anyone who becomes aware of any person disregarding a health & safety notice, instruction or regulation shall immediately report this to the person concerned. If the person persists, stop the person from working and report the matter to the *Employer's Agent* and the *Contractor Supervisor* immediately.
- 7) No person shall damage, alter, remove, render ineffective, or interfere with anything that has been provided for the protection of the site, or the health and safety of persons.
- 8) No person under the influence of alcohol, drugs or medication (in a state of intoxication) or any other condition that may render him incapable of controlling himself or of other persons under his charge shall be allowed to enter the site.
- i. All safety and warning signs must always be obeyed.
 - ii. Entering or leaving the Site shall only take place at official access control points.
 - iii. All employees must adhere to the SHE and other site-specific rules.
 - iv. The *Contractor* must have a process in place to address employees that have contravened Health and Safety Requirements.

C6.2.17. CONTRACTOR'S SITE FACILITIES

- 1) Site facilities shall be established and maintained by the contractor or be maintained as per agreement with the site and/or contractual agreement. The facilities include but are not limited to the following: (refer to OHS Act Construction Regulation 30)
- i. Temporary Facility Layout Plan
 - ii. Sheltered eating facilities
 - iii. Provision of safe drinking water
 - iv. Ablution facilities
 - v. Site Sheds, Offices and Amenities
 - vi. Lay down and Storage
 - vii. Temporary Site Services
- 2) Reasonable and suitable living accommodation for employees who are far removed from their homes and where adequate transportation between the site and their homes, or other suitable living accommodation, is not available. The *Contractor* must develop their site establishment procedure.

C6.2.18. PUBLIC SAFETY AND LIABILITY

- 1) Legislation requires that *Employers* shall be responsible, as far as reasonably practicable, for safeguarding persons other than those in their employment who may directly be affected by their activities so that they are not exposed to hazards to their health and safety (Section 9 of the OHS Act).
- 2) The *Contractor* shall factor in, in their safety plan, how they intend safeguarding/ controlling

any members of the public against their activities during the project

C6.2.19. HAZARD IDENTIFICATION AND RISK ASSESSMENT

- 1) The *Employer* shall prepare and provide a Baseline Risk Assessment for an intended construction work project to the contractor as part of the contract package.
- 2) The *Contractor* shall develop a Risk Assessment in line with Construction Regulation 9 (1) (a-e), in alignment with the *Employer's* Baseline Risk Assessment, where all risks are rated. Emerging risks and hazards must be managed during construction work, which means that significant changes to a process or activity, or any new process, then these should also be subjected to risk assessment.
- 3) The *Contractor* shall ensure that an appointed and competent person must conduct activity-based risk assessments.

C6.2.20. SAFE WORK PROCEDURES AND PRACTICES

- 4) There must be approved method statements and written safe work procedures for all the high-risk activities as identifiable in their risk assessment. No work shall be carried out without an approved method statement and written safe work procedure.
- 5) The supervisor/team leader to ensure all employees are trained on all applicable safe work procedures. Records of training/ awareness to be kept on site.
- 6) Safe work procedures must be compiled and documented for applicable activities (arising out of the Job Safety Analysis (JSA) and Hazard Identification & Risk Assessment (HIRA.))
- 7) The safe working procedure should identify the following, but not limited to:
 - i. Basic steps: Divide each task into several operational steps, and then explain how each step should be carried out.
 - ii. Safety procedures: Create explanations of how each step should be carried out, which guide the user to carry out the task safely.

C6.2.21. EMERGENCY PREPAREDNESS AND RESPONSE

- 8) This section aims to remind the *Contractors* and his contractors about the importance of developing a site-specific emergency response plan. The *Contractor*, together with his contractors, shall develop their emergency response plan for both site and offices and submit this plan to the *Employer's Agent* for approval. It may be decided that one site-specific emergency response plan be used for all *Package Orders*. The *Contractor* shall ensure that his employees and his contractor employees are trained on this plan.
- 9) The *Employer* shall undertake periodic emergency drills; however, the *Contractor* must initiate his emergency drills with permission from the *Employer's Agent*, which must be recorded and provided on request

C6.2.22. CONSTRUCTION VEHICLES AND MOBILE PLANT

All construction vehicles and equipment shall meet the legislative requirements pertaining to the OHS Act

Construction Regulations 23, the National Road Traffic Act, the Mine Health and Safety Act, and the National Environmental Act. The following requirements apply to the use and operation of

construction vehicles:

- 1) A *Contractor* and his contractor shall ensure that all construction vehicles and mobile plant are operated by a person who has received appropriate training, is certified competent and in possession of proof of competency and is authorised in writing to operate those construction vehicles and mobile plant.
- 2) Designated drivers shall have an appropriate valid driver's licence for the vehicle class and authorised in writing to operate the construction vehicle and/or mobile plant. The driver's license shall be kept by the person so authorised, and he shall produce such card on request.
- 3) All construction vehicle operators, flagmen, banksmen, signalmen, or points men are to wear reflective PPE on site.
- 4) Where reversing is unavoidable, it shall only be done with the presence of a flagman or a banksman.
- 5) A vehicle and pedestrian management plan must be developed by the contractor to be in line with the *Employer's* plan.
- 6) Ensure that all traffic signs are displayed.
- 7) All drivers of construction vehicles and mobile plant shall have medical certificates of fitness to operate those construction vehicle and mobile plant, issued by an occupational health practitioner in the form of Annexure 3 of the OHS Act.
- 8) Each Project site shall have a system/process to manage vehicle access to the site.
- 9) The speed limit within the bounds of the construction site is 40 km/h, or as per existing site speed limit. No drivers or operator may text, talk on cell phones or two-way radios whilst driving.
- 10) It is the responsibility of the driver to ensure:
 - i. He/she and their passengers wear seat belts whilst the vehicle is in motion.
 - ii. Comply with all traffic road rules, safety, direction and speed signs.
 - iii. Ensure that vehicle loads are properly secured and loaded onto vehicles.
 - iv. Ensure that vehicles are not overloaded.
- 11) The *Contractor* shall ensure that his employees and those of his contractors do not.
 - i. Ride on the back of elevators, cranes or other mobile plant equipment.
 - ii. Leave vehicles unattended with the engine running.
 - iii. Park vehicles in unauthorised zones/areas.
- 12) The *Employer* reserves the right to search any vehicle on the premises or when entering or leaving the premises.
- 13) The *Contractor* shall be solely responsible for the safety and security of any of his vehicles (including private vehicles) on the premises.
- 14) The *Contractor* shall attach identification markers on all construction vehicles that are permitted to enter the site.
- 15) The *Contractor* must maintain his vehicles and plant in a roadworthy condition with a valid license. These vehicles shall be subject to inspection by the *Employer's Agent*. Vehicles which are not roadworthy shall not be allowed onto the site.

- 16) In the event where the *Contractor* and his contractor do not own the equipment, the *Contractor* is still responsible for ensuring all conditions are complied with by all of his contractors or hire companies.
- 17) Drivers/operators shall be responsible for the travel-worthiness of all loads conveyed by them. Precautions shall be taken to lash all loads properly. Loads projecting from vehicles shall be securely loaded and in the daytime with a red flag, and during darkness, a red light or red reflective material shall be attached to the end of such projecting material.

C6.2.23. HOUSEKEEPING

- 1) The *Contractor* and his contractor shall maintain a high standard of housekeeping within site. Prompt separation and disposal of waste materials, scrap and rubbish, is essential and is for the account of the *Contractor*.
- 2) The *Contractor* shall carry out regular safety/housekeeping inspections (at least weekly) to ensure the maintenance of satisfactory standards. The *Contractor* shall document the results of each inspection and shall maintain records for viewing.
- 3) Prior to receiving and storing the material, the Contractor should identify and notify all the areas he intends to stack and store materials to the Employer's Agent Representative and Employer's Agent for health and safety for acceptance about the suitability of the identified areas. Once the areas are accepted, the Contractor shall temporarily demarcate these areas appropriately, restricting unauthorised access. The temporary demarcation shall be in the form of fencing, access control and hazard tape (Red and White or Yellow and Black). The Contractor should then request approval by the Employer's Agent Representative and Employer's Agent for health and safety. Materials may only be stored in areas which have been approved/accepted by the Employer's Agent Representative and Employer's Agent for health and safety.

Failure to comply with the above, shall be construed a substantial breach of the health and safety requirements and the Employer may terminate the Contract in terms of clause 9.2.1 of the conditions.

NOTE: Where hazards exist, and entry must be specifically excluded for safety or health reasons, a robust and substantial barrier of timber, rope or other material must be used in conjunction with barrier tape to prevent entry to unauthorised persons. Hazard tape in any form must not be used in isolation.

C6.2.24. SIGNAGE

All symbolic safety signage that the *Contractor* or his/her Contractors are to use or display shall comply with the requirements of SANS 1186.

C6.2.25. HAZARDOUS MATERIALS/CHEMICALS MANAGEMENT

- 1) HCS shall be managed as per HCS Regulations of the OHS Act 85 OF 1993.
- 2) Before bringing HCS onto the site or produced on the site, the *Contractor*/contractor shall supply the *Employer* with the following:
 - i. Material Safety Data Sheets (MSDS) per the requirements of the OHS Act –
 - ii. Regulations for Hazardous Chemical Substances;
 - iii. Proposed arrangements for safe storage;

- v. Proposed methods for handling;
- vi. The proposed method of disposal;
- vii. Hazard communication/training plan.

C6.2.26. FLAMMABLE AND COMBUSTIBLE LIQUIDS

Use and temporary storage of flammable and combustible liquids shall be managed as per Construction Regulations (CR 25) and GSR 4 of the OHS Act 85 OF 1993.

C6.2.27. COMPRESSED GAS CYLINDERS.

Use and temporary storage of Compressed Gas Cylinders shall be managed as per the General Safety Regulation 9 of the OHS Act 85 of 1993 and SABS 1548

C6.2.28. PERSONAL PROTECTIVE EQUIPMENT (PPE)

- 1) In terms of Section 8 of the OHS Act, the *Employer* must take steps to eliminate or mitigate any hazard or potential hazard to the safety or health of employees before resorting to PPE. The *Contractor's* employees and his contractor employees at the construction site, including visitors, shall use the relevant SANS approved, risk-based PPE at all times, as a minimum:
 - i. Head protection hard hat (with 3-point chin straps)
 - ii. Steel toe-capped safety boots.
 - iii. Safety Gloves
 - iv. Mask
 - v. Long-sleeved and long pants protective clothing with reflector strips.
- 2) The *Contractor* shall ensure that his employees understand why personal protective equipment is necessary and that they use them correctly. Strict non-compliance measures must be taken against any employee not complying with the use of PPE.

C6.2.29. Issue, Replacement and Control of PPE

- 1) The *Contractor* must provide a detailed procedure with a matrix on the issuing, maintenance and replacement of PPE for all his employees and contractors on site.
- 2) The *Contractor* is required to keep an updated register of all PPE issued, including that of his employees and contractors.

C6.2.30. TOOLS AND EQUIPMENT

All tools equipment brought onto site by the *Contractor* and their contractors shall be appropriate to the task being performed and in good condition. The *Contractor/contractor* shall ensure that he has all the necessary registers to record all tools and equipment. All employees shall be competent to operate or use tools and equipment.

C6.2.31. BARRICADING

Work areas must be adequately barricaded to prevent unauthorised access.

- 3) Digging, excavation, or driving a peg, pile or spike into the ground operations by the *Contractor/contractor* may not commence without the written authorisation from the *Employer*.

- 4) Before commencing work on any excavation or trench, utility owners shall be contacted and advised of the proposed work and determine the location of all underground installations, i.e., sewer, telephone, water, fuel, electric, etc. Overhead hazards shall be assessed and dealt with before the commencement of work.
- 5) Adequate precautions shall be taken by the Contractor to prevent slumping of excavations, as well as to prevent rocks and loose material falling onto workers.
- 6) All excavations done by the Contractor are to be demarcated and barricaded to prevent accidental access.
- 7) Only solid barricading shall be used at areas where a fall hazard is present. Solid barricading and/or hole covers shall be provided around all holes or openings to prevent any person from being injured as a result of a fall. Danger tape may only be used as a pre-warning to make the solid barricading more visible and to prevent persons from coming close to the danger area.
- 8) Barricading must be placed as close (500mm from the edge) as possible to the excavation.
- 9) If excavation or trench endangers the stability of buildings or walls, shoring, bracing, or underpinning shall be provided. Excavations and trenches that are adjacent to backfilled excavations or trenches, or which are subject to vibrations from railroad traffic, road traffic, blasting in open cast mining or the operation of machinery (e.g., shovels, cranes, trucks), must be secured by a support system, shield system or other protective systems (i.e., sheet pile shoring, bracing).
- 10) Where it is impracticable to provide fixed guard railing, effective removable barriers shall be provided at all unguarded openings in guard railing and shall be maintained in position at all times until the hazard no longer exists.
- 11) Warning signs and flashing warning lights at night shall be displayed in suitable positions to warn any persons approaching the area of the location and extent of any excavation.
- 12) No material to be within 3m of the excavation edges.
- 13) All excavations must be on the register and inspected daily before work commences and after inclement weather by the contractor's appointed competent person declared safe and his findings noted in the said register.
- 14) The *Employer* to review the said register on a pre-determined frequency not exceeding seven (7) days.
- 15) Whilst work is being performed in an excavation, there shall be a supervisor, at all times.
- 16) Every twelve meters, there shall be an escape ladder, in all excavations.
- 17) Requirements in Construction Regulation 13 of the OHS Act, shall apply as well.
- 18) No work shall commence in an excavation unless the excavation has been declared safe in writing by the appointed competent person.
- 19) The *Contractor* shall not have more than thirty open pits at a time.

C6.2.32. WORK STOPPAGE

- 1) The section aims to outline the conditions under which work shall be stopped and the process to be followed to ensure that the worksite is rendered safe.

- 2) The temporary stoppage of an activity/activities or task(s) may be because SHE concerns, including the following circumstances which shall not warrant any financial compensation:
 - i. All work of a similar nature may be stopped due to the occurrence of a serious incident, and the relevant *Contractor* shall be required to comply with, and/or verify, the conditions stipulated in the work stoppage instruction pack.
 - ii. Ad hoc safety intervention by any person, especially SHE functionaries, may be due to unsafe work or unsafe behaviour by the *Contractor*. The conditions that gave rise to the work stoppage shall determine the corrective measures to be taken to protect the health and safety of employees and protect the environment and plant or equipment, etc.
- 3) The process to be followed is:
 - i. The relevant activity must be stopped.
 - ii. The *Employer's Agent* and/or *Contractor* and his contractors shall immediately remove the workforce from the work area and correct the health and safety deficiencies by allowing only the people in the area that are competent to make the area safe.
 - iii. The *Contractor* and his subcontractors shall ensure that no other work is being performed during this time. Should the estimated time from the outset to make the area safe where life-threatening/imminent danger situations exist, then the area shall be barricaded, and a sign placed with the wording "Unsafe Area – Authorized Access Only".
 - iv. The *Employer's Agent* shall review the affected parts/sections of the SHE specification to provide sufficient SHE information to the *Contractor*.
 - v. The *Contractor* shall then revise the relevant sections in the SHE plan to accommodate the changes.
 - vi. The *Employer's Agent* must ensure that the revised provisions in the SHE plan are adequate and must approve it before the work activity is commenced.
 - vii. Before the workforce is allowed back in the area, the *Contractor* and his subcontractors shall ensure:
 - that the area is re-inspected by Contractor Safety Officer and *Supervisor* and noting corrective actions taken.
 - declare the area safe for work by signing off on the "work stoppage" notice issued by the *Employer's Agent*.
 - refer to requirements of Construction Regulation 4(q) of the OHS Act.

NOTE: Work stoppages that are initiated due to SHE related shall not warrant any financial compensation claim lodged against *Employer*.

C6.2.33. SHE AUDITS/INSPECTIONS

The *Employer* reserves the right to conduct unannounced audits/inspections on contractors

1) Compliance and Approval of Contractor SHE Plan

The *Contractor's* SHE Plan shall be audited against a compliance checklist to confirm compliance with the requirements in the *Employer's* SHE specifications. Once there is compliance, the *Employer* shall approve the *Contractor's* SHE plan. The implementation of the SHE Plan shall be assessed by conducting systematic audits on site.

2) Contractor SHE Performance Evaluation

The *Employer* shall evaluate the *Contractor* SHE performance on an ongoing basis against the *Employer's* SHE specifications and requirements.

3) Internal Audits

Contractors are required to conduct monthly internal audits on both their employees and their contractors on the implementation of their SHE Plan or when the scope of work changes. A summary of the findings and the proposed corrective actions shall be submitted to the *Employer's Agent* on the last day of the audit. The report shall be submitted within one week after completion of the audit.

4) Third-Party Legal Compliance Verification Audits

The *Contractor* shall conduct a quarterly third-party legal compliance verification audit for the duration of the Framework Agreement. If *Contractor* has a third-party legal compliance verification audit that is to be conducted on the site activities, then a copy of the summary of the findings and the proposed corrective actions shall be submitted to *Employer's Agent*. The written report shall be submitted within one week after the completion of the audit.

5) SHE Plan Audits

The *Employer* shall conduct monthly audits conducted on the *Contractor* and/or contractors. These audits shall be attended by the *Contractor's* site manager or his representative. If there are any findings/non-compliance identified in these audits, work shall be stopped for that specific *Contractor* and contractor company.

C6.2.34. INVESTIGATION OF FATALITIES / INJURIES / DISEASES / NEAR MISSES

- 1) The *Contractor* shall report all incidents/accidents as required in terms of legislation including near-miss incidents, first aid, medical treatment, lost time incidents (lost-time injuries and fatalities); Section 24 and 25 incidents; electrical contact; major equipment damage; chemical spillage and other environmental incidents within 24 hours or before the end of the work shift.
- 2) All incident reporting, recording, classification and investigation shall be done according to the *Employer* requirements
 - i. Date, time and place of incident;
 - ii. Description of the incident;
 - iii. The root cause of incident/accident;
 - iv. Type of injury (if any);
 - v. Medical treatment provided (if any);
 - vi. Persons involved;
 - vii. Names of witness/s;
 - viii. Corrective action to prevent a recurrence
- 3) It is required that all corrective action is closed out within 3 months. If this is not practicable within the timeframe, then it is to be submitted at a later date agreed to by the *Employer's Agent*.

- 4) If it is found that the *Contractor* or his contractor are hiding/not reporting incidents, then steps (which may include disciplinary action) would be taken against the Line Management of the *Contractor* and contractor. Please note that providing the accident/incident investigation report does not exempt the *Contractor* from providing accident reports required by Statutory Authorities, in particular, the Contractors' responsibility for reporting accidents in accordance with the requirements of the OHS Act and COIDA Act.
- 5) The *Contractor* shall demonstrate that corrective action has been taken and that the action was communicated using the predetermined means to all *Contractor* staff affected. All corrective actions must be closed within 2 weeks from the date of issuing of the investigation report.
- 6) Feedback on the status of close out of corrective actions must be communicated at the relevant forums. The *Contractor* shall compile and implement the procedure for:
 - i. Reporting and investigation of incidents – This document sets out the procedures to be followed when reporting, recording and investigating incidents that occur on a construction site.
 - ii. Workplace Injury and Disease Recording – The purpose of this document should be a guide to the *Contractor* on how to accurately evaluate, define and categorise fatalities, injuries and occupational diseases in a data format for the calculation of performance indicators for health and safety.

C6.2.35. HEALTH AND SAFETY BEHAVIOUR OBSERVATIONS AND INSPECTIONS

The objective of behavioural safety observations is to assess and address the actual safe and unsafe behaviours of people in the workplace; as well as workplace conditions - which are caused by the actions or non-actions of employees, contractors or their supervisors.

C6.2.36. MONTHLY SHE STATISTICAL AND NON-STATISTICAL REPORTS

- 1) This section is to outline all the incidents the *Contractor* must report to the *Employer*, no later than the 2nd of every month, name of *Contractor*, name of each contractor and each company's performance, which includes the following as a minimum:
 - Incidents: Lost time, medical; first aid, near misses reported
 - Manpower numbers per *Contractor* and Contractor Company
 - Actual man-hours worked
 - Status on incidents investigated and recommendations closed out
 - Status on audits conducted and findings closed out.
- 2) The *Employer* shall define and provide a reporting template.

C6.2.37. OMISSIONS FROM THIS SHE SPECIFICATION

By drawing up this SHE specification, the *Employer* has endeavoured to address the most critical aspects relating to SHE issues to assist the *Contractor* to adequately provide for the health and safety of employees on site. Should *Employer* not have addressed all SHE aspects pertaining to the work that is tendered for, the contractor needs to inform the *Employer* of such issues when submitting the tender, and also include them in his SHE plan.

C6.2.38. SHE FILE

The *Contractor* must have a SHE File in which records of this specification and the SHE plan are kept, for the duration of the project. The *Contractor* must be kept on the site and be made available on request for audit and inspection purposes. At the end of the project, the SHE File shall be handed over to the *Employer* for recordkeeping.

C6.2.39. CONTRACTOR'S ACCOUNTABILITIES FOR THEIR CONTRACTORS

- 1) If the *Contractor* needs to introduce a new contractor, the *Contractor* must first inform the *Employer* and obtain his approval. Such contractors must, in every respect, meet the *Employer's* SHE requirements.
- 2) Should the *Contractor* appoint a contractor, the *Contractor* would then have the same role and responsibility in relation to the contractors, in a similar way as the *Employer* has in relation to the *Contractor*.
- 3) The *Contractor* is directly accountable for the actions of his contractors. The *Contractor* shall be responsible for initiating any remedial action (recovery plan) that may be necessary to ensure that the contractor complies with all requirements.
- 4) The *Contractor* shall ensure that the contractors appointed have the necessary competencies and resources to perform the work safely. The *Contractor* shall provide any contractor who is making a bid or appointed to perform construction work, with the relevant sections of the documented SHE specification. Upon review of the contractor's SHE Plan, the *Contractor* shall provide the *Employer* with the said document for approval.
- 5) The *Contractor* shall carry out audits on the contractor at least monthly to ensure that their SHE plan is being implemented and maintained.
- 6) The *Employer* reserves the right to conduct health and safety audits on the contractor. Any non-conformances or findings or observations found in these audits shall be raised and discussed with the relevant *Contractor* (with whom the contractor is contracted with).
- 7) The *Employer* and/or the *Contractor* shall stop any contractor from executing construction work which poses a threat to the safety and health of persons or the environment or non-compliance to the approved SHE plan. The *Contractor* shall have a disciplinary process or an organisational procedure to deal with employees who have transgressed organisational requirements.

C6.2.40. HOURS OF WORK

All Works shall fall within the legal requirements in accordance with the Basic Conditions of Employment Act. The *Contractor* and his contractors shall notify the *Employer's Agent* of any work that needs to be performed after hours according to the agreed arrangements. The application needs to be submitted timeously, at least within the notice period of the contract.
